CONTENTS FOR DECEMBER 1914.

PART I, IN EXTENSO.

I. REVENUE.

PAGES

SECTION 1—LAND REVENUE.

No. R. 4009-21—L. R. 522-13-5, dated 1st—

Laying down rules for the grant of land under the scheme for the creation of large landed estates ... ... 1—9

No. R. 5042-89—L. R. 408-14-1, dated 11th—

Passing orders on the scheme regarding the restoration and construction of minor tanks ... ... 10—14

No. R. 4439-48—L. R. 272-13-2, dated 8th—

Directing that, in modification of Government Order No. R. 2098-2107—L. R. 204-12-2, dated 14th October 1912, one Barabaluti Register be maintained for all the five classes of village offices 16

No. R. 5605-14—L. R. 10-14-71, dated 26th—

Prescribing a form of register for recording the progress made by the Village Committees ... ... 17—19

No. R. 4452—L. R. 299-12-6, dated 9th—

Reversing the order of the Revenue Commissioner, cancelling the darkhast sale of Survey No. 46/2 of Anehalli village, Dudda hobli, Hassan Taluk, and observes that the period of limitation for the exercise of powers of revision under Section 217 of the Land Revenue Code should not ordinarily exceed that allowed for appeals 20

No. R. 5533-5—R. M. 238-04-13, dated 2nd—

Ordering the levy of an acreage cess of 8 annas from the holders of lands under certain tanks in the Shimsha basin, Mysore District, in commutation of their liability to do the annual maintenance work 21

No. R. 5443-52—L. R. 10-14-68, dated 21st—

Authorizing the issue of certificates in the prescribed form in recognition of the meritorious work done under the Village Improvement Scheme ... 22—24

No. R. 5724-34—L. R. 194-13-10, dated 31st—

Passing orders regarding expansion of cultivation under the block system of irrigation under the Marikanave Reservoir ... ... 25—27

No. R. 5635—L. R. 493-13-7, dated 26th—

Reversing the order of the Revenue Commissioner cancelling the sale for arrears of revenue of Survey No. 70 of Belalagere village, Channagiri Taluk, with the observation that a sale should not be cancelled on an award of money compensation to the auction purchaser, when he does not consent to it... 28

No. R. 5711-20—L. R. 369-14-2, dated 31st—

Issuing further instructions in regard to the continuance during the currency of the revision settlement of the concession of one-fourth remission enjoyed by the owners of private enterprise tanks 29

SECTION 2—LAND SURVEY.

No. R. 4075-4122—L. S. 24-14-2, dated 2nd—

Observing that the practice of re-employing men who have retired on superannuation pension should be discouraged, except to the very limited extent laid down in Article 364 of the Mysore Service Regulations 1

PAGES

No. R. 4394-403—L. S. 14-14-4, dated 8th—

Disapproving of the separate demarcation of the component parts of composite survey numbers by erection of permanent bandhs, as being laborious, expensive and out of all proportion to its utility 2

No R. 4239-50—L. S 12-13-5, dated 4th—

Sanctioning the revision of assessment of 240 villages which formed the late Kavaledurga Taluk but now constitute the present Tirthahalli Taluk ... 3—27

SECTION 3—AGRICULTURE.

No. R. 4404—Agri. 26-13-12, dated 8th—

Recording the statement of cattle mortality in the several districts during the year 1913-14 ... ... 1—2

No. R. 5384-431—Agri 5-14-31, dated 21st—

Directing the disbursement of grain compensation allowance to officials of Government Establishments in certain taluks of the State for the month of December 1914 3

SECTION 4—FORESTS.

No R. 5432-42—Ft. 54-14-3, dated 21st—

Approving of the amendment of the heading of column 4 of Form No. 10, Forest Code, 1st Edition 1

No. R. 5465-76—Ft. 89-14-5, dated 21st—

Reviewing the Administration Report of the Forest Department, for the year 1913-14 ... ... 2—4

No. R. 5689-98—Ft 76-14-6, dated 31st—

Permitting raiyats to remove thorns and prickly shrubs from Amrut Mahal kavals, on *Mafi* licenses to be granted by the Amrut Mahal subordinates... 5

No. R. 4052-5—Ft. 114-13-4, dated 2nd—

Approving of the settlement of the Gangadharan Gudda Block in the Kankanhalli Taluk and its constitution into a State Forest ... ... 6—21

SECTION 5—REVENUE MISCELLANEOUS.—*Nil.*

II. FINANCIAL.

SECTION 1—GENERAL FINANCE.

No. Fl. 2502-50—G. F. 10-14-13, dated 7th—

Directing the addition of the name of Messrs. Saxley Farmer, Ltd., Bombay and Calcutta, in the appendix to Government Order, dated 23rd December 1913 1

No. Fl. 2656-704—G. F. 10-14-20, dated 11th—

Including the firm of Messrs. Heatly and Gresham, Ltd., Bombay, in the appendix to Government Order No. Fl. 2760-809—G. F. 214-10-88, dated 23rd December 1913 2

SECTION 2—SEPARATE REVENUE.—*Nil.*

SECTION 3—BANKING.—*Nil.*

SECTION 4—SALARIES AND ALLOWANCES.—*Nil.*

SECTION 5—CIVIL ACCOUNTS.—*Nil.*

SECTION 6—STATISTICS AND CENSUS.—*Nil.*

III. JUDICIAL AND LEGISLATIVE.

SECTION 1—LEGISLATION.—*Nil.*

SECTION 2—COURTS.—*Nil.*

SECTION 3—PRISONS AND JAILS.—*Nil.*

SECTION 4—REGISTRATION.—*Nil.*

PAGES

SECTION 5—POLICE.

No. J. 1909-17—Police 1-13-4, dated 22nd—

Recording the Report on the Working of the Mysore Arms Regulation and Rules framed thereunder, for the calendar year 1913 ... ... 1—6

IV. LOCAL FUND AND SANITARY.

SECTION 1—LOCAL BOARDS.—*Nil.*

PART I.

PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 1373, dated 25th April 1914, from the Secretary to the Mysore Economic Conference, submitting for the orders of Government the proposals of the Agricultural Committee of the Economic Conference for the creation of large self contained landed estates in the State.

(Printed as accompaniment with its enclosures.)

No. R. 4009-21—L. R. 522-13-5, DATED BANGALORE, 1ST DECEMBER 1914.

ORDER THEREON.—After careful consideration of the suggestions of the Agricultural Committee on the subject of the creation of self contained farms, Government are pleased to approve generally of the scheme and to issue the accompanying rules, tentatively for a period of five years, for the grant of lands thereunder. The rules will be published in the Gazette.

2. The Revenue Commissioner, the Secretary Economic Conference, and the Deputy Commissioners of Districts are requested to give wide publicity to the rules; and applications for the grant of lands under the rules should be promptly dealt with.

3. A report should be submitted at the end of one year as to how far the people in the State have availed themselves of the facilities granted by the rules and whether, and, if so, in what respects the rules may be revised.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary, Mysore Economic Conference.
The Revenue Commissioner in Mysore.
The Excise Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Superintendent, Amrut Mahal Department, through the Military Secretary to His Highness.
The Superintendent, Mysore Revenue Survey and Settlements.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore,

ACCOMPANIMENT No. 1.

Rules for the grant of land under the scheme for the creation of large land estates.

1. Each estate will consist of one or more survey numbers situated in a compact block not less than 50 and not more than 200 acres, provided that no block small contain more than 50 acres classed as wet or garden land.

2. Where a block consists of both dry and garden lands, and it is not possible to have them contiguous, each class may be in a separate block, situated within a reasonably convenient distance.

The following classes of land will be made available for forming such estates:—

(*a*) Assessed waste lands.
(*b*) Unassessed lands not allotted for any communal purpose.
(*c*) Bechirakh villages.
(*d*) Gomal lands which may be made available without prejudice to the interest of the village cattle.
(*e*) Date and forest reserves and Amrut Mahal kavals which are not required by the departments concerned.

3. A list of all available lands of the classes described above will be published in the Gazette from time to time by the Deputy Commissioners and applications invited therefor. But applicants will be free to select lands not so notified, and apply to the Deputy Commissioner for their being granted under these rules.

4. Persons desirous of taking up lands under the scheme should, after selecting the lands required by them, apply to the Deputy Commissioner of the district in which the lands are situated with a rough sketch or map of the lands selected by them showing also the boundaries thereof.

5. Each application should contain the following information:—
(*a*) Whether the applicant is a native of Mysore, or whether he has settled down in Mysore and how long he has resided there;
(*b*) what capital he is prepared to invest;
(*c*) whether he intends to introduce any new crops or new or improved agricultural processes;
(*d*) whether he means to undertake any special agricultural industries, such as dairy farming, cattle breeding, etc., and
(*e*) whether he is likely to require the advice of the Agricultural Department.

6. Whenever an application is received for any block not advertised in the Gazette as available, a notice of such application will be published in the Gazette.

7. No application will be disposed of before the expiry of three months after a description of blocks applied for and available has been published in the Gazette.

8. An upset price will be fixed for each block but it will be discretionary with Government in cases in which a large outlay is required to bring the lands under cultivation or for other reasons, to allow the upset price to be paid in instalments or in exceptional cases of hardship to remit it altogether.

9. Where more than one application are received for the same block, it will be sold by public auction.

10. When an application has been received, the Deputy Commissioner, after causing such enquiry as he may consider necessary to make, shall forward it to Government through the Revenue Commissioner with his recommendation for sanction.

11. Lands granted under the scheme will be held free of assessment for the first five years, on $\frac{1}{8}$th, $\frac{1}{4}$th, $\frac{1}{2}$ and $\frac{3}{4}$ths assessment during the 6th, 7th, 8th and 9th years, respectively, and on full assessment from the 10th year and onwards from the date the land is taken possession of by the applicant.

12. The successful applicant will be at liberty to use a part of the land in providing pasturage for the cattle, house sites for building houses for agriculturists employed on the estate and in erecting farm houses and other buildings which may be considered necessary for the better cultivation of the land or its more convenient occupation for purposes of agriculture. The assessment will however be payable on the whole block granted to the applicant according to Rule 4.

13. The grantee should bring under cultivation 50 per cent of the area remaining after deducting the portion utilised in the manner referred to in Rule 12 above within the first five

Land Revenue, dated 1st December 1914.

years from the date of occupying the block and a proportionate area every year of the remaining period, *viz.*, five years.

14. The grantee should also put up farm-houses and cattle sheds within the first year of the grant. But the Deputy Commissioner may relax this condition if he is satisfied that the applicant is otherwise making strenuous efforts to work the farm.

15. No private alienations by sale, gift, mortgage or otherwise of the blocks will be permitted or recognised by Government and no loan will be sanctioned by Government on the security of the land included in the estate before full assessment is paid and title-deed granted by the Deputy Commissioner.

16. Each estate created under these rules will be regarded as a single unit and may not be partitioned without the sanction of Government; and a breach of this clause will render the whole occupancy liable to forfeiture.

17. A muchalika should be obtained from every grantee setting forth the conditions of the grant and any breach thereof will render the grant liable to be cancelled by Government.

18. The Agricultural Department will, on application through the Deputy Commissioner, give free of cost such advice as may be conducive to the better cultivation of the holding.

19. Grants under these rules will be made only to *bona fide* subjects of the Mysore State or to those who have settled down permanently therein as active agriculturists; and Government reserve to themselves the power to reject any application without assigning any reason.

Proceedings of the Government of His Highness the Maharaja of Mysore.

ACCOMPANIMENT (2).

Letter No. 1373, dated 25—27th April 1914, from C. S. Balasundaram Iyer, Esq., B. A., Secretary to the Mysore Economic Conference, Bangalore, to D. M. Narasinga Rao, Esq., B.A., B.L., Offg. Secretary to the Government of His Highness the Maharaja, General and Revenue Departments.

With reference to your letter No. R. 7789—L. R. 206-11-2, dated 22nd June 1912, stating that, in regard to the proposal of creating large self contained farms, if the Agricultural Committee works up and submits a practical scheme, it will receive the sympathetic consideration of Government, I have the honour to forward herewith for the favourable consideration and early orders of Government copy of letter No. 733, dated 8th December 1913, together with the copies of the marginally noted correspondence, from the Secretary, Agricultual Committee, submitting extract of para 9 of the Proceedings of the twenty-first meeting of the Committee with a copy of the recommendations of the Sub-Committee as finally adopted by the Committee, in regard to the proposal of creating large landed estates.

Letter No. 234, dated 20th—21st January 1914.
" No. 1119, dated 18th February 1914.
" No. 1354, dated 26th March 1914.
" No. 743, dated 11th December 1913.

2. The subject was placed before the Standing Committee of the Economic Conference at a meeting held on the 14th April 1914, and the Committee resolved "that the recommendations of the Agricultural Committee be submitted to Government for favourable consideration." The Standing Committee would suggest the addition of one condition, *viz.*, "that no land granted under the scheme should be partitioned without the sanction of Government."

3. An extract from the Proceedings of the Standing Committee containing the resolution of the Committee is also forwarded herewith for information.

ENCLOSURE 1.

(To Accompaniment 2)

Creation of Large Landed Estates.

1. *Final Report of the Sub-Committee as adopted by the Agricultural Committee.*—All the applications till now received have been analysed in three Statements A, B and C.

2. Statement A shows that 31 (thirty-one) persons have applied for 47 (forty-seven) blocks of an aggregate extent of 4,429 (four thousand four hundred and twenty-nine) acres situated in the districts of Bangalore, Mysore, Kadur, Tumkur, Hassan and Chitaldrug, of whom 25 (twenty-five) are prepared to invest a total capital of Rs. 1,20,190 (one lakh twenty thousand one hundred and ninety). Six of the applicants have not stated the capital they are likely to invest.

Most of the lands applied for are included in the statement of assessed waste lands published by the Committee.

3. Statement B shows that 68 (sixty-eight) persons have applied for varying extents of land which they have not definitely specified and some of which are not found in the printed list. Printed lists have been sent to them and further particulars from them are awaited.

4. Statement C shows that 56 (fifty-six) persons are desirous of taking up lands under the scheme and have applied for information.

5. It has to be borne in mind that the Committee have no power to grant lands, while most of the applicants are desirous of getting the lands as early as possible. The Committee have reason to believe that if they had the power of granting the lands, the number of *bona fide* applicants would have been far greater and that as soon as the Government are pleased to announce their final decision in the matter and rules are published for the speedy grant of lands under the scheme, a good number of capitalists would take advantage of it.

6. Therefore the response to the notifications issued by the Committee received from the public has been so satisfactory that the Committee might without hesitation request Government to make a cautious trial in the direction of the formation of large landed estates.

7. The Committee accordingly beg to recommend the following scheme for the favourable consideration of Government. In the opinion of the Committee, Government may tentatively sanction the following rules with such modifications as may be deemed necessary for a period of ten years and in the light of the experience gained, legislation may be adopted to make such holdings a permanent feature of the Mysore Land Revenue System.

Land Revenue, dated 1st December 1914.

(1) *Special rules for the creation of large landed estates in Mysore.*—With a view to give adequate encouragement to educated and enterprising men desirious of investing capital in improved methods of agriculture and to bring into existence a class of gentlemen farmers whose estates would serve as so many model holdings to the surrounding raiyat population, the Government of His Highness the Maharaja are pleased to order the creation of holdings consisting of one or more survey numbers in a contiguous block as far as possible ranging from 50 to 150 acres and more out of (*a*) assessed waste lands, (*b*) unassessed lands not allotted for any communal purpose, (*c*) *bechirak* villages, (*d*) lands set apart for gomal where available without prejudice to the interests of the village cattle, (*e*) *Shendi vanams* which do not at present bring any appreciable revenue to Government and (*f*) Amrut Mahal kavals which may be far in excess of the actual needs of the department.

(2) Persons desirous of having large landed estates under this scheme should first select the blocks from the lands described in the above Rule 1, and apply to the Deputy Commissioner of the District in which the lands are situated with a rough sketch or map of the land selected by them. The sketch may be a mere tracing from the village map indicating briefly the situation of the block and the boundaries thereof. The Amildars of the taluks should deem it a part of their duty to give all possible aid to *bona fide* applicants for preparing the sketch.

(3) The applicants should clearly state in their applications to the Deputy Commissioners (*a*) what capital they are prepared to invest, (*b*) what crops they intend to cultivate, (*c*) whether they would abide by the advice of the Agricultural Department, (*d*) whether they would use improved agricultural implements, and (*e*) whether they intend to have a dairy-farm or take to sheep or pony breeding.

(4) The applicants should clearly understand that no loans would be granted by Government on the security of these lands in their present condition and that the essential condition of success is the capacity and willingness of the applicant to invest the necessary capital and to devote his personal attention for making the concern a success.

(5) The only concession available under the scheme would be the grant by Government of the selected blocks either wholly free of assessment or partially free of assessment, for a certain number of years till the lands are brought fully under cultivation and begin to yield a fair return.

(6) The applicants should agree to bring under cultivation within the first five years from the date of grant not less than 50 per cent. of the area of the whole block and to bring every year under cultivation proportionately the necessary area.

(7) The applicants are expected to put up farm-houses and cattle sheds within one year from the date of the grant. This condition may, however, be dispensed with if the Deputy Commissioner is satisfied that otherwise the applicant is making strenuous endeavours to work the farm.

(8) Government may order lands under this scheme to be granted wholly free of assessment for the first five years, to levy from the sixth year one-eighth of the assessment, from the seventh year one-fourths of the assessment, from the eighth year half of the assessment, for the ninth year three-fourths of the assessment, and thus to levy the full assessment on a graduated scale in a period of ten years from the date of the grant.

(9) When a *bona fide* applicant selects the blocks and the Deputy Commissioner is satisfied that the applicant is both capable and willing to transform it into a large landed estate, the Deputy Commissioner will, if the applicant desires to have the advice of the Agricultural Department in regard to the quality of the soil and the prospects of his scheme, address the Director of Agriculture on the subject and the Director of Agriculture will make available to the applicant free of cost such advice as the department can give in the matter.

(10) While the applicants may be given the discretion to set apart lands for grazing, putting up sheds, etc., as may suit their requirements, they should understand that the whole of the assessment due on the lands comprised in the block on the date of the grant would be levied from the tenth year of the grant and no portion of the lands would be free of assessment after the expiry of the first ten years, the only exception being the land used for putting up farm-houses and other buildings.

(11) The lands under this scheme would for the present be granted on a special contract with the applicants entered into by the Deputy Commissioners on behalf of Government on the lines indicated in the scheme and the applicants should signify their willingness to work the farms as a whole and never to authorise its sub-division. The blocks will be impartible but not inalienable.

(12) After a sufficiently large number of blocks are brought under cultivation and when the Government are assured of the success of the scheme, special legislation on this point will

be undertaken. The Government reserve to themselves the power of cancelling the grant if, in the meantime, any of the stipulations are violated.

(13) Each grant under the scheme should be sanctioned by Government on the recommendations of the Deputy Commissioners of Districts.

(14) No private alienations or transfers will generally be recognised by Government before full assessment is paid on the blocks.

(15) The district and taluk authorities should, as a rule, dispose of applications under the scheme within a period of three months from the date of the application. The Deputy Commissioners of Districts will communicate to the Agricultural Committee of the Economic Conference the number of applications received and the result of action taken thereon once in three months.

ENCLOSURE 2.

(To accompaniment No. 2.)

Letter No. 733, dated 8th December 1913, from the Secretary, Agricultural Committee, to the Secretary, Mysore Economic Conference, Bangalore.

With reference to General and Revenue Secretary's letter No. R. 7789—L. R. 206-11-2, dated 22nd June 1912, to the address of the Provisional Secretary, stating that in regard to the proposal of creating large self contained farms, if the Agricultural Committee "works up and submits a practical scheme, it will receive the sympathetic consideration of Government," I am directed to submit herewith for the favourable consideration and early orders of Government extract of para 9 of the Proceedings of the twenty-first meeting of the Committee held on the 2nd December 1913, together with a copy of the recommendations of the Sub-Committee as finally adopted by the Committee.

ENCLOSURE 3.

(To accompaniment No 2)

Para 9 of the Proceedings of the twenty-first monthly meeting of the Agricultural Committee, held on the 2nd December 1913.

---

9. *Creation of large landed estates.*—The final report of the Sub-Committee consisting of Dewan Bahadur Mr. K. P. Puttanna Chetty, Rao Bahadur Mr. D. Sharma Rao, Mr. C. Srinivasa Rao and Mr. D. Venkatramayya on this subject, was read, para by para, discussed and adopted with a few alterations by the Committee. The report is printed as appendix.

Resolution 5.—That the above report be recommended to Government for final orders.

ENCLOSURE 4.

(To accompaniment No. 2.)

Letter No. 743—A. C., dated 11th December 1913, from the Secretary. Agricultural Committee, to the Secretary, Mysore Economic Conference, Bangalore.

With reference to Government Order No. R. 7756-9—Ft. 87-12-7. dated 18th June 1913, and your Official Memorandum No 57 (A) E. C., dated 10th July 1913, making available the services of Mr. C. Venkata Rao, Forest Settlement Officer, for work under the Committee, I am directed to submit herewith for the information of Government a copy of letter No. 14, dated 1st November 1913, together with its enclosures, from the Forest Settlement Officer in Mysore, submitting the report of work done by him during the quarter ending 31st October 1913.

ENCLOSURE 5.

(To accompaniment No. 2.)

Letter No. 14, dated 1st November 1913, from the Forest Settlement Officer in Mysore, to the Secretary, Agricultural Committee, Mysore Economic Conference, Bangalore.

Adverting to the Mysore Economic Conference Official Memorandum No. 55, dated the 10th July 1913, I have the honour to submit the following brief report of work done by me in

Land Revenue, dated 1st December 1914.

connection with the scheme for the creation of large landed estates, during the quarter ending with the 15th October 1913.

2. I commenced my work from the 22nd July 1913 in the Mysore District, where some ten blocks were awaiting settlement and in the Chitaldrug District when I went there in August 1913 in connection with the settlement of the Kudarekanve Extension. During my tour, I visited portions of the Mysore, Nanjungud, T.-Narsipur and the Hunsur Taluks of the Mysore District and the Hosdurga Taluk of the Chitaldrug District and explained to some of the important raiyats and merchants whom I met, the details of the scheme before the Agricultural Committee, relating to the formation of large landed estates in the State and the advantages of having such model holdings.

3. In all, 14 applications were received by me, 4 of them were submitted to the Deputy Commissioner, Mysore District, as they related to lands not shown in the printed list published by the Agricultural Committee with their Notification dated 29th April 1913, as on personal inspection I was satisfied that the lands applied for were well suited for being converted into model holdings and that the applicants concerned, showed great willingness to co-operate with the Agricultural Committee in making the scheme before them a success. Four were returned to the parties for submission to the Deputy Commissioner. Five of the applications though relating to the blocks mentioned in the printed list in question, did not contain information about the survey numbers; and they were accordingly forwarded to the Amildar concerned for supplying the omission. The application made by one Narayana Raju for lands in the Bangalore Taluk was submitted to the Chairman of the Agricultural Committee with my recommendation.

4. I herewith submit copies of my diaries for the months of July, August and September 1913, for kind perusal.

5. The object of the Agricultural Committee seems to me to improve the lot of the middle class raiyats; but I am afraid that this result cannot be achieved as they entertain grave misgivings as to whether their efforts will be crowned with any success. For, most of the lands shown in the printed list are least fitted for being made into model holdings owing to their situation from the raiyats' dwelling houses and the poverty of the soil. Besides, there has been agricultural expansion going on year after year in the State since the late famine of 1877 and the assessed waste lands still remaining are not such as to attract attention of any speculator.

6. To ensure success of the scheme I venture to suggest that some of the superfluous Amrut Mahal kavals, date groves and portions of the State Forests, may be specially made available for being converted into large landed estates in the Province.

ENCLOSURE 6.

(To accompaniment No. 2.)

Diary of Mr. C. Venkata Rao, Forest Settlement Officer in Mysore, for the months of July, August and September 1913.

Twenty-second July, Tuesday 1913.—Arrived at Mysore by the Mail train. Met Sowcar Thimmiah and explained to him the object of the Agricultural Committee and the lines on which application should be made. He was agreeable to the conditions referred to in the Agricultural Committee's notifications and promised to make an application accordingly.

Twenty-third, Wednesday.—Messrs. K. Narasimhia, H. R. Rangaswamiengar, and Devoji Rao of Yedatore met me and I discussed with them the advantages arising from self contained farms. They seemed to be very eager about owning some of these farms.

Twenty-fourth, Thursday.—Mr. Swaminatha Iyer saw me. He wants to go in for lands near the Lakshmipura village for about 100 acres. This is not in the list. Information will be obtained from the District office about his application. Mr. Srinivasa Rao, Inspector of schools, Mysore, has got a very laudable idea, *viz.*, of colonising the deaf and dumb people of his school on some of the blocks contained in the list and he has promised to send me an application containing the required information.

Twenty-fifth, Friday.—Proceeded to Nanjangud by the morning train. As the Amildar was absent from headquarters I stayed at Nanjangud. In the afternoon I sent for some of the respectable persons of the place and informed them of the manifold advantages arising from a self-contained farm. But as they possess extensive paddy fields, they did not seem to like the idea of creating large farms.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Twenty-sixth, Saturday.—The Amildar and the Mysore Public Works Department Sub-Division Officer met me in the morning and we proceeded to Kalale and Muddanahalli. The leading men in the former village are desirous of owning large landed estates and showed me some lands in the Muddanahalli village. (Survey No. 111, etc.) These are well stocked with date trees and the soil is good. Besides, they can be irrigated by a tank (Mugana Tank) which is just above them. But the tank appears to have been abandoned several years ago. As the feeder channel drawn from the Gundal river to fill the Kalale tank, runs within a few yards high above the former tank, the Public Works Department Officer was of opinion that the tank could be improved and fed by the said channel. If this is done, the lands mentioned above will form a model holding for growing dry crops and *bagayet* crops, *viz.*, sugarcane and plantains.

27th, Sunday.—Rode with the Amildar and the Public Works Departmental Sub-Division Officer to Hullahalli, where I met some of the respectable men of the place. Explained to them the notification issued by the Agricultural Committee regarding the creation of large landed estates in the Province, where I was informed by them that near Rampur and Kemballu, there are some large blocks of Government waste lands. In the afternoon, inspected these lands; no doubt for growing dry crops they are good As no irrigational facilities exist in the locality, none came forward to take up any of these blocks. As the river runs close to Hulhalli and Rampur which are populous villages (both are village unions) and as a large extent of lands on either bank is cultivated with dry crop only owing to their being situated above the Hulhalli and Rampur channels, I advised them to grow some commercial crop on them by irrigating them by means of oil engines; the raiyats fell in with this view and promised to form a co-operative society and contribute funds for purchasing oil engines.

28th, Monday.—From Hulhalli to Nanjangud and thence to Mysore by the evening train.

29th, Tuesday.—Had a talk with some gentlemen in the Mysore City (*viz.*, Messrs. Rangaswami Iyengar, Swaminatha Iyer, Thimmiah and Lakshmipathia) and made enquiries regarding the blocks belonging to the Mysore Taluk. They are not of much use as the soil is gravelly; besides, labour is not available. Nor do there exist irrigation facilities. One of them mentioned to me that in the Lakshmipura village there is an extensive tract which can be converted into either wet or bagayet lands at some outlay. Mr. Swaminatha Iyer was very eager to take up these lands and asked me to inspect and report upon them. As these are not shown in the printed list of lands furnished to me I hesitated to make an inspection.

30th, Wednesday.—In the morning went to the Deputy Commissioner and had a talk with him regarding the work entrusted to me. He was also of the opinion that very few of the lands included in the lists were inspected before submission of the same and that most of them might not be suited for the purpose for which the lists were prepared. I brought to his notice the existence of Lakshmipur block as well as my doubts regarding my competency to inspect it. He was of opinion that he would be very glad if I could inspect all available blocks fit for being converted into large holdings even if they are not included in the list and asked me to inspect the block in question and report upon it. Accordingly I proceeded at once to Lakshmipura and inspected the block. Its Survey No. is 148, a portion of which is a hollow on either side of a jungle stream and contains rich alluvial soil which would tempt a capitalist to convert it into bagayet. About 100 acres of the hollow is a date grove containing about 4,000 trees If the project of extending the Virijanadi channel is sanctioned, the entire block is capable of being irrigated. I ascertained that about 700 trees were tapped last year which yielded about Rs. 1,000. If the extension of the above channel becomes an accomplished fact owing to the dampness of the locality, the date grove will disappear. Then the block is sure to give us an annual assessment of Rs. 2,000. In that case there can be no difficulty to subordinate the interests of the Excise Department to those of the Revenue Department. The block is about 1½ miles from the high road and a portion of it lies between the Rajaparamesvari channel and the sluice channel issuing from the Channahalli yaddu. Owing to this advantageous position the block bids fair to become a valuable property. We can divide it into six convenient blocks to be converted into model holdings. Labour is easily obtainable.

31st, Thursday.—Received the applications of Messrs. Swaminatha Iyer and Sowkar Thimmiah for 150 and 120 acres respectively, in the above block.

Left for Mandya at 11-40 A.M. by the Mail train.

The Amildar was absent. Sent for the Head Gumasta and Head Munshi and collected some information about some of the blocks in the Mandya Taluk, which is not encouraging.

Land Revenue, dated 1st December 1914.

1st August 1913, Friday.—In the morning sent for some of the Municipal members and merchants of Mandya and had a discussion with them regarding the information of self contained farms in the Mandya Taluk. They were also told what blocks were available for being applied for now. They did not take any interest in the discussion and told me point blank that they were not willing to go in for any of these blocks. In the afternoon left for Bangalore by the Mail train.

25th August, Monday.—In the morning, rode with the Amildar of the Hosdurga Taluk to the villages of Kachawar, Kappagere and Jogammanahalli which abut on the water-spread of the Marikanve lake, to inspect some of the large blocks of lands which were reported by the Amildar as fit for being converted into self contained farms. As the soil is stony and otherwise wretchedly poor, no speculator would invest capital in bringing these lands under cultivation. I explained to the assembled raiyats the advantages of owning model holdings and returned to Hosdurga.

28th September, Sunday.—From Hunsur to Belikere. In the afternoon inspected blocks Nos. 68 and 69 in the villages of Shanbhoganahalli and Sravannahalli shown in the printed list prepared by the Agricultural Committee. As they appear to be well suited for cultivation purposes, induced the patel of Belikere and his brother who seemed to be eager to own large holdings to take up these lands They promised to put in applications for the blocks in question. Returned to Belikere late in the evening.

ENCLOSURE 7

(To Accompaniment No. 2)

Extract from the Proceedings of the Second Meeting of the Standing Committee held on the 14th April 1914.

* * * * *

Letter No 733, dated 8th December 1913, from the Secretary, Agricultural Committee, forwarding for the favourable consideration of Government extract of para 9 of the Proceedings of the 21st meeting of the Agricultural Committee with a copy of the recommendations of the Sub-Committee as finally adopted by the Committee, in regard to the proposal of creating large landed estates.

A note on the subject drawn up by the Secretary was read and discussed. (Printed as Appendix B) It was proposed to add a condition that no land granted under the scheme should be partitioned without the sanction of Government

At the instance of Mr. K. P Puttanna Chetty it was unanimously resolved that the recommendations of the Committee with the addition above referred to be submitted to Government for favourable consideration

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ AGAIN—

(1) Government Order No R 5251-61—Agri 626-03-6, dated 15th December 1904, sanctioning revised rules regarding the restoration of minor tanks and maintenance of tanks in general.

and (vi) Mr D. Venkataramayya, Advocate.

READ ALSO—

(4) Government Order No. R. 6464-74—L. R. 193-13-2, dated 28th April 1914, sanctioning the revision of the Maramat Establishment, under Deputy Commissioners, tentatively for a period of three years from 1914-15.

No. R. 5042-89—L. R. 408-14-1, DATED BANGALORE, 11TH DECEMBER 1914.

ORDER THEREON.—The question of the revision of rules for the restoration of minor tanks has been discussed at the annual sessions of the Representative Assembly for many years past and has also engaged the attention of Government for some time. The minor tanks form an important part of the irrigation system of the State and the agricultural prosperity of the people is intimately bound up with their preservation in a satisfactory condition. But the progress of the work of restoration under the existing rules has been slow and unsatisfactory.

During the last 25 years, only about 2,500 tanks have been restored and there are yet nearly 19,500 tanks awaiting restoration. All these tanks, both restored and unrestored, have been undergoing a certain amount of deterioration by the natural process of silting; and it is doubtful whether the restoration work done hitherto, which has been barely at the rate of 100 tanks per annum, has been sufficient even to make good the loss due to silting. The resources of the State in respect of water-supply from these tanks seem, if anything, to have undergone diminution in recent years. This state of things must be ascribed partly at least to the fact that while formerly the raiyats had the entire responsibility to maintain the tanks in an efficient working condition, the responsibility is now divided between the Government and the raiyats. The necessity is therefore obvious to pursue an active and vigorous policy in the future and stimulate private enterprise.

2. The objections that have been urged against the existing scheme are mainly three, namely, (1) that the distinction between major and minor tanks as regards restoration has no logical basis and that it imposes a hardship on the raiyats holding lands under minor tanks; (2) that the stipulation that the earthwork must be done by the raiyats before Government would take up stone work acts as a check on the work of restoration; and (3) that sufficient trained establishment is not available to advise the people and give them help in the preparation of plans and estimates.

3. The request for the abolition of the distinction between major and minor tanks has undoubtedly a large volume of public opinion in its favour. But Government are not in favour of abolishing this long-standing and well-recognised distinction. Two vital considerations have influenced them in arriving at this decision. In the first place, it is not possible for Government with the resources at their disposal and the agency they can command, to deal satisfactorily with the large number of tanks that await restoration. In the second place, most of the minor tanks in the State owe their existence to private enterprise in the past, and sound policy as well as considerations of rapid progress demand that the spirit of self-help should be encouraged among the people, Government aiding them by substantial contributions and concessions as required.

4. Government recognise that there is some force in the other objections urged against the existing scheme. Steps have already been taken to improve the personnel and efficiency of the District Maramat Establishment by allotting a Gazetted Officer to each district and a Sub-Overseer to each Revenue Sub-Division at an aggregate extra cost of Rs. 42,312 per annum. A rough scheme for dealing with the whole question was formulated, circulated to the members of the Representative Assembly and was discussed by them at the last session of that body. The Assembly discussed the details and finally expressed themselves in favour of the main principles outlined in the scheme.

5. The rules as finally sanctioned by Government are annexed to these proceedings (*vide* Appendix A). The main provisions of the scheme are:—

(1) that, in lieu of the existing system, the raiyats will be required to contribute one-third of the total cost of restoration including earthwork and stone or masonry work, the other two-thirds being met by Government; and

(2) that the actual execution of the work will be entrusted to the villagers themselves subject, of course, to the condition that the work done for the tank should be checked and measured by a responsible Government agency before it is paid for.

Government are pleased to direct that, in supersession of all existing rules on the subject, these rules be given effect to, tentatively, for a period of three years commencing from the 1st January 1915. All incomplete works of previous years and works started during the current year under the existing rules will be governed by those rules. This scheme relates only to the construction and restoration of minor tanks and does not affect in any way the liability of the raiyats for the maintenance of such tanks under the existing rules.

6. Government are anxious that, with the facilities now sanctioned, at least 1,000 minor tanks should be taken up for restoration each year in the several districts, distributed roughly as indicated in the margin. The success of the new scheme depends largely on the energy and enthusiasm which the District Officers may bring to bear on the work and the hearty co-operation of the Revenue and Public Works Officers concerned. Government trust that these officers will keep close touch with local wants and requirements in this respect and maintain accurate information and statistics concerning the tanks in each district.

Kolar ...	... 150
Hassan ...	100
Shimoga ...	. 100
Tumkur ...	... 100
Mysore ...	. . 200
Bangalore ...	... 150
Chitaldrug	... 100
Kadur ...	... 100
Total	.. 1,000

The Revenue Commissioner is requested to intimate to Government, before 31st January next, how many tanks have been or will be taken up for construction or restoration during the current year. It is presumed that, in accordance with the orders issued in paragraph 8 of Government Order No. R 8464-74—L. R. 193-13-2, dated 28th April 1914, the Deputy Commissioners have already taken steps to deal with more than the usual number of tanks in the current year.

7. The responsibility for working this scheme will rest with the Deputy Commissioners under the control of the Revenue Commissioner. The latter officer will be responsible to Government that all the rules are properly observed and that measures for construction and restoration are vigorously pushed on. The amount provided in the budget for this purpose will be placed at the disposal of the Revenue Commissioner and he will distribute it among the districts according to their requirements. In cases requiring the co-operation of the Public Works Department, he will correspond direct and settle matters with the Chief Engineer referring to Government only special or important questions requiring their orders. He will watch the progress made in the districts and bring to the notice of Government from time to time any instances of serious delay or slackness in the execution of the scheme.

8. To facilitate the preparation of plans and estimates by other than professional people, it is necessary to prepare a Manual giving simple rules or instruction

Land Revenue, dated 11th December 1914.

regarding the preparation of plans and estimates, construction, measurement and drawing up of final certificates. The Chief Engineer is requested to prepare a Manual of about 30 pages, both in English and Kannada, and issue the same for use in about three months' time.

He is also requested to submit detailed proposals for training a few educated villagers as Maistries by giving instruction in elementary engineering to enable them to prepare estimates and supervise construction.

9. To carry out the policy now laid down, Government are prepared to find the extra money required for a vigorous prosecution of the works. On a rough calculation, that is, taking the average cost at Rs. 800 per tank, the outlay necessary for restoring 1,000 tanks a year will amount to about Rs. 8 lakhs. Of this amount, the contribution from the people will come to Rs. 2¾ lakhs and the Government share will be Rs. 5¼ lakhs. At present, Government are spending about Rs. 2 lakhs annually for the restoration of minor tanks and the additional amount, *viz.*, 3¼ lakhs will be provided for in the budget gradually as required. The working out of this programme will involve an expenditure of over a crore of rupees in the next 20 years.

The Revenue Commissioner is requested to intimate, before the end of December, what further amount, in addition to the sum of Rs. 2 lakhs already provided in the budget, will be required during the current year in pursuance of this order.

10. The Comptroller is requested to submit further detailed rules of procedure to be observed in regard to the payment of the Government share of the contribution referred to in the rules so that, once started, works might not be interrupted for want of definite understanding or rules.

The Deputy Commissioners may raise all questions in respect of payments and accounts, and get the procedure settled in consultation with the Comptroller who will, if necessary, obtain the orders of Government.

11. The question as to what legislative action is necessary to give effect to the present scheme, especially with reference to rules 17 and 18, will be separately considered.

12. The Revenue Commissioner is requested to obtain from the Deputy Commissioners a special annual report on the working of the rules and submit the same to Government, at the close of each official year. Brief half-yearly reports should also be submitted during the next three years in January and July showing the progress made during the previous half year.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Chief Engineer in Mysore.
The Comptroller to Government.
The Deputy Commissioners of Districts.
The Superintendent, Revenue Survey.
The Heads of other Departments.

Exd.—C. R.

APPENDIX A.

RULES GOVERNING THE RESTORATION AND CONSTRUCTION OF MINOR TANKS IN MYSORE.

Preparation of Programme, etc.

1. The Deputy Commissioners of Districts should, as soon as the scheme comes into operation, prepare a list, in a form to be prescribed by the Revenue Commissioner, of all unrestored minor tanks in their respective districts and get the same printed. Copies of the printed list should be supplied to the Revenue Commissioner and Government.

2 From the list prepared under Rule 1, the tanks intended for restoration in the ensuing year should be selected before the end of March. Tanks which urgently require repairs and which would also be remunerative, should be first selected. As a general rule, tanks, the cost of restoration of which does not exceed ten times the assessment from the irrigable area under them, should be given preference. Exceptions may, at the discretion of the Deputy Commissioner, be allowed in special cases.

3. In exceptional cases, the entire cost of the restoration of a tank may be met by Government; but such cases should be very few and sanction of Government will be given only when strong grounds exist.

Preparation of Plans and Estimates.

4. When the required number of tanks are selected, immediate steps should be taken to have correct plans and estimates prepared. For the present, Government will provide the necessary agency for the purpose of furnishing plans and estimates. The ultimate aim of Government, however, is that the people should be able, in course of time to get these done themselves, the function of the Government officers being limited to the checking of estimates and the measurement of work done.

5. Plans and estimates should ordinarily be prepared by the Maramat agency or by such other additional establishment as may be sanctioned for the purpose by Government from time to time.

6. Whenever a project for the restoration of a minor tank involves the improvement of its capacity, the plans and estimates should be scrutinised and countersigned by a responsible Public Works Officer. This scrutiny may be done by the Executive Engineer in the case of projects estimated to cost Rs. 1,000 or less and by the Superintending Engineer in the case of those estimated at between Rs. 1,000 and Rs. 2,500 and by the Chief Engineer in all other cases. If the project does not contemplate an increase of storage room, such scrutiny and countersignature will not be required. But the Deputy Commissioner may refer any estimates about which he may entertain doubts to the Executive Engineer for check and approval.

7. The power of sanctioning estimates after they are professionally approved will rest with the Deputy Commissioner of the District concerned up to Rs. 1,000 and with the Revenue Commissioner up to Rs. 2,500. All estimates above this latter amount should be submitted to Government. After the estimates are sanctioned by the proper authority, the Deputy Commissioner will authorise the payment of Government contribution in each case.

8. When, owing to the necessity of providing for unforeseen items in the course of the execution of a work, an increase of expenditure over the sanctioned amount becomes inevitable, proper revised estimates should be prepared and submitted for sanction. The revised estimates will be sanctioned by the same authorities and in the same manner laid down in rule 7.

Method of Financing the Works.

9. Of the total cost of restoration of a minor tank, the raiyats holding irrigable lands below such tanks will bear one-third in proportion to the extent of their holdings, and the balance of two-thirds will be contributed by Government. When the contribution of the raiyats has been deposited in the Treasury, the Government share of the cost should be made available at once, out of the sanctioned budget grant, for the year, placed at the disposal of the Deputy Commissioner.

10. If the raiyats are unable to pay their contribution immediately, the Deputy Commissioner may, in very exceptional cases, treat the amount due from them as a loan on the security of their lands subject to recovery within a period not exceeding five years, with interest at the rate sanctioned for Takavi loans.

11. The additional cost, if any, due to the revision of the original estimates will be borne by the Government and the raiyats in the same proportion as that fixed in rule 9. If any additional cost is incurred by the raiyats during the execution of a work without obtaining previous sanction to revised estimates, Government will not be liable to pay any portion of such additional cost.

12. If in adddition to the raiyat's share, the whole or any part of the Government share of a work is borne by one or more holders of lands under the tank, a reasonable concession in the shape of remission of assessment for a term not exceeding ten years will be granted by Government in lieu of money contribution the nature of the concession being determined with special reference to the merits of each case.

Land Revenue, dated 11th December 1914.

Agency.

13. As it is desirable to associate the villagers with the work of restoring their village tanks, it may be entrusted for execution to the Village Panchayet, if any, constituted under the Tank Panchayet Regulation, or to one or more of the leading raiyats, not exceeding three persons, holding a large extent of land under the tank, under definite *mutchalikas* and securities. The Panchayet or the persons responsible should get the work done themselves by employing directly the necessary labour and arranging for the necessary petty supervision; or they may execute the work by petty contract or on piece work system.

Actual execution of work and payments.

14. If in particular cases it is found absolutely necessary, a sum of money sufficient to give the work a good start may be advanced to the tank panchayet or to the raiyats entrusted with the work as the case may be. This amount will be adjusted in subsequent bills.

15. All measurements will be taken and bills prepared at reasonable intervals by the Government agency. Bills for Rs. 500 and below will be passed by the Assistant Commissioner and, for sums above that amount, by the Deputy Commissioner and made over to the Amildar for payment. As many works as possible should be personally inspected by the Amildar and the Sub-Divisional Officer.

16. Every work should be completed within two seasons after its commencement. When a work is not so completed it should be treated as an item under objection and a list of such items showing briefly the cause of delay in completion should be submitted to Government through the Revenue Commissioner along with the annual report.

If a work once commenced is stopped for six months continuously, a fresh sanction will be necessary before it is resumed.

General.

17. Where the holders of at least two-thirds of the area of irrigable land under a tank agree to the restoration of the tank and to contribute their share, such consent shall be binding also on the holders of the remaining irrigable area below the tank, who will then become liable to pay their share of the contribution. In default of such payment, the contribution due will be recovered from them as a revenue demand.

18. Where the holders of at least two-thirds of the irrigable area below a tank have agreed to the restoration of the tank under these rules, any one or more of them may pay the full amount of contribution due from all, and shall thereupon become entitled to a reimbursement of the proportionate contributions of the others with interest at the rate sanctioned for agricultural loans. The Amildar may recover the proportionate amounts due from the other holders with interest as aforesaid as an arrear of land revenue, and make the collections over from time to time to the holder or holders who have advanced the entire amount in the proportion of the amounts so advanced.

19. These rules will also apply *mutatis mutandis* to the construction of new minor tanks.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 8th December 1914.

READ AGAIN—

Government Order No. R. 2098-2107—L. R. 204-12-2, dated the 14th October 1912, observing that it is desirable to have a separate Barabaluti Register as prescribed in Government Order No. R. 2003-12—L R. 212-08-4, dated the 29th September 1910, for each of the marginally noted five classes of hereditary village offices, and directing that if the number of registers already printed is not sufficient, the Revenue Commissioner may arrange with the Superintendent, Government Press, to have the additional copies required printed.

1. Patel. 2. Shanbhog. 3. Toti. 4. Talari. 5. Nirganti.

READ—

Letter No. 333, dated the 29th August 1913, from the Superintendent, Government Press, explaining the reason why the printing of additional copies of the register that may be found necessary under the order read above may be dispensed with.

No. R. 4439-48—L. R. 272-13-2, DATED BANGALORE, 8TH DECEMBER 1914.

ORDER THEREON.—On further consideration, Government direct that the instructions issued by the Revenue Commissioner to the Deputy Commissioners, in his Circular No. 1022-29, dated the 26th July 1912 for using one register for all the five village offices, be adhered to until the registers already supplied and partly written up require renewal owing to want of space.

2. Thereafter the instructions conveyed in the Government Order of the 29th September 1910 and the 14th October 1912 should be carried out.

3. The mistake pointed out in paragraph 2 of the Government Order of the 14th October 1912 regarding sub-columns 17 and 18 in the registers already printed should be rectified in the offices concerned so as to avoid the necessity of printing the registers.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Superintendent, Government Press, Bangalore.

END.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 26th December 1914.

No. R. 5605-14—L. R. 10-14-71, DATED BANGALORE, 26TH DECEMBER 1914.

ORDER.—The annexed form, with instructions for its use printed on the reverse, is prescribed to enable Village Committees to maintain a record of progress. Deputy Commissioners are requested to arrange for the distribution of sample forms to all the Village Committees in their districts and see that they open registers in the prescribed form.

If the Village Committees require printed registers, arrangements will be made to supply them at cost price; but a beginning may be made with manuscript registers in the prescribed form.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Superintendent, Government Press, with a request that 5,000 copies of the form may be printed and supplied to the Deputy Commissioners for distribution to Village Committees.

ಗ್ರಾಮಾಭಿವೃದ್ಧಿಯ ರಿಕಾರ್ಡಿನ ನಮೂನೆಯನ್ನು ಭರ್ತಿ ಮಾಡತಕ್ಕ ಕ್ರಮ

I. ಈ ನಮೂನೆಯಲ್ಲಿ ಐದು ರಿಜಿಸ್ಟರನ್ನು ಪ್ರತಿಯೊಂದು ಗ್ರಾಮ ಕಛೇರಿಯವರೂ ಇಟ್ಟು, ಅದನ್ನು ಕೆಳಗೆ ನಮೂದಿಸಿರುವಂತೆ ಆಗಾಗ್ಗೆ ಸರಿಯಾಗಿ ಭರ್ತಿಮಾಡಿ ಚಾಲ್ತಿಯಲ್ಲಿಟ್ಟಿರುವುದಕ್ಕೆ ತಮ್ಮ ಪೈಕಿ ಒಬ್ಬರನ್ನು ಜವಾಬ್ದಾರರನ್ನಾಗಿ ಮಾಡಬೇಕು. ಪ್ರತಿ ಮಾಡಿಯ ರಿಕಾರ್ಡಿನ ಒಂದು ಪ್ರತಿಯನ್ನು ಮುಂದಿನ ಮೇಳದ ಸಭೆಯ ಬಳಕೆಗಾಗಿ ಅಮಲ್ದಾರರಿಗೆ, ಅಥವಾ ಡೆಪ್ಯುಟಿ ಅಮಲ್ದಾರರಿಗೆ ಕಮ್ಮಿಟಿಯವರು ಕಳುಹಿಸಬೇಕು.

II. 1ನೇ ಕಲಂ—ಇದನ್ನು ಕಮಿಟಿ ಮೀಟಿಂಗು ನಡೆದ ಕೂಡ್ಲೆ ಭರ್ತಿ ಮಾಡಬೇಕು.

2ನೇ ಕಲಂ—ಈ ಕಲಂ ವಾರಕ್ಕು ಒಂದು ಸಲ ಬರೆಯತಕ್ಕದ್ದಾಗಿದೆ, ಇದರಲ್ಲಿ ವಾರಗಟ್ಟಿಲೆ ಮೀಟಿಂಗ್ ನಡಿಸಿದ ತಾರೀಖಿನ ತಪ್ಸೀಲನ್ನು, ಮೀಟಿಂಗಿನಲ್ಲಿ ಸೇರಿದ್ದ ಜನಗಳ ಸಂಖ್ಯೆಯನ್ನೂ ಅದೇ ದಿನವೇ ಭರ್ತಿಮಾಡಬೇಕು ಮತ್ತು ಮೊದಲನೇ ಮೀಟಿಂಗಿನ ವಿದ್ಯಮಾನವೆನ್ನು ಮೊದಲನೇ ವಾರದ ಹೆಡ್ಡಿಂಗಿನಲ್ಲಿಯೂ, ಉಳಿದ ಮೀಟಿಂಗುಗಳ ವಿದ್ಯಮಾನಗಳನ್ನು ಅವುಗಳಿಗೆ ಸಂಬಂಧಪಟ್ಟ ಹೆಡ್ಡಿಂಗುಗಳಲ್ಲಿಯೂ ಬರೆಯಬೇಕು.

3ನೇ ಕಲಂ—ಈ ಪೈಕಿ (1) (2) (3) (4)ನೇ ಕಲಂಗಳ ತಪ್ಸೀಲುಗಳನ್ನು ಮೇಲೆ ಹೇಳಿರುವಂತೆಯೇ ವಾರ ಕ್ರಮವನ್ನನುಸರಿಸಿ ಬರೆಯಬೇಕು. ಆದರೆ (5) ಮತ್ತು (6)ನೆ ಕಲಂಗಳನ್ನು ಮಾಹೇ ಆಖೈರ್ ತರೀಖಿನಲ್ಲಿ ರಾಜೀನಾಮೆಗಳ ಪ್ರತಿಮೆಯನ್ನು ರವಾನು ಮಾಡುವುದಕ್ಕೆ ಮುಂಚಿತವಾಗಿ ಭರ್ತಿಮಾಡಬೇಕು. ಈ ಕಲಂಗಳು ಪ್ರತಿ ತಿಂಗಳಿಗೆ ಮೊತ್ತ ಅನ್ವಯಿಸುತ್ತವೆ.

4ನೇ ಕಲಂ—(1) ಇದರಲ್ಲಿ ಮುಂದಿನ ಮೂರು ತಿಂಗಳುಗಳಲ್ಲಿ ನಡಿಸಬೇಕೆಂದು ತೀರ್ಮಾನಿಸಿರುವ ಕೆಲಸಗಳನ್ನೂ, ಅವುಗಳಿಗೆ ತಗಲುವಿಕೆಯಾದ ಖರ್ಚಾಗಬಹುದಾದ ಅಂದಾಜನ್ನೂ ಸಂಖ್ಯೆವಾರು ನಮೂದಿಸಬೇಕು.

(2) ಇದರಲ್ಲಿ ಹಳೆ ನಡೆಯುತ್ತಿರುವ ಕೆಲಸಗಳನ್ನು, ಅವುಗಳ ಜರೀಬು ಎಷ್ಟಾಗಬಹುದೆಂಬ ವೊತ್ತಗಳನ್ನೂ, ತಪ್ಸೀಲಾಗಿ ಭರ್ತಿ ಮಾಡಬೇಕು. ಮೂರು ತಿಂಗಳಿನ ಕೆಲಸದ ಪಟ್ಟಿಗೆ ಸಂಬಂಧಪಟ್ಟ ವಿವರಗಳನ್ನು ನಮೂದಿಸಬೇಕು.

5ನೇ ಕಲಂ—ಈ ಕಲಂನಲ್ಲಿ ಗ್ರಾಮ ಕಮ್ಮಿಟಿಯ ಲೆಕ್ಕದ ರಿಜಿಸ್ಟರಿನಿಂದ ಖರ್ಚಾವ್ವಾಕ ಸಂಖ್ಯೆಗಳನ್ನು ಮಾಹೇ ಆಖೈರಿಗೆ ಭರ್ತಿಮಾಡಬೇಕು.

6ನೇ ಕಲಂ—ಇದರಲ್ಲಿ ನಾಲ್ ಷರು ಲಾಗಾಯಿತಿನಿಂದ ಆಯಾ ಬಾಬಿನ ಕೆಲಸಗಳು ಯಾವ ಯಾವವು, ಎಷ್ಟೆಷ್ಟು ಲಾಗವೆಡಿನವು ನಡೆದಿವೆ ಎಂಬ ಸಂಗತಿಗಳನ್ನು ವಿವರಿಸಬೇಕು.

7ನೇ ಕಲಂ—ಇದರಲ್ಲಿ ಅಜಮಾಯಿಷಿ ಬಗ್ಗೆ ಬಂದಿದ್ದ ಹುದ್ದೇದಾರರುಗಳ ಹೆಸರನ್ನೂ, ಮತ್ತೇನಾದರೂ ತಿಳಿಸಲರ್ಹವಾದ ವಿಶೇಷ ವಿದ್ಯಮಾನಗಳನ್ನೂ ನಮೂದಿಸಬೇಕು.

GPB—5,000—39 12.14

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 9th December 1914.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 5 of 1912-13.

Appellant.	*vs.*	Respondent.
Krishna Gowda, Patel of Anchalli, Hassan Taluk.		Kullegowda *alias* Dyava, son of Dyavegowda of the same village.

Subject.

Appeal against the order of the Revenue Commissioner, cancelling the darkhast sale of Survey No. 46/2 of Anchalli village, Dudda hobli, Hassan Taluk.

Facts of the case.

On the darkhast of the respondent, dated 5th June 1909, Survey No. 46/2 (dry, extent 7 acres and 5 guntas, assessment Rs. 8-12-0) was put up for sale by the Shekdar on 21st June 1909 and knocked down to the appellant for Rs. 1-8-0. The sale was confirmed by the Amildar and the appellant was put in possession of the land and the Saguvali chit was granted on 24th July 1909. On 9th December 1909, the respondent complained to the Deputy Commissioner that the land in question had been sold without his knowledge and that the sale was tainted with fraud and prayed for a resale offering a higher bid as the land contained valuable trees, etc. The Deputy Commissioner in the exercise of revisional powers under Section 217 of the Land Revenue Code cancelled the sale on 2nd August 1911, on the ground that it was vitiated by there having been only an interval of less than seven days between the notification of the sale and the sale itself. The Revenue Commissioner, on appeal upheld the above order and observed that there was a good deal of fraud in the case. Hence the present appeal, which came on for final hearing on 23rd November 1914, when both parties represented by their Advocates Messrs. C. B. Seshagiri Rao and C. V. Narasimha Iyengar, were duly heard.

Order.

There is nothing to show that the appellant was guilty of any act of fraud. The respondent had applied for the field and though express notice was not served upon him, he is said to have been present. At any rate, he might with due diligence have known that the land had been put up to sale and purchased by the appellant. He did not appeal within 30 days but presented a petition of protest more than 5 months after the sale had been confirmed and Saguvali chit issued to the appellant. There is no period of limitation fixed for the exercise of powers of revision conferred by Section 217 of the Revenue Code; but unless there are very strong grounds, it should ordinarily not be exercised after the period allowed for appeals, especially when the effect is to interfere with title to lands acquired in due legal course.

The order of the Revenue Commissioner will therefore be reversed and the land in dispute confirmed to the appellant.

No. R. 4452—L. R. 299-12-8, DATED BANGALORE, 9TH DECEMBER 1914.

Copy of the above is forwarded to the Revenue Commissioner in Mysore, with the records received with his letter No. 463, dated 9th July 1914.

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 22nd December 1914.

READ—

Correspondence ending with letter No. 6892, dated 20th July 1914, from the Chief Engineer of Mysore, regarding the levy of an acreage cess of 8 annas from the holders of lands below certain tanks in the Shimsha basin in the Mysore District.

No. R. 5533-5—R. M. 238-04-13, DATED BANGALORE, 22ND DECEMBER 1914.

ORDER THEREON.—Government have long had under consideration the question of accepting an acreage cess of 8 annas from the holders of lands under the marginally noted tanks in the Shimsha basin, in commutation of their liability to do maintenance work under the rules. These tanks have fallen into disrepair owing to the cumulative neglect of this duty by the raiyats, and past experience of the impracticability of concerted action on their part has induced them to apply unanimously to be relieved of this responsibility by Government in consideration of an acreage cess as aforesaid.

Tank	Revenue
Guttalu Dodkere	1,113 12 0
Holalu Dodkere	1,180 0 0
Doddarasina Sulekere	1,376 8 0
Malvalli Dodkere	1,259 12 0
Marehalli Dodkere	1,904 0 0

2. The total extent of wet land irrigated by these tanks is 3,321 acres and the acreage cess at 8 annas on this area, *viz.*, Rs. 1,661 is in the opinion of the Deputy Commissioner sufficient to cover the cost of ordinary maintenance work if once the tanks are brought up to standard from their present state of disrepair.

3. Since the cess in question is intended solely to cover the charges of future maintenance, it is clear that the raiyats cannot be absolved of their liability under the rules in respect of the cost of the repairs which their cumulative neglect in the past has necessitated for restoring the tanks to standard.

4. Government are accordingly pleased to sanction the levy of an acreage cess of 8 annas from the holders of lands under the tanks specified above, and the transfer of the work of maintenance of these tanks to the Public Works Department. A sum equivalent to one year's assessment will be recovered forthwith from the holders of lands below the tanks, on account of the repairs necessitated by their cumulative neglect.

5. The Chief Engineer is requested to take immediate steps to put the tanks into a thorough state of repair. The cost of this work, in excess of the amount of one year's assessment to be recovered from the raiyats, will be borne by Government.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Chief Engineer of Mysore.
The Comptroller, Mysore Government, Public Works Branch.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 21st December 1914.

READ—

Government Order No. R. 6058-6107—L. R. 430-13-1, dated 6th February 1914, laying down the outlines of the Village Improvement Scheme.

No. R. 5443-52 —L. R. 10-14-68, DATED BANGALORE, 21ST DECEMBER 1914.

ORDER THEREON.—With a view to afford some public recognition to meritorious work done under the Village Improvement Scheme, Government are pleased to authorise the issue of certificates to deserving men under the signature of the Deputy Commissioners in the accompanying form with the previous approval of Government.

2. The certificates may be granted in the following cases:—

(1) Establishing village schools and libraries and reading rooms in not less than five villages and maintaining them in proper condition.

(2) General propagandist work relating to the Village Improvement Scheme; and taking active interest in the formation and efficient working of village committees in not less than twenty villages.

(3) Raising by voluntary contributions not less than Rs. 1,000 for any work of village improvement.

(4) Providing villages with good water-supply, a village hall, orchards, flower gardens, etc.

(5) Improvement in the general prosperity of the village by the introduction of better methods of cultivation, reviving industries and providing subsidiary occupations to the poorer agriculturists.

(6) Stimulating the construction of model houses and the formation of model villages.

3. The Deputy Commissioners are requested to send up to Government for selection a list of names of persons to whom certificates may be awarded with a brief statement of work done by each not later than the end of May every year. Persons approved by Government will be given certificates at a public meeting held by the Deputy Commissioner.

4. The Superintendent, Government Press, is requested to print and keep in stock about 1,000 copies of the certificate forms in English and Kannada on thick paper with artistic border lines and furnish the Deputy Commissioners with copies on indent.

READ—

Government Order No. 1608-12—9875, dated the 5th December 1912, sanctioning the introduction of the block system of irrigation under the Marikanave Reservoir for six years in the first instance with effect from 1st July 1913, and approving of the recommendations of the Public Works Secretary regarding the working of the system by the Public Works Department.

No. R. 5724-34—L. R. 194-13-10, DATED BANGALORE, 31ST DECEMBER 1914.

ORDER THEREON.—The block system of irrigation, the introduction of which under the Marikanave Reservoir was sanctioned in Government Order No. 1608-12—9875, dated 5th December 1912, has now been in force for about a year and half and the results achieved so far are fairly encouraging. Out of an area of 7,427 acres selected for the block system, 6,648 acres are already under occupancy and only about 779 acres remain to be taken up by the raiyats. In addition to this area, the reservoir channels command another 5,600 acres which are fit for high class cultivation and which were, till recently, in the holding, on special terms, of the South India Industrials and Mr. D. Aminulla Sahib. If the block system be applied to this additional extent also, there will be roughly about 2,000 acres more available for block irrigation.

With a view to obtain the best results from the Marikanave Reservoir by utilizing its irrigational capabilities to the fullest extent possible, a special effort should be made to ensure that all the available land is taken up for cultivation under the block system and that settlers are attracted thereto from the other parts of the State where there may be surplus population. For this purpose, Government are pleased to issue the following instructions:—

(i) The extent of land now available for irrigation should be divided into blocks of convenient sizes of from 100 to 300 acres.

(ii) Each such block should be subdivided into plots of 15 acres in extent. Where smaller holdings are desired, the 15 acre plots may be further subdivided into 5 plots of 3 acres each. The 3 acres plot is intended for ordinary raiyats who, owing to lack of resources, may be unable to cultivate large areas and the 15 acre plot for men of enterprise and capital who may want large farms and be prepared to apply improved methods of cultivation.

(iii) These blocks with their sub-divisions into plots should be correctly marked on a map.

(iv) Whoever takes up any one of these plots, will also be given twice the area of dry land in convenient localities in the neighbourhood. These plots of dry land should also be marked on the map in the same way.

(v) After the division as outlined above is completed, statements should be prepared showing serially the extent of each plot in the block, and its corresponding dry plot outside the block.

(vi) For the convenience of the raiyats who take up these lands, proper village sites should be selected and roads required should be traced on the ground and both indicated on the map.

(vii) Steps should be taken to make available to the public copies of the maps, statements of plots and a brief description of the block system showing the rights and obligations of the raiyats holding land under it in an easily understandable form. Notices should be widely circulated in all parts of the State showing the extent of the available lands and the terms on which, they will be available at each ensuing sale.

(viii) After due publication of such notice the plots should be sold in public auction on appointed days once in three months commencing from a specified date. In special cases of hardship affecting raiyats who

have already settled down in the irrigated tract, plots may be given on upset price, the reasons for such grant being recorded in writing in each case.

(ix) When the lands are sold by auction, care should be taken to see that no one is allowed to take up more than what his resources and capacity will enable him to cultivate. It should also be made a condition of the sale that the plots purchased should be brought under cultivation within three years, or where there is any special difficulty within four years, from the date of purchase. If the lands are not cultivated within the specified period, they are liable to resumption, free of claim to compensation.

(x) The lands thus taken up will be charged with one-third of the land assessment as well as one-third of the water-rate during the first year, two-thirds of such assessment and water rate during the second year and the full assessment and water-rate from the third year onwards.

3. The Chief Engineer is requested to take immediate action as regards items (i) to (vi) enumerated in paragraph 2 above and furnish the final lists and statements referred to in item (vii) to the Deputy Commissioner on whom the primary responsibility will rest for taking all steps necessary as regards items (vii) to (x) of the same paragraph in consultation with the Revenue Commissioner.

As it is understood that the area available is far in excess of the cultivating capacity of the local population, the Deputy Commissioner is requested to place himself in communication with the Deputy Commissioners of other Districts with a view to attract settlers. The Deputy Commissioner may recommend the grant of concessions to settlers, if he thinks it necessary.

4. During his recent inspections and enquiries in the Hiriyur Taluk, the raiyats in the canal area brought to the notice of the Dewan certain practical difficulties in working the rules of the block system, the most important of which were stated to be (1) the inclusion under the block system of some land unfit for irrigation and (2) the compulsory inclusion in one holding of more land than the owner either requires or can conveniently cultivate. These representations have been noted in detail, and as the difficulties are reported to be confined to a very small number of villages, the Public Works Department and the Deputy Commissioner should arrange jointly to conduct a detailed enquiry and deal with the individual grievances complained of. Cases in which special sanction of Government is necessary may be sent up for the orders of Government through the Revenue Commissioner. As the complaints mostly relate to the manner in which areas have been constituted into blocks, Government trust that the co-operation of the Revenue Department and the Public Works Department will lead to a very early settlement of the points raised by the raiyats and to the smooth working of the rules.

5. It has come to notice that lands not included in the block system have been allowed to be irrigated. This is against the root principle of the system. The irrigation officers as well as the local Revenue Officers should take steps to put a stop to all unauthorised irrigation and to strictly enforce the rules in future.

6. As the work in connection with the expansion of cultivation under the blocks in the taluk may require the services of a full time officer, Government are pleased to sanction the appointment, for one year in the first instance, of a Deputy Amildar. He will work under the orders of the Amildar of Hiriyur Taluk subject to the general superintendence of the Deputy Commissioner. The Amildar should co-operate with the Irrigation Department in all the measures needed for the efficient working of the block system. More specifically stated, the Deputy Amildar's duties will be:—

(1) To work out all the details of the scheme outlined above, the responsibility for which rests with the Revenue Department.

(2) To co-operate with the Irrigation officer in conducting a careful enquiry into the alleged grievances of the raiyats in the canal area and getting them remedied.

Land Revenue, dated 31st December 1914.

(3) To attract settlers to the tract, provide facilities for them and assist, as far as possible, in peopling the tract with cultivators both from the neighbourhood as well as from distant places.

(4) To initiate all such measures as may be necessary for the full expansion of irrigation under the Marikanave Reservoir.

The Deputy Commissioner may name one or two officials of his own choice for the post of the Deputy Amildar to be appointed under this order.

7. The Deputy Commissioner is requested to submit a half-yearly report of progress made in giving effect to this order. The first report will fall due on 1st July 1915.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 26th December 1914.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 39 of 1913-14

Appellant	*vs.*	*Respondent*
Veerabasappa, Lingadahalli, Channagiri Taluk.		Hanuma, brother of Karia, Kasettihalli, Channagiri Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore, cancelling the sale for arrears of revenue of survey No. 70 of Belalagere village, Channagiri Taluk.

Facts of the Case.

As Karia, the Khatedar of survey No. 70 (dry, measuring 13 acres, 17 guntas and assessed at Rs. 15-0-0) of Belalagere village, made default in the payment of arrears of revenue due thereon for the year 1909-10, the said survey number was, after the usual formalities, put up for sale on the 17th May 1910, when the appellant purchased it for Rs. 25, the estimated value of the land. The Shekdar, who conducted the sale, reported that the respondent offered to pay the arrears on the night of the date of sale but that as the sale had been closed and the deposit amount taken from the appellant, he declined to receive the amount. The Sub-Division Officer confirmed the sale on 6th July 1910. On Karia's appeal to the Deputy Commissioner, while observing that the sale was regularly held, cancelled it in the interests of the cultivating classes (ಕೈಯ್ ಬದನಾಮ್ ಕೂಲಿ) after awarding 5 per cent of the purchase money as compensation to the appellant. Thereafter the appellant appealed to the Revenue Commissioner who confirmed the Deputy Commissioner's order. Hence the present appeal. It came on for hearing on the 14th December 1914, when Messrs. M. Krishna Murti, B.A., LL.B. and N. Narasimha Iyengar, B.A., B.L., Advocates for the appellant and the respondent, respectively, were heard.

Order.

The reason given by the Deputy Commissioner to set aside the sale is not of any force under the Land Revenue Code, and in the absence of consent by the purchaser, the sale cannot be set aside on an award of some compensation to him.

The order cancelling the sale is set aside and the sale to the appellant is confirmed.

No. R. 5635—L. R. 493-13-7, DATED BANGALORE, 26TH DECEMBER 1914.

Copy of the above is forwarded to the Revenue Commissioner in Mysore together with the records received with his letter No. 15388, dated 26th June 1914.

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt. Gen. & Rev Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Land Revenue), dated 31st December 1914.

READ—

Government Order No. R. 227-36—L. R. 345-09-8, dated 13th July 1912, ordering the continuance of the concession of one-fourth remission enjoyed by the owners of private enterprise tanks in the State, so long as they are maintained in proper condition according to the approved standard, during the currency of the revision settlement.

2. Letter No. 62, dated 5th November 1914, from the Superintendent, Mysore Revenue Survey, reporting that a few tanks in the Sira Taluk have not been maintained at the standard and suggesting that in the case of such tanks, the holders may be required to put them in good repair within a period not exceeding one year on pain of forfeiting the concession in case of default.

No. R. 5711-20—L. R. 369-14-2, DATED BANGALORE, 31ST DECEMBER 1914.

ORDER THEREON.—Government agree with the Superintendent of Revenue Survey, and direct that all private enterprise tanks should be inspected during the current year's Jamabandi and that one year's time should be allowed for the repair of such as are not in good order. The Deputy Commissioners will be held responsible for cancelling the Chowthayi remission in respect of the tanks which are not found to have been repaired by the end of that period.

READ—

Summary of representation in Subject No. 530 of the Representative Assembly Proceedings of 1913, regarding the necessity for separate demarcation of dry, wet and garden portions in survey numbers.

2. Correspondence ending with the following letter No. 41, dated 23rd September 1914, from the Superintendent of Revenue Survey in Mysore, furnishing his opinion in the matter.

With reference to your letter No. R. 2112—L. S. 14-14-2, dated the 11th instant, calling for my opinion on Subject No. 530 of the Proceedings of the Representative Assembly of 1913, the fixing of permanent marks to demarcate separately the dry, wet and garden portions of survey numbers, I have the honor to state that, as is commonly known, there are many thousand of mixed numbers in every taluk, and that if the bends and corners of the irrigated portions had to be demarcated, the amount of work involved, and the cost inclusive of the waste of money consequent on officials having to wait till the stones or other material were collected and fixed up, would be very heavy to Government, and the whole business would be extremely tiresome to the raiyats. The irrigated portions in such fields are very often of trivial extent, and often also consist of isolated patches scattered within the same number; and it is easy to imagine the confusion of boundary marks that would result both in the field and on the maps and other records, if all mixed numbers had to be demarcated both externally as they are now, and internally to point out the various bends and corners of the wet and garden portions. There is besides, no prospect of adequate good from the plan that I can see, for raiyats will take every chance of benefiting themselves, even though it came to the unlawful shifting of boundary marks, and there would obviously be fewer chances of detection in such a case, than there are in the case of a displacement of the outer boundary marks, which, if altered, would at once be taken notice of by the neighbouring raiyat.

2. That there are disadvantages to both raiyat and Government in the absence of the demarcation, is not denied. The matter was studied some twelve years back by the most competent officers, with the result that the rule now in force with the Survey Department was adopted, by which the dry and irrigated portions of a survey number are compulsorily measured and demarcated into distinct fields, provided that each description of cultivation is above the minimum, is self contained and not scattered, and that the irrigation is from a Government source of supply. I do not believe that the stretching of this rule any further will serve a useful purpose, and it may well be doubted if the majority, or even a decent minority, of our raiyats would view the suggestion with favour, if it were fairly put to them.

No. R. 4394-403—L. S. 14-14-4, DATED BANGALORE, 8TH DECEMBER 1914.

ORDER THEREON.—Government agree with the Superintendent of Revenue Survey in considering that the suggested separate demarcation of the component parts of composite survey numbers by erection of permanent bandhs will be laborious and expensive, out of all proportion to its utility, and cannot therefore be approved.

2. The Deputy Commissioner of the Chitaldrug District is requested to inform the member of the substance of this order.

READ—

Letter No. 40, dated the 22nd September 1913, from the Superintendent of Revenue Survey in Mysore, submitting his proposals for the revision settlement of the Tirthahalli Taluk of the Shimoga District. (Printed as accompaniment No. 1.)

2 Letter No. 64, dated the 26th November 1913, from the same officer submitting a copy of letter No. 2776, dated the 23rd November 1913, from the Deputy Commissioner, Shimoga District, expressing his concurrence in the above proposals. (Printed as accompaniment No. 2.)

3. Letter No 13542, dated the 9th May 1914, from the Revenue Commissioner in Mysore, furnishing his opinion on the above proposals. (Printed as accompaniment No. 3.)

4. Letter No. 1, dated the 2nd July 1914, from the Superintendent of Revenue Survey in Mysore, communicating his remarks on the Revenue Commissioner's opinion. (Printed as accompaniment No. 4.)

No. R. 4239-50—L. S. 12-13-5, DATED BANGALORE, 4TH DECEMBER 1914.

ORDER THEREON.—The proposals relate to the revision of assessment of 240 villages which formed the late Kavaledurga Taluk. 234 of these villages now constitute the present Tirthahalli Taluk and 6 have been added to the Nagar Taluk.

2. The tract comprised in the report was the last portion of the malnad regions of the Shimoga District to be taken up for original settlement. In fixing the rates, the Survey officers were guided by their experience in similar localities previously dealt with. The original rates, specially garden were therefore very favourable and were adopted as the basis on which remissions were sanctioned in 1896 on supari gardens in other malnad parts.

3. The taluk is noted for its abundant rainfall, the average rainfall being 320·8 inches per annum at Agumbe which represents the ghaut region and 117·9 at Tirthahalli which represents the more open country. Famines and droughts are practically unknown in the taluk.

4. The principal industry is supari cultivation and the taluk contains some of the most valuable areca gardens in the State. Rice is also extensively grown but only under the most primitive methods.

5. The soil is rich and fertile but the chief defect is want of population. Though the area of the taluk is 476 square miles, the population according to the last census was only 53,672. The population of the taluk, though now about 6 per cent in excess of what it was at the time of the original settlement, has been showing signs of a steady decline during the last two decades. Cultivation is therefore greatly dependent upon imported labour from South Canara. Special measures are being adopted to investigate the causes of the decrease of population and arrest it.

6. In other respects, however, the taluk is showing signs of steady improvement. There has been an increase of 9,725 acres under occupied lands and the unoccupied area has diminished by 2,124 acres. The taluk has shared in the benefits of the general rise of prices which has taken place throughout the State. Agricultural and other resources of the people show an improvement. The abolition of the halat has given a great impetus to the supari trade. The profits of the supari industry have led to much accumulation of wealth in the hands of the Malnad sowcars who in addition to possessing extensive gardens themselves provide the capital needed for the industry. Four new roads have been opened since the time of the original settlement and the extension of the railway to Shimoga has added greatly to the facilities for traffic.

7. The grouping as well as the rates of the original settlement having been on the whole fair and equitable, the Superintendent of Survey proposes to adhere to them as much as possible. He has, however, reduced the garden assessment somewhat by adopting a lower maximum and slightly raised the wet assessment.

Proceedings of the Government of His Highness the Maharaja of Mysore,

8. The effects of the proposed revision settlement are set forth in detail in paragraphs 30 to 33 of the Survey Superintendent's report. The following statement explains the results of the proposed revision:—

Group	Description of land	As per original settlement (figures for 1909-10)			
		Area	Assessment	Maximum rate	Average rate
1	2	3	4	5	6
		Acres	Rs.	Rs. a. p.	Rs. a. p.
I	Dry	2,442	841	1 0 0	0 5 6
	Wet	8,044	23,832	6 0 0	2 15 5
	Garden	1,165	17,098	20 0 0	14 12 10
II	Dry	3,256	869	0 12 0	0 4 3
	Wet	13,215	35,996	5 8 0	2 11 6
	Garden	2,478	31,843	18 0 0	12 13 7
III	Dry	808	147	0 8 0	0 2 11
	Wet	8,515	21,101	5 0 0	2 7 8
	Garden	1,734	22,495	16 0 0	12 15 7
Total of groups I, II and III	Dry	6,506	1,857	.....	0 4 7
	Wet	29,814	80,929	.....	2 11 5
	Garden	5,967	71,436	.....	13 5 0
	Grand Total	41,677	1,51,222	.....	3 11 2

Group	Description of land	As per revision settlement				Increase or decrease
		Area	Assessment	Maximum rate	Average rate	
		7	8	9	10	11
		Acres	Rs.	Rs. a. p.	Rs. a. p.	Rs. a. p.
I	Dry	2,419	838	1 0 0	0 5 7	+0 0 1
	Wet	7,876	26,239	6 12 0	3 5 4	+0 5 11
	Garden	1,256	16,456	18 0 0	13 1 9	—1 11 1
II	Dry	3,281	867	0 12 0	0 4 4	+0 0 1
	Wet	13,265	40,186	6 2 0	3 0 6	+0 5 0
	Garden	2,573	30,005	16 0 0	12 0 2	—0 13 5
III	Dry	882	155	0 8 0	0 3 0	+0 0 1
	Wet	8,416	23,494	5 10 0	2 12 5	+0 5 0
	Garden	1,817	21,873	15 0 0	12 0 7	—0 15 0
Total of groups I, II and III	Dry	6,582	1,860	.....	0 4 7	.....
	Wet	29,557	89,918	.....	3 0 8	+0 5 3
	Garden	5,646	69,244	.....	12 4 3	—1 0 9
	Grand Total	41,735	1,61,042	.....	3 13 9	+0 2 7

The average dry rates are kept as they were, the wet rates are raised by Re. 0-5-3 per acre while the garden rates are reduced by Re. 1-0-9 per acre. According to the proposals, the garden assessment will be reduced by Rs. 2,000, and the wet assessment will be increased by about Rs. 9,000 representing a net increase of about Rs. 7,000 or 4·42 per cent on the collections of 1909-10.

9. The Revenue Commissioner though finally expressing his agreement with the proposed revision is not in favour of enhancing the wet rates to the extent proposed. He, however, considers that the garden rates can bear an increase. The Deputy Commissioner, on the other hand, considers the rates on the whole moderate and favourable, and he points out that "a specially light assessment will not

Land Survey, dated 4th December 1914.

materially alter the present unsatisfactory condition of the majority of the cultivating classes, as it will not improve their position with reference to the capitalists by whom they are financed and there is no reason why the Government should forego their legitimate claim to an increased share in the income from land which is justified by the rise in prices."

10. The backwardness of wet cultivation in the tract is not so much due to inferior quality of the land themselves as to more profitable garden cultivation drawing off the greater part of the available labour and capital. Nevertheless, owing to the prevailing high prices, wet lands are at present reported to yield sufficient profit even without any intensive cultivation. The taluk is certain to benefit greatly from the measures that are being taken to improve the malnad. When the proposed Shimoga-Tirthahalli Railway is carried out, it will be in a much more advantageous position as regards disposal of produce. In these circumstances, Government consider that the proposed increase is justifiable, and is not likely to have any prejudicial effect on the progress of cultivation.

11. As regards garden land, there is no doubt that substantial relief has been given by the abolition of the halat, and the rates proposed by the Superintendent of Survey are rather liberal. The reduction of the maxima will bring the rates into line with those adopted in the neighbouring taluks and as observed by the Superintendent of Survey garden owners are entitled to special consideration as the profits of the industry depend greatly upon individual effort and application of capital. Government are therefore pleased to approve of the slight reduction proposed.

12. The proposals submitted by the Superintendent of Surveyare accordingly sanctioned. The revised rates will be announced as soon as possible and will be brought into force with effect from 1915-16, with the usual guarantee of 30 years.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Exd.—K. N.

Proceedings of the Government of His Highness the Maharaja of Mysore,

ACCOMPANIMENT No 1.

Letter No. 40, dated Bangalore, 22nd September 1913, from Rajakaryaprasakta Rao Bahadur D. Shama Rao, Superintendent, Mysore Revenue Survey, to K. R. Srinivasiengar, Esq., M. A., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

As desired in para 14 of Government Proceedings No R. 4299-310—L. S. 3-06-2, dated 29th October 1906, I have the honor to submit for the consideration of Government, six copies, accompanied by six copies of illustrative map, of my report No 28, dated 18th August 1913, containing proposals for the revision of assessment of the Tirthahalli Taluk of the Shimoga District.

2. I have sent copies of my report both to the Revenue Commissioner and the Deputy Commissioner of the Shimoga District for their opinion and I shall, on receipt of their replies, submit the same to Government for sanction with such remarks as I may consider necessary.

Report No. 28, dated Bangalore, 18th August 1913, from Rajakaryaprasakta Rao Bahadur D. Shama Rao, Superintendent of Revenue Survey and Settlements in Mysore, to K. R. Srinivasiengar, Esq., M. A., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to submit proposals for the revision settlement of the late Kavaledurga (present Tirthahalli) Taluk as it stood at the original settlement.

2. *Constitution of the tract.*—At the time of the original settlement, this taluk consisted of 743 Government villages, but by the wholesome operation of absorption and amalgamation, the number was reduced to 235. Five villages, *viz*, Araga, Yedavatti, Kunmani, Bobbali and Kavaledurga, were newly formed in the tract, so that the total number of villages that have to be dealt with, now comes to 240. Of these, 234 are in the Tirthahalli Taluk and six in the adjoining Nagar Taluk.

3. *Original settlement.*—The original settlement of these villages was effected in 1878, under the sanction of the Chief Commissioner, conveyed by his Secretary in Government Proceedings No. 406—Rev. 7, dated 17th April 1878.

4. *Boundaries.*—The taluk is bounded on the north by the Nagar Taluk, on the east by Shimoga, on the south by Koppa and on the west by the South Canara District of the Madras Presidency. The taluk may roughly be described as an irregular oblong situated between the Shimoga Taluk and the Western Ghats, the length being 40 miles from north-east to south-west, the average breadth being about 12 miles.

5. *Physical characteristics.*—Tirthahalli is a purely malnad taluk with its characteristic hills, forests, deep valleys, kans, areca gardens and running streams. The southern and eastern portions of the taluk, comprising the hoblis of Muthur, Agumbe and a portion of Kasba, are heavily wooded, and several villages there are difficult of access. The remaining parts of the taluk are comparatively more open, though here and there magnificent forests are to be seen especially near Kavaledurga on the border of the Nagar Taluk. The whole of the taluk is studded with numerous hills, heavy forest prevailing in the west The most important height is Kavaledurga, with an elevation of 3,058 feet above the sea. The Tunga, which takes its rise at Gangamula in the adjoining Koppa Taluk, enters the Tirthahalli Taluk in the south, and runs almost in the middle of the taluk as far as Kudurkatte, and then flows in a north-easterly direction forming the boundary between the Tirthahalli and Koppa Taluks. The river, together with its numerous tributaries, drains the whole of the taluk with the exception of the extreme north-west draining into the Sharavati.

6. *Climate and rainfall.*—The climate is temperate and never oppressive. The rainy season commences in April with occasional showers in that month, deepening into a heavy rainfall in the months of May and June. The south-west monsoon is felt in its full force near Agumbe where the heaviest fall is recorded in the whole Province. The rainfall is very heavy near the ghauts and gradually decreases in the east of the taluk. Two rain-gauge stations are maintained, one at Tirthahalli and another at Agumbe; the quantity recorded at Agumbe generally representing the fall on the ghaut portion and that at Tirthahalli, the fall on the more open country. The average rainfall at Agumbe for 27 years is 320·80 inches, while at Tirthahalli it is 116·94 inches for 33 years. Though these averages are slightly lower than those noted in the original settlement report, yet the rainfall has been copious, and famines and droughts are practically unkown in these parts. The bulk of the rainfall is recorded in the months of June, July, August and September, which are generally the monsoon months in the malnad, while only a fraction is gauged in the remaining eight months.

7. *Soils.*—The soils in the valleys, especially in the vicinity of Tirthahalli where extensive areca gardens exist, are generally rich. Black soils are rarely met with, the prevailing soils being generally of the second order. Soils of poorer quality are met with as we go towards Nagar.

8. *Crops.*—The principal crops grown in this taluk are supari, rice, cardamom, black-pepper and sugar-cane. A small quantity of coffee is also grown here and there. There is little or no dry crop but ragi is grown in some of the makki lands to the north of Tirthahalli. The supari gardens are generally well maintained and produce fine quality of areca. Much has been done of late by the Director of Agriculture to find out the best and cheapest method of preventing the "Koleroga" and the raiyats seem to have succeeded to some extent in warding it off by using the spray as advised by him. Supari is the chief garden produce on which much labour and capital are expended. Rice, the staple food of the country and is extensively grown throughout the taluk. It is not customary here to grow two crops in the same year, though in some places water is available for a second crop

Land Survey, dated 4th December 1914.

also. Sugar-cane of an inferior variety is planted to a limited extent for local consumption only. Coffee is grown to a very small extent in some of the villages of the Mandagadde hobli, bordering upon Shimoga, and in parts of Muthur in the vicinity of Koppa There are no European planters, all the estates being owned by natives only.

9. *Irrigation.*—There are no irrigational works of any note in this taluk The Tunga, though a big perennial river, is not used for irrigation There are numerous small kattes at the head of the several kovus or valleys which benefit the gardens and paddy fields below Jungle streams flowing from the kans on either side of the valleys are availed of for irrigation purposes It is on these that the gardens mostly depend for their water supply In some places, running water is found throughout the year. Paddy fields depend chiefly upon rain water, especially the high-lying makki lands. No irrigation wells of any importance exist in these parts.

10. *Communications* —There were only three made roads in existence at the time of the original settlement, *viz.*—

(1) Shimoga-Mangalore road,
(2) Agumbe-Begur road, and
(3) Road from Anantapur to Humcha (portion of the Anantapur and Tirthahalli road).

Four additional roads have since been made and are available for traffic These are —

(1) Humchadakattee Tirthahalli road (portion of the Anantapur-Tirthahalli road),
(2) Tirthahalli-Koppa road,
(3) Tirthahalli-Hulikal road, and
(4) Mandagadde Yedahalli road.

The newly formed Mandagadde-Yedahalli road, although mostly lying outside the tract under consideration, is of much use to the villages in the north-east of the taluk There are also two local roads, one leading from Tirthahalli to Kavaleduiga and the other from Malur to Mahishi, a place of pilgrimage Most of the villages in the Mandagadde and Muthur hoblis are inaccessible to wheeled traffic and one or two connecting roads here would be of much use. Rough cart-tracks exist in these parts but cannot be used by carts with any degree of safety They are useful for pack bullocks only. There are, however, two cart-tracks which are in fairly good condition, one leading from Gudikoppa to Malur and the other from Mahishi to Mrigavadhe in the extreme east Of all these roads, that to Shimoga is the most important Shimoga is the terminal railway station of the Birur-Shimoga branch line and is situated at a distance of only 12 miles from the boundary of the Tirthahalli Taluk.

11. Owing to the proximity of the railway, the direction of trade has been considerably altered. Piece-goods and non-ware, which were being imported from Mangalore, are now coming from Shimoga to a large extent Similarly, rice, which was chiefly going to Udipi side, is now exported to a considerable degree to the great rice market at Avanur and thence to Shimoga for being taken to the maidan parts by rail Owing to made roads on all sides, Tirthahalli has become an important centre of trade

12 *Exports and imports* —The chief articles of export are supari, rice, cardamoms and pepper, supari being exported to Birur, Shimoga and Bellary and the other articles to the maidan country, mostly through Shimoga Dry grains, tobacco, kerosene-oil, non-ware, kamblies, piece-goods and cattle are imported from the maidan country Cocoanuts, common salt and some piece-goods, especially cheeks, come from Mangalore

13 *Fairs and festivals.*—Weekly markets are not held anywhere in the tract under report. Avanur, Shimoga, Birur, Bellary and towns on the West Cost are the markets for the taluk. Annual fairs are held at Tirthahalli, Mahishi, Agumbe, Mahge, and Mrigavadhe during car festivals, of which the Rameswara festival at Tirthahalli in the month of January is the most important, where transactions to the extent of 4 or 5 lakhs of rupees are said to take place every year Owing to improved communications and the proximity of the railway, the ryots find a ready market for all the surplus produce of the taluk Plantain leaves and fruits, which were not commanding a sale till recently, are now being sent in several cart-loads to Shimoga for being sold there, either for local consumption or for purposes of export

14. *Manufactures and industries.*—There is no manufacture or industry of any kind in this taluk There are 46 sugar-cane mills and 77 shops of goldsmiths.

15 *Population*—The population of the tract under consideration at the several census periods is as follows :—

1871	...	...	50,624	1901	...	...	56,563
1881	..	..	55,463	1911	...	...	53,672
1891	...	...	58,362				

There has been a slight fall in the total population at the last census but it is higher than what it was in 1871 The fluctuations do not appear to be abnormal and the great famine of 1876 in the maidan parts of the province seems to be responsible to some extent at least for the increase of population in 1881. The density of population is 113 as against 107 to the square mile recorded at the census of 1871. There has been a rise in population in the important villages of the tract. Reasons for the decrease of population during the last two decades must be found in circumstances other than the effect of the malnad climate on human health, which, after all, seems to be one of the many causes operating in that direction

16. *Agricultural Resources.*—The following statement shows the present condition of the taluk as regards its agricultural resources, as compared with what it was at the time of the original settlement :—

Items		At original settlement	As per re survey	Increase or decrease
Houses	Tiled ...	276	598	+ 322
	Mud ...	192	99	— 93
	Thatched	6,991	8,106	+ 1,115
	Total	7,459	8,803	+ 1,344
Horned cattle		47,901	56,279	+ 8,378
Carts	Halli carts	64	10	— 54
	Chakkada carts	99	672	+ 574
	Vaddar carts		23	+ 23
	Total	162	705	+ 543
Ploughs		6,074	8,096	+ 2,022

It is satisfactory to note that there has been decided improvement under all the heads. The increase in the number of carts is evidently due to the extension and formation of roads for wheeled traffic. Though the number of cattle is large enough, their condition is not as satisfactory as in the maidan parts in the province. They are all of stunted growth and improved methods of breeding good cattle are not resorted to by the raiyats, who purchase their stock of cattle in the Honnali, Davangere and the bordering taluks of the Dharwar Collectorate. There is a plentiful supply of fodder in the taluk but the excessive rainfall seems to impede the healthy growth of cattle. The ploughs used are all of a primitive kind and no improved implements worth mentioning have been availed of.

17. *Prices.*—There is no need to dilate upon the subject of prices, as it is a fact admitted by all that there has been a general rise in the prices of food grains in all parts of the province. The rise has been shown in previous reports to be between 30 and 40 per cent at a very moderate estimate. For the tract under consideration, statistics of prices are not available in the taluk for the years prior to 1899-1900. The statement furnished by the Amildar for the recent years shows that the price of rice, the staple food of the country, has steadily increased from twelve seers to six seers per rupee. The prices of other grains also are similarly affected. Supari commands a good price, especially after the abolition of the halat. There is no doubt that the price of supari has considerably increased.

18. *Value of land.*—An examination of 559 transactions of sale and 489 of mortgage shows that the average value realised at sales is 13 times and that obtained by mortgages is 14 times the assessment as follows :—

	Transactions	Amount Rs.	Survey assessment Rs.
Sales	559	2,33,863	18,486
Mortgages	489	3,76,206	26,471

The increase in the amount secured by mortgages is explained by the fact that only the best of the lands are generally mortgaged, the owners thereof being unwilling to part with them and being confident of repaying the loan out of the yearly crops. It is not only true that land commands a good value here, but also the price has been increasing day by day. Rice lands, which were selling from Rs. 15 to Rs. 20 an acre in 1880 are now being sold at 40 to 50 rupees an acre, while garden lands have risen from Rs. 200 an acre to five or six hundred rupees or even more according to situation.

19. *Labour and wages.*—Labourers are annually imported from South Canara for working in the supari gardens. They generally come in the cold weather about the month of December and leave the taluk before the commencement of rains. The below-ghaut coolies have become more expensive now-a-days, but the malnad raiyat, who has to provide himself against the heavy monsoon, cannot help indenting upon extra labour during the fine weather. The coolies are paid both in cash and in kind. The daily allowance per man is one seer of rice with necessary condiments together with a cash payment of two annas. Besides these coolies, there are the day labourers and annual labourers or "Jitada-Alugalu." The wages of these also come to between five and six annas a day per man and four annas a day per woman or boy.

20. *Results of revision survey.*—The 18,212 survey numbers of original survey have now become 19,087 resurvey numbers, showing an increase of 875 numbers. These numbers by themselves do not represent the quantity of remeasurement done at the resurvey. Measurements had to be made according to the standing orders of Government for allowing margins of roads and tank bunds and for including lands in forests and plantations. In *misreet* numbers, different descriptions of lands had to be measured and ascertained. Measurements had also to be made with reference to old Tippan books in locating the missing boundary marks.

Land Survey, dated 4th December 1914.

21. *Reclassification.*—The original soil classification has not been generally interfered with. Reclassification of water-supply to wet and garden lands has been resorted to only when necessary as in the case of abandoned garden lands or new gardens formed or in clear cases of improved or diminished water-supply.

22. *Past and present areas.*—The area of the taluk according to resurvey is compared in the following table with the area according to original survey under the different classes of lands:—

Description	Former survey area as per Akarband	Resurvey area	Increase or decrease
	Acres.	Acres.	Acres.
Arable dry crop land	11,395	12,201	+ 806
Do rice land	43,168	42,740	— 428
Do garden land	6,782	6,913	+ 131
Unculturable land	2,38,449	2,40,569	+2,120
Total ...	2,99,794	3,02,423	+2,629

The total area as per resurvey is in excess of that recorded at the original survey by 2,629 acres or only '87 of an acre per cent which calls for no remark, especially as the country surveyed abounds in hills, valleys, and forests and as the area of each survey number has been scrutinised both in field and in office. Dry land has increased by 806 acres and garden by 131 acres. The decrease has been only under 'Wet' and is 428 acres. This, however, is compensated for by the increase under the other two heads.

23. Details regarding the extent of occupied and unoccupied lands under the three descriptions at the original survey and at resurvey, will be found in the following table:—

Description	Occupied			Unoccupied		
	According to original settlement report	At resurvey	Difference	According to original settlement report	At resurvey	Difference
Dry ..	2,191	6,532	+4,341	6,109	4,225	—1884
Wet ...	25,020	29,557	+4,537	3,471	3,379	— 92
Garden ...	4,799	5,646	+ 847	187	39	— 148
Total ...	32,010	41,735	+9,725	9,767	7,643	—2,124

There has been a large increase of 9,725 acres under occupied lands and the unoccupied land has diminished by 2,124 acres. Both these are satisfactory.

24 *Revenue History.*—The revenue history of the taluk is given in detail year by year in Appendix A. Details, however, are not available for the years 1878-79, 1879-80 and 1880-81. The following is an abstract of Appendix A and briefly indicates the revenue history for quinquennial periods:—

Period	Government occupied land								Remission	Amount realised
	Dry		Wet		Garden		Total			
	Acres	Assessment	Acres	Assessment	Acres	Assessment	Acres	Assessment		
1	2	3	4	5	6	7	8	9	10	11

1909-10 (single year)	+5	3,622	976	3,372	7,371	231	1,900	7,225	10,247	

25. The foregoing figures show that there has been a steady progress in cultivation of all the three kinds and in the revenue realised. There has been little or no remission except the remission of supari garden assessment granted in 1896 in six villages which are now included in the Nagar Taluk. In spite of the small variations to be observed in the progress, the revenue history of the taluk is on the whole very satisfactory. The extent of occupied lands has increased from 39,180 acres in 1878-79 to 41,677 acres in 1909-10 and the collections have correspondingly increased from Rs. 1,47,234 to Rs. 1,54,222 in 1909-1910.

26. *Grouping and maximum rates.*—Having now finished the consideration of the facts necessary to have an idea of the material advancement of the tract from the time of the original settlement, I shall now pass on to the grouping of villages for purposes of revision settlement. In some of my previous reports, I have explained how inadvisable it is to disturb the original grouping without strong and adequate reasons in support thereof. In the taluk under consideration, although there has been some extension of roads, the the improvement in this direction has not been such as to call for any change in the original grouping. I propose, therefore, to retain the original grouping with maximum rates as follows:—

Group I.—Seventy villages forming the central strip of the taluk and situated within easy reach of either side of the important high road between Shimoga and Tirthahalli enjoying excellent climate and facility for the conveyance and disposal of their produce. For these, I propose to retain the old maximum dry rate of Re. 1 per acre and to increase the wet maximum rate from Rs. 6 to Rs. 6-12-0 per acre.

Group II.—Hundred and sixteen villages, some of which are situated on either side of the road between Megarvalli and Agumbe and the rest at considerable distance from the ghauts. For these, I propose to retain the old maximum dry rate of annas 12 per acre and to increase the maximum wet rate from Rs. 5-8-0 to Rs. 6-2-0 per acre.

Group III.—Fifty-four villages situated in difficult country near the ghauts and in the wild country at several corners of the taluk comparatively difficult of access to wheeled traffic. For this, I propose to retain the old dry maximum rate of annas 8 per acre and to raise the maximum wet rate from Rs. 5 to Rs. 5-10-0 per acre.

27. *Maximum dry rate.*—The old maximum dry rate having been retained in all the groups, it is sufficient if I point out that dry crop is of little importance in these parts and is carried on only to a very limited extent.

28. *Maximum wet rate.*—I propose an increase of 12 annas per acre in Group I and of 10 annas per acre in the other groups. The rate, now proposed, is almost similar to what has been proposed and sanctioned for the other malnad taluks.

29. *Garden maximum.*—I have adopted the reduced maximum of Rs. 18, Rs. 16 and Rs. 15 for the three groups against the old maximum of Rs. 20, Rs. 18 and Rs. 16 respectively.

Land Survey, dated 4th December 1914.

30. *Effect of revision.*—The following table shows the effect of the proposed settlement on all descriptions of Government occupied lands :—

Description	By former settlement as per collections of 1909-10			By proposed revision settlement			Increase or decrease in the average rate per acre
	Area	Assessment	Average rates	Area	Assessment	Average rates	
Dry	6,506	1,857	0 4 7	6,532	1,880	0 4 7	... ...
Wet	29,804	80,929	2 11 5	29,557	89,918	3 0 8	+0 5 3
Garden	5,367	71,436	13 5 0	5,646	69,244	12 4 3	—1 0 9
Total ...	41,677	1,54,222	3 11 2	41,735	1,61,042	3 13 9	+0 2 7

Whereas the average dry rate remains the same, there is a moderate increase of Re. 0-5-3 in the average wet rate and a decrease of Re. 1-0-9 in the garden average. Taking totals, the average rate per acre shows an increase of only 2 annas and 7 pies per acre.

31. *Garden assessment.*—In dealing with the assessment of gardens, I have to point out that this taluk, unlike the other malnad taluks of Sagar, Nagar, Sorab, late Ananthapur and Koppa, was excluded from the special remission sanctioned by Government in 1896. The rates therefore have to be revised with reference to the original settlement and to the merits of the gardens themselves. According to the revenue accounts of 1909-10, the extent of occupied gardens is 5,367 acres, assessed at Rs. 71,436. Out of this, 287 acres, assessed at Rs. 2,105 was converted into wet during reclassification, as there was no garden existing thereon. The extent now classed as garden is 5,646 acres, so that the area newly brought under cultivation is 566 acres. The total assessment on gardens under my proposals comes to Rs. 69,193 which is about Rs. 2,000 less than the former collection. This has been brought about by the adoption of a lower maximum than at the original settlement as they were rather high, the reasons for which are obvious, and also by the fact that due regard had to be paid in assessing new gardens, to the principle of excluding the raiyats capital and labour from taxation, enunciated in Section 115 of the Land Revenue Code, according to which the rates on the new gardens could not be brought to the level of the old garden rates. The revised assessment has made the nearest possible approach to the original, and does not admit of being pushed up further under the prevailing changed conditions. The garden average in the Tirthahalli Taluk is thus somewhat higher than the average in other malnad taluks, which is as it ought to be, considering that the supari gardens here are among the most valuable in the Shimoga District.

32. *Effect of proposed settlement by groups.*—The effect of the proposed settlement on the different groups will appear from the following statement, which refers to occupied lands only.

Group	Description of land	As per collections of 1909-10			Proposed assessment			Increase or decrease
		Acres	Assessment	Average rate	Acres	Assessment	Average rate	
				Rs. a. p.			Rs. a. p.	Rs. a. p.
I	Dry	2,442	841	0 5 6	2,419	838	0 5 7	+ 0 0 1
	Wet	8,044	23,832	2 15 5	7,876	26,238	3 5 4	+ 0 5 11
	Garden	1,155	17,098	14 12 10	1,256	16,466	13 1 9	— 1 11 1
	Total ...	11,641	41,771	3 9 5	11,551	43,542	3 12 4	+ 0 2 11
II	Dry	3,256	869	0 4 3	3,281	887	0 4 4	+ 0 0 1
	Wet	13,245	35,996	2 11 6	13,265	40,186	3 0 6	+ 0 5 0
	Garden	2,478	31,813	12 13 7	2,573	30,905	12 0 2	— 0 13 5
	Total ...	18,979	68,708	3 9 11	19,119	71,978	3 12 3	+ 0 2 4
III	Dry	208	147	0 2 11	832	155	0 3 0	+ 0 0 1
	Wet	8,515	21,101	2 7 8	8,416	23,494	2 12 8	+ 0 5 0
	Garden	1,734	22,495	12 15 7	1,817	21,873	12 0 7	— 0 15 0
	Total ...	11,057	43,743	3 15 4	11,065	45,522	4 1 10	+ 0 2 6
Total of Groups I, II and III	Dry	6,506	1,857	0 4 7	6,532	1,880	0 4 7	.....
	Wet	29,804	80,929	2 11 5	29,557	89,918	3 0 8	+ 0 5 3
	Garden	5,367	71,436	13 5 0	5,646	69,244	12 4 3	— 1 0 9
	Total ...	41,677	1,54,222	3 11 2	41,735	1,61,042	3 13 9	+ 0 2 7

The average rate for dry land remains the same in all the three groups. The increase in the average wet rate is 5 annas and 11 pies in Group I and 5 annas in Groups II and III. The garden average shows a decrease in all the three groups. Taking totals, the average rate has increased by two annas and 11 pies in Group I and two annas and 4 pies in Group II and two annas and six pies in Group III and on the whole there has been average increase of only two annas and 7 pies per acre.

33. *Percentage of increase or decrease in groups* —The percentages of increase or decrease in each group under the proposed revision are shown in the following table —

Group or Class	Number of villages in each group	By original survey		By revision survey						Increase or decrease on occupied land
		Government occupied land		Government occupied land		Government assessed waste		Total		
		Acres	Assessment	Acres	Assessment	Acres	Assessment	Acres	Assessment	
I	70	11 641	11 771	11 501	13 512	1 777	2 724	13 328	46,266	+ 4 21
II	116	18 979	68 708	19,119	71 978	4 910	5,172	24,029	77,150	+ 4 46
III	54	11 057	40 743	11 065	43 822	956	1,865	12,021	47,387	+ 4 07
Total .	240	41,677	1 51 222	41 735	1 61 042	7 643	9,761	49,378	1,70 803	+ 4 42

There has been an almost uniform increase in all the three groups, the net result on the total occupied area in the taluk being an increase of Rs 6,820 or 4 42 per cent over the collections of 1909-10.

34 *Unoccupied assessed waste* —The following statement shows the particulars of assessed waste land of all kinds available in this taluk for cultivation —

Group	Dry			Wet			Garden			Total		
	Acres	Assessment	Average rate	Acres	Assessment	Average rate	Acres	Assessment	Average rate	Acres	Assessment	Average rate
			Rs a p			Rs a p			Rs a p.			Rs a p
I	913	307	0 5 1	819	2 361	2 12 6	10	56	5 9 7	1,777	2,724	1 8 6
II	3,107	812	0 1 2	1 791	1 300	2 6 4	9	60	6 10 8	4,910	5,172	1 0 10
III	200	16	0 3 8	736	1,696	2 4 10	20	123	6 2 5	956	1,865	1 15 3
Total	1,225	1,165	0 4 5	3,379	8 357	2 7 7	39	239	6 2 1	7,643	9,761	1 4 5

35 *Conclusion* —As explained at sufficient length in the foregoing paras, my proposals for the revision settlement of the taluk under consideration provide for an increase of Rs 6,820 over the collections of the year 1909-10 or 4 42 per cent This small increase is amply justified by the progress that has been made during the currency of the original settlement in several directions Bordering on the Western Ghats, as it does, the taluk is always certain of copious rainfall—indeed the highest fall in the State is recorded at Agumbi, and famine is not known in these parts With this natural advantage of irrigation, the raiyat is sure of raising good crops on his lands, the only circumstance that he has to fear being abnormally heavy rainfall which does damage to some extent to the supari crop The garden lands have received due consideration The oppressive halat tax has been abolished, and the abolition of the tax has given a good deal of freedom to the raiyats to dispose of their produce to their best advantage They are profiting by the experiments made by the scientific department which has been organised by Government at considerable expenditure for the investigation and cure of plant diseases The rate of assessment has also been decreased with a view to lighten the burden on the garden owners and give them scope and means to improve their gardens. In the matter of communications, there have been extensions and formations of some roads during the currency of the original settlement so that the surplus produce can now be conveyed from one place to another with greater ease The opening of the Bhur-Shimoga branch line has given the taluk a railway station within easy reach, and has very much facilitated trade. The raiyats are better off in their agricultural resources than they were years ago. They have generally advanced with the times and as a consequence, the standard of their living has also arisen, which is an indication of their prosperity and ability to pay for luxuries. The increased cost of living and cultivator does not, I dare say, swallow up all the profits of agriculture, which have considerably increased by the great rise in prices of food grains. After defraying his expenses of living and cultivation, the raiyat is sure to find a good margin

Land Survey, dated 4th December 1914.

of profit under the prevailing circumstances. The rise in prices and the abolition of the halat have enabled the raiyat to be independent of the money-lender to some extent, and the notorious indebtedness of the malnad raiyat will, it is hoped gradually vanish altogether The revenue history of the taluk clearly proves that the revenue has always been realized with ease, there being no remissions worth notice, proving, at the same time, that the original settlement has been very judicious and has not operated to the prejudice of the raiyat or cultivation Prices of food grains have risen by about 40 to 50 per cent at the most moderate estimate Under these conditions, the addition of only 4 42 per cent to the existing revenue is fully justified and will not be felt by the raiyat The increase is indeed, very moderate and will, I am sure, be well received by the raiyats At the same time I have also to point out that there is little or no scope for raising the rates further than what I have proposed The wet lands have been made to contribute to the increase to a justifiable extent and the gardens bear a higher burden as compared with those in other malnad taluks The proposed rates seem to be the most equitable and involve neither any sacrifice of the legitimate revenue of Government nor any unjustifiable increase to the prejudice of the raiyats

36 *Kans* —There are now 14,162 acres of occupied kans paying assessment (not shown in Akarbands) of Rs 959 The present rates and tenure of the occupied kans should be continued, as has been done in the case of other malnad taluks already settled

37. *Limits of increase* —The village-war limit of 66 per cent has been exceeded in the marginally noted three villages in Group II These increases are due entirely to the extension of cultivation and not to higher rates Any increase over the authorized percentage on individual holdings will be enquired into and adjusted when the settlement papers are ready

1 Kategara
2 Kuttekoppa.
3 Horab lu

38 *Cesses* —Local fund and irrigation cesses will be a separate levy, as may be provided for by law Being proportionate amounts, no estimate is called for

39. A map of the taluk showing the grouping of the villages is attached to this report The usual appendices also accompany

40 In conclusion, I beg to solicit the sanction of Government to the rates now proposed The settlement will take effect in the year following that in which it is announced.

I have the honor to be,

Sir,

Your most obedient servant,

D SHAMA RAO,

Superintendent of Revenue Survey and Settlements in Mysore

APPENDIX A.

Revenue statement for villages of Tirthahalli Taluk of the Shimoga District from 1878-79 to 1909-10.

Year	Occupied lands paying assessment								Remission	Revenue collections after deducting remission	Miscellaneous revenue	Total revenue columns 11 and 12

Proceedings of the Government of His Highness the Maharaja of Mysore,

ACCOMPANIMENT No. 2.

Letter No. 64, dated Bangalore, 26th November 1913, from Rajakaryaprasakta Rao Bahadur D. Shama Rao, Superintendent, Mysore Revenue Survey, to K. B Srinivasa Iyengar, Esq. M.A., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

In continuation of my letter No 40, dated 22nd September 1913, I have the honor to forward herewith copy of letter No. 2776, dated 23rd November 1913, from the Deputy Commissioner, Shimoga District, expressing his concurrence in the proposals for the revision settlement of the Tirthahalli Taluk.

I have this day forwarded in continuation of the advance copy of the report, a copy of the Deputy Commissioner's letter above mentioned, to the Revenue Commissioner for favor of his opinion on the revision settlement proposals in question

Letter No. 2776, dated 23rd November 1913, from K. Mathan, Esq., B A., Offg. Deputy Commissioner of the Shimoga District, to the Superintendent of Mysore Revenue Survey.

I have the honor to acknowledge the receipt of your letter No 150, dated the 22nd September 1913, forwarding for my opinion a copy of your report on the proposed revision of the settlement of what was originally known as the Kavaledurga Taluk.

2. The tract dealt with in the present proposals comprises 234 villages of the Tirthahalli Taluk and six villages of the Nagar Taluk Its area is about 472½ square miles, and it presents all the characteristic features of the malnad.

3. The statistics given in your report in regard to agricultural resources, prices of produce and value of land may be taken as indicating that the taluk has participated in the general increase of prosperity throughout the State In spite of its unfavourable situation in regard to railways and communications generally we find in the taluk a large number of men of progressive ideas, and there is also a general appearance of wealth and prosperity in the more important centres. It is nevertheless my opinion that, side by side with this, there is growing indebtedness and poverty among the cultivating classes. The following extract from a recent report of the Amildar of Tirthahalli shows the other side of the picture:— "It is not the real raiyat in the taluk who can afford to spend anything for luxuries. It is only the few capitalists who, for all outward appearance pass as raiyats though they are not really so, whose standard of living has risen and who are able to indulge in luxuries. The condition of the real raiyat class is pitiable. They are in the clutches of the capitalists to whom they have to pay up all they grow, and should remain satisfied with the rates allowed for their commodities, and adjusted afterwards towards the money borrowed by them and the value of articles purchased by them. However high the market value may be the real raiyat will get for his produce only a moderate price which when compared with the costliness of living on account of rise in the price of food grains, will, in no way, be higher than what he was getting in the good old days when living was much cheaper. " . ..." In this taluk in almost all cases money is lent to secure the produce for as low a price as possible. The high prices in the market go a great way to fill the pockets of the money lenders. It is only those raiyats who are not indebted and are not in embarrassed circumstances that are improving under the present conditions, but the rest are much more entangled, and if their condition is studied minutely, there is no hope of salvation to such class of men in the near future. Every improvement will only go to better the condition of money lenders as most of the raiyats are heavily indebted, and their lands have been encumbered with heavy debts." Although I do not share the pessimistic view as to the future expressed in the above extract, I should say that it is a fairly correct account of existing conditions. Moreover the census of 1901 and 1911 showed a decline of population in both the preceding decades as mentioned in para 15 of your report. In a report I have submitted to Government I have shown that although the decline of the total population of this taluk during the decade 1901-1911 is only 2,827 or 5%, the natural population as enumerated at the census (*i.e.*, not counting immigrants) has declined from 49,286 to 42,031 or by nearly 15%. As there is no appreciable amount of emigration from the taluk these figures point to a serious decline of the human resources of the tract, and preclude our drawing a too bright picture of its prosperous condition.

4. At the same time I do not think that a specially light assessment will materially alter the present unsatisfactory condition of the majority of the cultivating classes, as it will not improve their position with reference to the capitalists by whom they are financed: and in my opinion there is no reason why the Government should forego their legitimate claim to an increased share in the income from land which is justified by the rise in prices. The rates of assessment proposed by you which give a revenue of Rs. 1,860 for 6,532 acres of dry land, Rs. 89,918 for 29,557 acres of wet land, and Rs. 69,244 for 5,646 acres of garden land and a total revenue of Rs. 1,61,042 as compared with Rs. 1,54,222 the collection for the year 1909-10 under the existing settlement, are moderate. The average rate for dry land remains the same as before, *viz.*, four annas seven pies per acre, that for wet land is raised from Rs. 2-11-5 to Rs. 3-0-8 per acre or by 12%, and the average garden rate is reduced from Rs. 13-5-0 to Rs. 12-4-3 or by 8%.

5. In para 38 of the report it is stated that irrigation cess will be a separate levy, but there is no mention made of the fact that the existing rates of assessment include irrigation cess, so that in order to compare like with like a sum of Rs. 9,948 (one-sixteenth of the total assessement on wet

Land Survey, dated 4th December 1914.

and garden lands) has to be added to the total amount to be collected under the proposed settlement which thus comes to Rs 1,70 990 or an average of Rs 4 1-7 per acre as against Rs 3 11 2 under the existing settlement resulting in an increase of six annas five pies or nearly 11% on the whole I however think that this is not an excessive rate considering the great rise in prices

6 On the whole the rates now proposed are fair and may be adopted

ACCOMPANIMENT No 3

Letter No. 13542, dated Bangalore, 9th May 1914, from K Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

With reference to your letter No R 5221—L S 12 13, dated 10th January 1914, requesting opinion on the proposals for the Revision Settlement of Tirthahalli Taluk contained in the Survey Superintendent's letter No. 28, dated 18th August 1913, I have the honor to state as follows —

2. The tract to which the proposals relate was known as the Kavaledurga Taluk at the time of the original settlement It consists of 234 villages which constitute the present Tirthahalli Taluk and six other villages which have since been transferred to the adjoining Nagar Taluk Tirthahalli is the last among the several taluks of the Shimoga District that have come up for revision settlement

3 Like Sagar and Nagar, Tirthahalli is essentially malnad in its nature Bordering as it does on the Western Ghauts, it is very hilly and thickly wooded, and only 20 per cent of the entire area of the taluk is cultivable But the bulk of the occupied area is devoted to wet and garden cultivation which has been rendered possible by the copious and timely rainfall with which the taluk has been favoured by nature This taluk has always been noted for its valuable supari gardens which are situated in the valleys containing a very rich soil The extent of gardens as per resurvey is 5,685 acres of which all but 39 are occupied The wet lands form 66 per cent of the total assessed area

4 Supari and rice are the principal crops grown The supari produced in this taluk has always been considered to be of a fine quality Rice is cultivated extensively throughout the taluk But only coarser varieties of it are grown and the practice of raising two crops does not exist here as it does in some parts of the Nagar Taluk There is very little of dry cultivation

5. A comparison of the average rainfall in the Tirthahalli Taluk as it stood at the time of the original settlement and as it stands now points to a slight decline But the taluk has not suffered at any time since the original settlement from failure of rains No remissions were granted on account of drought in the years 1891-92, 1905 06 and 1908 09 The advantage of an assured rainfall possessed by Tirthahalli has thus *continued unabated*

6 As regards population the statistics do not show any serious variation At the time of the original settlement (1876) the density of the population was 81 to the square mile as against 107 in 1871 The density at the last Census was 113 As compared to the total population of the year 1871, the Census of 1911 shows an increase In paragraph 15 of his letter the Survey Superintendent mentions that there has been a rise in population in the important villages of the tract. As compared, however, to the population of 1891 there has been a slight decline which the Officiating Deputy Commissioner, Mr. Matthan considers serious enough to affect the resources of the tract It is difficult to share in this opinion as there has yet been no evidence of any deleterious effect of this recent decline on the agricultural activities of the taluk as far as it can be judged from other circumstances such as the variations in the extent of lands under occupation and the agricultural resources of the taluk There has been an appreciable increase in the number of houses, carts, ploughs and cattle.

7. It is stated in paragraph 17 of the Survey Superintendent's letter that statistics of prices of food grains that prevailed up to the year 1899 1900 are not available But the statistics of the more recent years are as stated by him sufficient to show that this taluk has shared in the benefit of the general rise in prices that has taken place all over the State. The price of rice which is the staple food of the taluk has as in the other parts of the State nearly doubled itself. The price of supari which is the most important produce of the taluk has also been rising considerably

8 The system of importing foreign labour from South Canara for purposes of cultivation which is not peculiar to this taluk still continues There has been an increase in the price of wages as a natural consequence of the rise in the prices of food grains The increase in the cost of cultivation entailed by the increase in wages is more than compensated by the higher prices.

9. Lands have also risen in value since the original settlement though the value of the wet lands of this taluk is still very low as compared to those of maidan parts. The value of gardens is twice or even thrice what it was.

10 The physical characteristics of the taluk do not offer full facilities for easy traffic. But even at the time of the original settlement Tirthahalli compared favourably with the other malnad taluks in regard to made roads Since then four more roads have been made which have not only improved the means of communication within the taluk but have given it a better access to the markets in the other parts of the State To add to this the construction of the branch railway line from Birur to Shimoga has brought Tirthahalli within easy reach The surplus produce of the taluk is thus in a position to find a ready market

11. Thus the taluk shows signs of material improvement in various directions Coming now to the proposals for revision settlement, it may be noted that the original soil classification has not been generally interfered with and the original grouping has also been retained By adopting revised rates of assessment for wet and garden lands, it is proposed to bring about a small increase of Rs 6,820 in the revenue derived from the occupied lands, as compared with the actual collections of the year 1909-10 Including the assessment on unoccupied lands the taluk is calculated to yield a revenue of Rs 1,70,803 as against 1,51,418 at the time of the original settlement. The effect of the proposals on the several descriptions of occupied land is shown below :—

	By collections of 1909-10	By proposed revision	Difference
	Rs	Rs	Rs
Dry	1,857	1,880	+ 23
Wet	80,929	89,918	+8,989
Garden	71,436	69,244	—2,192

It will be seen that the assessment on the garden lands has been lowered and that the wet lands have been made to contribute to the increase

12. The maximum rates proposed for garden lands are Rs 18, 16 and 15 for the several groups against the old maxima of Rs 20, 18 and 16, and the average rate of assessment on occupied garden lands is Rs 12-4-3 per acre or Re 1-0 9 less than what it is now. The reasons for the reduction thus proposed, which are set forth by the Superintendent of Revenue Survey in paragraph 31 of his letter, are not clear. When the Tirthahalli Taluk was settled the effect of the garden rates adopted for the other malnad taluks which had been already settled was fully known; and the experience gained thereby led to the adoption of the comparatively lower rates at Tirthahalli The rates so adopted at the original settlement were acknowledged by the garden owners themselves to be fair and equitable, during the special enquiry instituted into the condition of malnad gardens in the years 1891-92. This taluk was, therefore, not granted the special remission which was sanctioned in 1896 for the other taluks, the rates of Tirthahalli being adopted as the basis for granting such remission. Such being the case the Survey Superintendent's observation that the maximum rates for Tirthahalli at the time of the original settlement were rather high does not seem to be well founded The garden lands of this taluk are as remarked by him very valuable, and with the exception of only 39 acres the whole extent is under occupation As in the other supari growing tracts, the garden owners have been relieved of the halat. The price of arecanut which was selling at Rs. 9 14 0 per maund in 1896 has risen by at least 30 per cent. Facilities for exporting the article have increased. Under these circumstances it would be quite justifiable if the original rates are slightly raised; at least they may be left undisturbed. There are no substantial reasons for making a reduction. Even the liberal policy enunciated by Government in letter No 215—L S 26-05-14, dated 6th July 1906 in regard to the malnad taluks generally required only that the rates adopted in 1896 (which in their turn were based on the Tirthahalli Standard) should not be exceeded. However, the actual rates adopted for Sagar, Sorab and Nagar at the revision settlement were much lower than what was intended Apparently in view of the very favourable treatment thus extended to the other taluks, the Survey Superintendent has considered it necessary to reduce the rates for Tirthahalli in the manner proposed though there is nothing to show that the present rates have worked any real hardship. In order that there may be equality in the treatment accorded to the malnad taluks the revised rates which involve a decrease of Rs. 2,192 may be adopted.

13. The maximum rates proposed for wet lands are Rs. 6-12-0, 6-2-0 and 5-10-0 for the several groups as against Rs. 6, 5-8-0 and Rs. 5-0-0 of the original settlement. On the average, the proposals for revision lead to an increase of Re. 0-5-3 per acre of occupied wet area or of 12½ per cent over the existing demand The increase is rather high as compared to the results of the revision made in the other malnad taluks except Sagar which for special reasons demanded a reduction of assessment :—

Average rate per acre of occupied wet area.

	As per original settlement.	As per re-survey.	Difference.	Percentage.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs.
Sagar ...	3 1 6	2 13 11	—0 3 7	— 7·2
Sorab ...	3 3 3	3 8 7	+0 5 4	+10·4
Nagar ...	2 12 11	2 15 1	+0 2 2	+ 4·8
Tirthahalli ...	2 11 5	3 0 8	+2 5 3	+12·1

The general improvement that has taken place in the taluk during the last 35 years would of course justify an enhancement of the assessment on wet lands but whether it can be to the extent proposed is a matter for some consideration; the prevailing market value of rice lands in this taluk, *viz.*, Rs. 40 to 50 per acre is still low, only coarse varieties of rice are grown and that only once a year, and 3,379 acres of land are not occupied. However, as the revised rates which involve an increase of Rs. 8,989 over the existing revenue demand are agreed to by the Deputy Commissioner, I recommend that they may be sanctioned.

14. On the whole the result of the proposed revision is an addition of only about 4·42 per cent to the existing revenue, as in the case of the Nagar Taluk, and the increase is comparatively lower than that sanctioned by Government for the semi-malnad and maidan taluks of the district.

Land Survey, dated 4th December 1914.

ACCOMPANIMENT No. 4.

Letter No. 1, dated Bangalore, 2nd July 1914, from D.K. Darashah, Esq., B. L., Superintendent of Revenue Survey and Settlements in Mysore, to D. M. Narasinga Rao, Esq., B.A., B.L., Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

In continuation of this office letter No. 64, dated 26th November 1913, forwarding copy of letter No. 2776, dated 23rd November 1913, from the Deputy Commissioner, Shimoga District, expressing his concurrence in the proposals for the revision settlement of the Tirthahalli Taluk, I have the honor to state that the Revenue Commissioner in his letter No. 13542, dated 9th May 1914, to Government—copy of which was forwarded to me, after discussing at some length the propriety of the proposed increase in the wet rates and reduction in the rates of garden assessment, has finally expressed his agreement to the settlement.

There appears to be a certain misapprehension on the question of garden assessment now proposed to be levied in the taluk. The tract was excluded from the special remissions sanctioned in 1896, and the rates therefore had to be revised with reference to those of the original settlement and to the merits of the gardens themselves in their existing condition. The general condition of malnad gardens, the difficulties attendant upon securing labour, the higher wages to be paid, are all factors which have gone to lower the original garden maximum so as to obviate burdensomeness in the incidence. Another factor that has contributed to the decrease is the necessity of a tenderness in handling land newly cultivated with garden crops. Above all, it is essential that the rates prevailing in a taluk on any particular class of cultivation should not, except for very strong reasons, be characterised by a striking disagreement with those adopted in neighbouring tracts, as will be the case if the proposed garden rates are pitched sensibly higher.

The Revenue Commissioner, though of opinion that there is every justification for an enhancement of the wet assessment, is yet doubtful as to the equitableness of increasing the rate to the extent proposed. In the consideration of this question it must not be forgotten that the tract is favoured with a copious and well distributed rainfall, and that therefore famines are generally unknown there. Prices have mounted very high since the original settlement—a benefit in which land owners of Tirthahalli Taluk have participated freely ever since the Railway was brought near to its doors. It is on all hands agreed that Government would be justified in asking for a share out of increment from such a source; and I still think that an average increase of Re. 0-5-3 per acre is in reality a modest one in the case of Tirthahalli. A reference to para 4 of the Deputy Commissioner's letter No. 2776, dated 23rd November 1913, referred to above, will convince Government that the rates proposed will not in any way press heavily on the raiyats

In these circumstances, I request that Government, may kindly be pleased to sanction the proposals early so that the revised rates may be announced during the ensuing cold weather.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 5459, dated the 11th November 1914, from the Revenue Commissioner in Mysore, forwarding copy of his office Memorandum No. 5450-8 of the same date reviewing the statements of cattle mortality in the several districts during the year 1913-14.

No. R. 4404—AGRL 26-13 12, DATED BANGALORE, 8TH DECEMBER 1914.

ORDER THEREON.—Recorded.

D. M. NARASINGA RAO,

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The Report on the Administration of the Forest Department for the year ending 30th June 1914 submitted by the Conservator of Forests in Mysore, with his letter No. 3432, dated 30th September 1914.

No. R. 5465-76—FT. 89-14-5, DATED BANGALORE, 21ST DECEMBER 1914.

ORDER THEREON.—*Personnel.*—The department was presided over during the year by Rajakaryaprasakta Rai Bahadur Mr. M. Muthanna who retired at the end of the year, having held the appointment of Conservator of Forests for over 12 years. Government have already placed on record their high appreciation of the services rendered by him.

2. *Khedda Operations.*—In addition to the ordinary work of the department, khedda operations were organised on a large scale in the Kakankote Forests in the Mysore District on the occasion of the visit of His Excellency the Viceroy to the State in November 1913. The results were attended with remarkable success chiefly due to the resourcefulness and energy displayed by the Forest Officers under the direction of the Conservator. One hundred and nine elephants were caught and the operations resulted in a net gain of Rs. 52,223 to the State.

3. *A Survey of Forest Resources.*—With a view to collect accurate information regarding the forest resources in the State and to investigate the possibilities of the development of forest industries, two Forest Officers were placed on special duty during the year. They have examined several tracts in the Kadur and Shimoga Districts and their reports are now before Government.

4. *Reservation of Forests.*—During the year, the area of State Forests rose from 2,681½ square miles to 2,750 square miles. Twenty-nine blocks with an area of 126½ square miles were settled by the Forest Settlement Officer. In view of the comparatively small amount of work of this kind to be undertaken hereafter it has been decided to abolish the appointment of Forest Settlement Officer from 1st July 1914 and to entrust the work hereafter to the Revenue Sub-Division Officers having jurisdiction over the areas to be settled. The Revenue Commissioner and the Conservator of Forests are expected to make the necessary arrangements to see that settlement operations are completed under the new system with all reasonable despatch.

5. *Selection of New Areas for Reservation.*—As regards the selection of new areas for reservation, the bulk of this work has to be done in the Shimoga and the Kadur Districts. In the last year's review, Government had occasion to observe that the progress in the Shimoga District was slow. During the year under review, the work seems to have come to a standstill. Government are aware of the numerous difficult questions which the problem of additional forest reservation in the malnad has given rise to and which have formed the subject of much discussion in the Representative Assembly. Government would be glad if the Conservator of Forests and the Deputy Commissioner of the District could arrange to meet together and discuss the question in all its aspects and submit definite recommendations, after a thorough examination of all pending proposals, as to the principles to be followed in the matter of such reservations hereafter.

6. *Forest Surveys.*—Progress in forest surveys was also slow. It is proposed to get this work done hereafter by an officer of the Forest Department; and orders have been recently passed to associate with the Public Works Department Officer now engaged in the Surveys an officer of the Forest Department for a short time for training and to relieve the latter as early as practicable.

7. *Reproduction and Condition of Stock.*—Except in the Shimoga and Kadur Districts, the seasonal conditions were not favourable for reproduction of forest trees. Nevertheless, the improvement of stock received attention as usual. Owing to late and scanty rainfall fire protection was difficult but the measures adopted were, on the whole, successful except in the Shimoga District where there were two serious and extensive fires.

8. Spike disease in sandal does not show any abatement in its virulence wherever it has appeared, though it seems to be spreading slowly. A thorough investigation into the causes and remedies for this disease has been commenced, at the instance of Government, by the Director of Agriculture who is also an experienced Mycologist.

9. *Communications and Buildings.*—There was an increase in the expenditure on the opening of communications and the construction of quarters for subordinates and other necessary buildings, the cost incurred on this account, including the sum spent on maintenance, being Rs. 59,503 against Rs. 40,680 in the previous year. The work on the Yedehalli Tarikere Tramway which has been started with a view to provide greater facilities for transport of forest produce from the valuable forests in the tract, was pushed on with vigour and the line has since been opened for traffic. A saw-mill has been established at Kumsi and it is reported to be now in working order.

10. *Exploitation.*—The exploitation of minor forest produce, fuel and bamboos is now made almost entirely through private agency and the same system is being extended, as far as possible, to the removal of timber so as to enable the forest establishment to devote a greater measure of attention to its legitimate work of forest conservancy and protection. The department has also undertaken the supply of sleepers for the railway lines under construction in the State and nearly 30,000 sleepers of all kinds were supplied during the year. The Conservator reports that the initial difficulties are just being overcome and Government trust he will be able to supply the full stipulated quantities in time hereafter.

11. *Price of Timber and Sandalwood*—The price of timber continued to show an upward tendency. The prices realized at the periodical auction sales for some of the superior species are reported to be in excess of those charged at the retail rates, even though the latter are for selected logs. The question of abolishing retail sales in Government Depôts is engaging consideration. The price of sandalwood also exceeded the record rates obtained in the previous year, the average rate, per ton, being Rs. 1,067 against Rs. 940, per ton, in the previous year. The war in Europe is reported, however, to have affected the prices seriously this year and the annual sales have in consequence been postponed, for the present, to March 1915.

12. The quantity of timber sold during the year direct by the department was 372,005 cubic feet which, though less by nearly 20,000 cubic feet than that sold in the previous year, realised Rs. 4,98,811 or more than a lakh of rupees over that realised in the previous year. The value of timber removed by private agency was Rs. 2,09,980. The total quantity of sandalwood sold was 2,148 tons against 2,418 tons in the year previous, the prices realised being, respectively, Rs. 22,57,542 and Rs. 22,68,608.

13. *Financial.*—The total revenue realised was the highest yet on record being Rs. 33,91,057, *i.e.*, about Rs. 96,000 more than that of the previous year. The increase was due mainly to the better prices realised for timber and sandalwood and to a large return from the sale of elephants captured at the kheddas.

14. The expenditure on Forest proper (*i. e.*, exclusive of the charges on Game Preserves) was Rs. 8,97,021 against Rs. 6,83,501, in the year previous. A great part of the increase is of a temporary character caused by the khedda operations. Of the expenditure, Rs. 5,57,430 was spent under the head "Conservancy and Works" and Rs. 3,39,591 under "Establishments." The year's transactions left a surplus of Rs. 24,94 036.

15. *Working Plans.*—For want of adequate staff no new working plans are reported to have been prepared during the year. Orders have since issued deputing Mr. H. S. Narayana Rao, B.A. (Oxon) on this work. Details of operations carried on under existing working plans seem to show that the working plans provide for a greater degree of exploitation than the department is equal to under ordinary circumstances as it has not been found possible to give effect to them to the fullest prescribed extent. The Conservator is requested to bear this point in mind and issue suitable instructions regarding the preparation of future plans.

Revenue (Forest), dated 21st December 1914.

16. *Forest Offences.*—The number of forest offences reported during the year was 973 as against 875 in the previous year but most of them are of a petty character such as unauthorised fellings and illicit grazing. Cases of injury to sandal trees, dealt with under Section 73 of the Forest Regulation, also showed an increase of 85. The disposal of the cases, however, showed no appreciable improvement. With a view to lessen delays in the disposal of such simple cases, Government prescribed the submission of a quarterly statement of pending cases last year. These statements have not been received. The attention of the Deputy Commissioners is drawn to the omission and they are requested to make special efforts during the remaining months of the current year and see that, as far as possible, there are no cases pending for more than three months at the end of the year.

17. *Conclusion.*—Though there are several directions in which the work of the department is capable of improvement, Government are pleased to note that, on the whole, the department has been maintained in a state of efficiency during the year and that its officers deserve to be congratulated on having shown a satisfactory record of work in spite of the extra demand made on their activities by the khedda operations and other works of a special nature.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Forests), dated 31st December 1914.

READ—

Representative Assembly Subject No. 522 of 1913 requesting permission for the free removal of thorns from Amrit Mahal kavals for hedges of cultivated lands, etc.

2. Letter No. 2730, dated 11th September 1914, from the Conservator of Forests in Mysore, stating that the indiscriminate removal of thorns renders the land unfit for pasture and retards the free growth of sandal trees, but suggesting that the Amrit Mahal Department might be consulted.

Letter No. 1512, dated 21st October 1914, from the Military Secretary to His Highness the Maharaja of Mysore, stating that the Superintendent, Amrit Mahal Department, has no objection to allow the raiyats to remove thorns and undergrowth from Amrit Mahal kavals for the hedges of cultivated lands, provided they obtain free permits from the Amrit Mahal subordinates as to the time and place of their removal.

No. 5689-98—FT. 76-14-6, DATED BANGALORE, 31ST DECEMBER 1914.

ORDER THEREON.—Government are pleased to direct that raiyats holding lands be permitted to remove thorns and prickly shrubs from Amrit Mahal Kavals on *Mufi* licenses to be granted by Amrit Mahal subordinates. Care should, however, be exercised to ensure that the growth of sandal trees is not interfered with in any way.

Government Notification No. R. 5126—Ft. 90-09-2, dated 27th January 1910, notifying, under Section 4 of the Forest Regulation, the proposal to constitute certain lands in the Kankanhalli Taluk into a State Forest under the name of Gangadharangudda Block and appointing the Forest Settlement Officer to conduct the necessary enquiries.

2. Letter No. 8249, dated the 24th December 1914, from the Revenue Commissioner in Mysore, submitting the Forest Settlement Officer's letter* No. 366, dated 28th May 1913, reporting on the conclusion of the settlement of the block.

*3. Letter No. 11521, dated 4th May 1914, from the Conservator of Forests in Mysore, stating that he is agreeable to the settlement made.

* Printed as accompaniment with its enclosures.

No. R. 4052-5—Ft. 114-13-4, DATED BANGALORE, 2ND DECEMBER 1914.

ORDER THEREON.—The settlement is approved and the notification under Section 17 of the Forest Regulation will be published in the *Mysore Gazette* declaring the block a State Forest with effect from 1st January 1915.

2. The Deputy Commissioner, Bangalore District, is requested to take the necessary action to grant other land in exchange, as decided by the Forest Settlement Officer, to the khatedar of survey No. 51 of Ajjagowdanvalse village which is included in the block.

3. The Deputy Commissioner is further requested to duly promulgate the boundaries of the block in the localities in which it is situated.

Proceedings of the Government of His Highness the Maharaja of Mysore,

NOTIFICATION

No. R. 4056—Ft. 114-13-5, dated Bangalore, 2nd December 1914.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st January 1915, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a State Forest, subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block	
Bangalore	Kankanhalli Taluk *Maribadi hobli*— 1. Padavangere 2. Guttalhunse 3. Ajjegowdanvalse 4. Maniyembal *Kasaba hobli*— 5. Rayasandra	2·3 square miles	Gangadharangudda	*Situation.*—A tract of jungle to the north-east of the Kankanhalli town, situated between the Basavanahole on the south and Kankanhalli-Harohalli road on the west. BOUNDARIES. *North.*—Starting from a point (south-west corner of survey No. 131 of Padavangere) about 6 chains west from the south-west corner of survey No. 20 of Padavangere, the line runs east in a straight line along the western boundary of the said village for about 36 chains to the south-west corner of survey No. 159 of Padavangere.

East.—Thence south-east in a straight line along the south side of survey No. 159 of the same village for a distance of about 128 chains to its south-east corner; then south for about 51 chains through survey No. 52 of the Guttalhunse to a point on the southern boundary of the village about 22 chains south-west from the northernmost corner of survey No. 43 of the said village and 22 chains south-east from the westernmost corner bandhs of survey No. 52; then south-west through survey No. 122 of Maniyembal for about 9 chains to a point on its west side about 22 chains south-east from its northernmost corner; then south-east along its west side for about 18 chains to the westernmost corner bandhs of survey No. 137 of Maniyembal; then along its west side for about 8 chains to the north-west corner of survey No. 60 of Ajjegowdanvalse.

South.—Thence west in a straight line through survey No. 50 of Ajjegowdanvalse for about 94 chains to the trijunction of Anumanahalli, Rayasandra and Ajjegowdanvalse villages; then west for about 24 chains along the northern boundary of the Anumanhalli village to a point about 14 chains east from the south-east corner of survey No. 105 of Rayasandra.

West.—Thence north-west in a straight line through survey No. 104 of Rayasandra for about 70 chains to a point on the southern boundary of survey No. 101, about 22 chains west from the north-east corner of survey No. 104; then in the same direction in a straight line through survey No. 101 of Rayasandra for about 78 chains to the starting point.

Remarks, A.—The following rights of way are admitted within the block, throughout the year :—

(i) Foot-path from Rayasandra to Padavangere, 6 feet wide and about 10 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 14 chains north-east from the north-east corner of survey No. 98 of Rayasandra, runs north-east through survey No. 101 and quits the forest in its northern boundary at a point about 5 chains east from the south-west corner of survey No. 20 of Rayasandra.

(ii) Foot-path from Padavangere to Ganghadharana temple in survey No. 52 of Guttalhunse, 6 feet wide and about 56 chains long, for men and cattle. It enters the forest in the eastern boundary at a point about 18 chains south from the southernmost corner of survey No. 174 of Padavangere, runs south-east through survey No. 160 of the same village and reaches the Gangadharana temple which is treated as an enclosure.

(iii) Foot-path, 6 feet wide and about 9 chains long, from Guttalhunse to Gangadharana temple in survey No. 52 of Guttalhunse for men and cattle. It enters the forest in its eastern boundary at a point about 17 chains west from the north-west corner of survey No. 51, goes south-west through survey No. 52 to the said temple.

Revenue (Forest), dated 2nd December 1914.

(iv) Foot-path from Mavatur to Padavangere, 6 feet wide and about 64 chains long, open for men and cattle. It enters the forest in its southern boundary at a point about 24 chains west from the north-west corner of survey No. 60 of Ajjegowdanvalse; runs north-west and north-east through survey No. 50 of Ajjegowdanvalse and 160 of Padavangere, and joins foot-path No. (ii) *supra*.

(v) Foot-path from Maniyembal to Padavangere, 6 feet wide and about 20 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 17 chains north-west from the north-west corner of survey No. 137 of Maniyembal; runs north-west along the eastern boundary of survey No. 160 of Padavangere for about 10 chains and through the said survey number for about 10 chains and joins the foot-path No. (iv) *supra*.

Remarks, B.—The following concessions are admitted within the block:—

(1) The temple of Gangadhara in survey No. 52 of Guttalhunse is treated as an enclosure with a camping ground of three chains all round. Access to it will be by means of foot-path No. (ii) *supra*, for the Padavangere raiyats, and by means of foot-path No. (iii) *supra* for the Guttalhunse raiyats.

(2) The raiyats of Padavangere are allowed to take their cattle for water to Gundikere and Shetterkere in survey No. 160 of Padavangere. Access to the former will be along a foot-path, 6 feet wide and 29 chains long, which enters the forest in its eastern boundary at a point about 18 chains south-west from the south-west corner of survey No. 172 of Padavangere and runs south-west through survey No. 160 to Gundigere; and to the latter tank along the foot-path branching from the above.

(3) The raiyats of the undermentioned villages are allowed to graze their cattle in the reserve during the prescribed season, on payment of a lump sum fee annually as noted below:—

Name of village	Number of cattle	Amount to be paid. Rupees
		Rs.
1. Rayasandra	397	30
2. Anumanhalli	345	25
3. Padavangere	520	35
4. Agara	429	30
5. Balgere	551	35
6. Guttalhunse	419	30
7. Maniyembal	830	50
8. Ajjegowdanvalse	254	20
		Rs. 255

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

ACCOMPANIMENT.

Letter No. 366, dated 27—28th May 1913, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, through the Deputy Commissioner, Bangalore District.

I have the honor to report on the conclusion of the settlement of the Gangadharangudda Block in the Kankanhalli Taluk of the Bangalore District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest, appeared on pages 38 and 39 of the English issue of the *Mysore Gazette*, Part I, dated 3rd February 1910 and the proclamation under Section 5 was issued by me, and the same was published on pages 589 and 590 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 18th August 1910.

The proclamatory notices were got served on the villagers concerned through the Amildar of the Kankanhalli Taluk.

3. The tract was inspected and perambulated by me in company with the Amildar of the Kankanhalli Taluk and the Range Officer of the Kankanhalli Range on the 5th and 6th January 1912 It is an open scrub and there is hardly any valuable species of timber-yielding trees worth mentioning. At best, in the long run, under rigid protection, it would prove a good fuel preserve.

4. As the soil in the tract in question is poor, the rule prescribing 30 acres of gomal for every 100 head of cattle was greatly relaxed in determining the extent of gomal lands for the grazing of the cattle of the villages affected by the proposed reserve. Besides, some lands were excluded out of it as provision had to be made for expansion of cultivation. For, in most of these villages there was hardly any assessed waste land left for being taken up on darkhasts.

5. The undermentioned 19 claims were preferred to me during my enquiry :—

(i) Three claims to right of grazing ;
(ii) one claim to right to water ,
(iii) three claims to right of way ;
(iv) eleven claims to miscellaneous rights ;
and (v) one claim to patta land ;

All the claims in (i), (ii) and (iii), were admitted. Of the eleven claims in (iv), ten were admitted and one rejected. The claim in (v) related to occupied land bearing survey No. 51 in the Ajjegowdanvalse village. The khatedar was absent during the enquiry held by me relating to the settlement of the block in question. As it was not possible to exclude it from the reserve, it was ordered to be acquired under the Land Acquisition Regulation Subsequently, he appeared before me and made a statement to the effect that an equal extent of land in the Madapuradadoddi may be given to him in exchange. The Taluk Amildar who was asked to make the necessary enquiries regarding the exchange in question, reported that the party is agreeable to accept as compensation 8 acres, 24 guntas of land in Gomal survey No 52 of Guttalhunse village ; and the Bangalore Deputy Commissioner who was consulted in the matter as required by clause (*d*) of Section 10 of the Forest Regulation being agreeable to the same (*vide* copy of his docket No. R. 3660, dated 16—19th May 1913), I decided on 20th May 1913 that survey No. 51 of Ajjegowdanvalse be acquired and the occupant Nanjunda given an equivalent extent of land, *viz.*, 8 acres, 24 guntas in survey No 52 of Guttalhunse village, as compensation. I solicit that the exchange in question may be sanctioned.

6. The Deputy Commissioner has intimated in his docket No. 517—R., dated the 17th September 1912, that no appeals have been preferred to him against my decision.

7. The following records are herewith submitted :—

(i) 'B' Register.
(ii) 'C' do
(iii) Sketch map.
(iv) Boundary notification.
(v) Topo-tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

ENCLOSURE I.

Docket No. R. 3660, dated 16—19th May 1913, from the Deputy Commissioner, Bangalore District, to the Forest Settlement Officer in Mysore.

With reference to his letter No. 268, dated 14th March 1913, *in re* the matter of giving 8 acres and 24 guntas of land out of gomal survey No. 52 of Guttalhunse village, Kankanhalli Taluk, in exchange for a similar extent of occupied land survey No. 51 of Ajjegowdanvalse in the khate of one Nanjunda *bin* Nanjegowda, required for the inclusion in the Gangadharangudda Block, has the honor to state that under the circumstances represented the undersigned is agreeable to the proposed exchange. The file of papers received with his letter under reply are herewith returned with a request that they may be transmitted to the Sub-Division Officer of Closepet who will take further action in the matter of giving gomal land in exchange to the khatedar, after necessary action is taken by him in the matter.

ENCLOSURE 2.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gangadharanagudda State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks

1	Chinniah, patel of Rayasandra, on behalf of the raiyats.	4th Jan. 1912	Represents that there are 4 hamlets attached to his village and that all of them are depending for pasturage, fuel, etc., upon the hilly portion of the village which is included in the reserve and prays that one half of the area may be excluded.	.....	The raiyats can graze their cattle on payment of 4 annas per head, in the State Forest.	Claims 1 and 2. Rayasandra is a populous village containing about 70 dwelling houses with a stock of horned-cattle of 397 in addition to sheep and goats It is admitted that the raiyats of the adjoining village of Anumanahalli have been for a long time grazing their cattle (345) in the pasture lands of Rayasandra. In survey No. 104, some subdivisions have been made and given out for cultivation and the lands in survey No. 101 adjoining survey No. 102 are also suited for agricultural proposes and there is already a demand for the same, I accordingly decide that the preliminary demarcation lines be diverted at a point about 14 chains south-east from the south-east corner of survey No 105, and be made to run northwards in a straight line meeting the common bandhs of Padavangere and Rayasandra, and then along the northern boundary of survey No. 101 till it meets the north-east corner of the said survey number. By this arrangement, about 325 acres of gomal land and 142 acres of kharab will be excluded from the proposed extent for the benefit of the villagers. C. VENKATA RAO, Forest Settlement Officer. 6th January 1912.		
2	Linga, patel of Anumanahalli, on behalf of the raiyats.	Do ...	Represents that as there is very little gomal in his village, the cattle are taken to survey No. 104 of Rayasandra on payment of Rs. 20 as hulbanni and prays that this right may be respected.	.....	Nil ..	*Vide* claim No. 1 and note at the end of the 'B' Register. C. VENKATA RAO, Forest Settlement Officer. 6th January 1912.		

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gangadharangudda State Forest—*contd*

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
3	Ghruvegowda, resident of Kankanhalli and khatedar of survey Nos 234, 235 and 236 of Rayasandra	4th Jan 1912	States that survey Nos 234 235 and 236 have been phoded out of survey No 104 in the Rayasandra village and given out to him for cultivation and that the proposed line includes these numbers Prays that the above survey numbers may be treated as enclosures			Claim admitted The deviation of the Forest boundary line excludes these survey numbers from the Reserve C VENKATA RAO Forest Settlement Officer 6th January 1912.		
4	Guruvegowda, resident of Kankanhalli and khatedar of survey Nos 234, 235 and 236 of Rayasandra	Do ...	Claims right of way along the foot path leading to Padavangere			Right of way to the foot path leading to Padavangere will be permitted for men and cattle throughout the year Width to be 6 feet C VENKATA RAO Forest Settlement Officer (Claims 3 8 and 9)		
5	Veeranna, patel of Padavangere, on behalf of the *raiyats*	Do	States that the preliminary demarcation line runs at the edge of cultivated lands and that the extent of *gomal* remaining, for the village is inadequate for the requirements of the raiyats, as his village is a very populous one and prays that except survey No 160 the remaining extent may be excluded from the Reserve		The area of gomal left for the village after reservation is more than what is required for 320 head of cattle and there is no reason for raiyats to complain of inadequacy of the gomal area	This is another big village with 4 hamlets attached to it The diversion of the boundary line in Rayasandra involves the exclusion of survey Nos 191 and 20 proposed to be acquired and included in the Reserve As the forest boundary line runs crookedly abutting on cultivated lands bearing survey Nos 164 and 175 there is no alternative but to shift it farther away to the south It is in evidence that the lands to the extent of about 200 acres to the south of the proposed line are fit for cultivation and have been therefore applied for by one Deva Rao Sundhe the khatedar of the above survey numbers (except survey Nos 164 165 and 170) who seems to have spent a large sum in establishing a hamlet to bring the lands under cultivation He is also desirous of restor		

Revenue (Forest), dated 2nd December 1914.

								ing a breached tank in the neighbourhood. It is but fair to encourage him by diverting the line so that he may obtain the lands applied for by him. I accordingly decide that the preliminary demarcation line be made to begin at the south-west corner bandhs of survey No. 131 and run in a straight line along its southern boundary as far as the south-east corner bandhs of survey No. 19, and then along the northern boundary line of survey No. 160 till it meets the trijunction bandhs of Bulagere, Guttalhunse and Padavangere. Owing to this alteration in the forest boundary, about 231 acres of kharab and 55 acres of gomal will be excluded from the Reserve. C. VENKATA RAO, Forest Settlement Officer.
6	Kempegowda, patel of Agara, on behalf of the raiyats.	8th Jan. 1912	States that his village cattle have been for a long time taken for grazing in survey No. 160 of Padavangere on payment of hulkanni and begs that this right may be recognized.	.....	The raiyats can graze their cattle in the forest on payment of 4 annas per head to the Forest Department.	6th January 1912. 6 Claim admitted. *Vide* note at the end.		
7	Munnaji, patel of Bulagere, on behalf of the raiyats.	Do ...	As the gomal land assigned for his village is insufficient, the cattle are taken to survey No. 160 of Padavangere for grazing on payment of hulkanni. Begs that this claim may be admitted.	.....	Do ...	Claim admitted. *Vide* note at the end.		
8	Krishnappa, khatedar of survey Nos. 131 and 20 of Padavangere.	Do ...	States that survey Nos. 131 and 20 of Padavangere are proposed to be included in the Reserve and prays that they may be treated as enclosures with a right of way as he is not willing to part with them	The village account, support the claim.	This extent of land may be given to him out of the gomal area remaining for the village and the survey numbers acquired.	Claim admitted. *Vide* claim No. 5.		
9	Dasa Rao, khatedar of Survey Nos 168 to 169 and 171 to 180 of Padavangere.	Do ...	Represents that the preliminary demarcation line runs at the edge of most of his fields and that it may be shifted so as to exclude about 200 acres for which he has put in a darkhast.	...	The line may be shifted to a distance of 5 chains wherever it touches the cultivated lands, and as there are 40 acres of his land lying fallow, no lands are necessary for him.	*Vide* claim No. 5.		
10	Veeranna, patel of Padavangere on behalf of the villagers.	Do ...	Requests that the temple of Gangadhareswara in survey No. 160 may be treated as an enclosure, with access to it.	...	The temple is not situated in survey Nos. 160 and 161.	(10 and 11). The temple is situated in survey No. 62 of Guttalhunse village, which has been ordered to be treated as an enclosure (*vide* claim No. 13). Right of way to the foot-path leading through survey No 160 to the Gangadhareswara temple in survey No. 62 of Guttalhunse village will be admitted (for pony and cattle width being 6 feet) and to the foot-path leading to

1	2	3	4	5	6	7	8	9
						Shetrakere and Gondikere in survey No 160 As there is in evidence that the village cattle go there for drinking water this right is also admitted C VENKATA RAO Forest Settlement Officer 6th January 1912		
11	Veeranna, patel of Padavangere, on behalf of the villagers	4th Jan 1912	Requests that Gondikere and Shettrakere may be treated as enclosures with access to them for his village cattle		It would be beneficial to the forest growth if rights to all the drinking sources of water in the proposed area are admitted			
12	Chowdegowda, patel of Guttalhunse, on behalf of the raiyats	Do	Represents that the gomal assigned for his village is quite inadequate and begs that the lands proposed from his village may be excluded		As the area remaining for the village is quite enough for the cattle no more lands are required	If the proposed demarcation line in this village be accepted there will remain for the use of 119 head of cattle of the village about 139 acres This is very insufficient As only a small area has been proposed for the Reserve from this village I would exclude about 34 acres more The line will accordingly be shifted further to the north west about 17 chains from the southernmost botte-bandhs of survey No 52 and then taken due north for a distance of 51 chains so as to meet the trijunction of Padavangere, Chikbalgere and Guttalhunse C VENKATA RAO, Forest Settlement Officer 6th January 1912		

Revenue (Forest), dated 2nd December 1914.

13	Channegowda, patel of Guttalhunse, on behalf of the raiyats.	4th Jan. 1912	Requests that the Gangadhareswara temple in survey No. 52 may be treated as an enclosure with a right of way.	.....	... ...	The Gangadhareswara temple in survey No. 52 will be demarcated out free from reservation with a camping ground of three chains all round. Access to it will be along the footpath leading through survey No. 52. C. VENKATA RAO, Forest Settlement Officer. 6th January 1912.		
14	Do ...	4th Jan. 1912	States that his village cattle go to the pond known as Holeyarthavi and Shettrakere, in the Padavangere village and that right of way to them may be admitted.	.....	....	It is in evidence that the cattle of Guttalhunse go to the pond known as Holeyarthavi or Shettrakere in survey No. 160 of Padavangere for drinking water. Right of way to it for the village cattle through survey No. 159 along the foot-path leading to it from survey No. 172 of that village, will be admitted throughout the year. C. VENKATA RAO, Forest Settlement Officer. 6th January 1912.		
15	Baji Rao, patel of Maniyambal, on behalf of the raiyats.	4th Jan. 1912	Begs that the small area now included in the Reserve out of survey No. 122 may be excluded, as the cattle of Jannasandra hamlet have been grazing there.	.....	There is no necessity for excluding the small area, as the remaining area is quite sufficient for the rayats of this hamlet.	The alteration of the forest boundary line within the limits of Guttalhunse necessitates the alteration of the line in this village. Moreover, the line passes through the middle of occupied of survey No. 117 dividing it into two portions. Further, no advantage will be gained by including the said survey number within the Reserve, as during my inspection I found no tree standing on it. The line will therefore be shifted from the hotte-bandhs at the bend of the north side of survey No. 122 to a point on the northern boundary of the village about 17 chains west and taken south so as to touch the Padavangere northern boundary at a point about 23 chains south-east from the trijunction of Guttalhunse, Padavangere and Maniyambal. C. VENKATA RAO, Forest Settlement Officer. 6th January 1912.		
16	Baji Rao, patel of Maniyambal.	4th Jan. 1912	Claims right of way over the foot-path leading to Padavangere through survey No. 122.	.....	.....	As the foot-path leading to Padavangere from survey No. 122 stops near the forest boundary, right of way will be along the eastern boundary line of survey No. 160 of Padavangere. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 6th January 1912.		

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gangadharangudda State Forest, etc.—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
17	Kalegowda, patel of Ajjegowdanvalse, on behalf of the raiyats.	4th Jan. 1912.	Represents that as the gomal lands assigned to his village are at present not adequate the line may be cancelled	. .	The remaining area of 437 acres is quite ample for grazing	The case calls for no concession C VENKATA RAO, Forest Settlement Officer 8th January 1912		
18	Nanjunda, khatedar of survey No 51 of Ajjegowdanvalse.	9th Jan. 1912.	Represents that survey No 51 of Ajjegowdanvalse has been included in the Reserve, that he is not willing to receive any compensation in money and that an equivalent extent of land in the Madapurdoddi may be granted to him in exchange for the land (survey No. 51)	The village shanbhog supports the claim	Do	Survey No 51 measuring 8 acres 24 guntas is one of the lands proposed by the Forest Department to be included in the reserve In the enquiry conducted by me regarding the settlement of the said reserve it was ascertained that it is in the holding of one Nanjundaiya Nanjegowda The khatedar was absent during the said enquiry As it was not possible to exclude it from the reserve it was then ordered that the land in question should be acquired under the provisions of the Land Acquisition Regulation Subsequently the khatedar of the said survey number appeared before me and made a statement to the effect that as he is not willing to receive money compensation he may be given an equivalent extent of land in exchange in the Madapurdoddi Thereon the Kankanhalli Taluk Amildar was addressed regarding the exchange That officer reported that the party wishes to have 8 acres, 24 guntas of land in gomal survey No 52 of the Guttalhunse village in exchange, instead of that asked for by him previously and the Deputy Commissioner, Bangalore District, is agreeable to the exchange in question Under clause (*d*) of Section 10 of the Mysore Forest Regulation, I decide that survey No 51 in the Ajjegowdanvalse village ordered to be included in the reserve, be acquired in exchange for 8 acres, 24 guntas of land in survey No. 52 (gomal) of Guttalhunse village. C. VENKATA RAO, Forest Settlement Officer 20th May 1913.		

Revenue (Forest), dated 2nd December 1914.

19	Kalegowda, a patel of Ajjegowdanvalse on behalf of the villagers.	4th Jan. 1913...	Claims, right of way over the foot-path lending to Padavangere,	.....	.....	Right of way to the foot-path lending to Padavangere and passing through survey No. 50 will be admitted for men and cattle throughout the year. (Width to be 6 feet.) C. VENKATA RAO, Forest Settlement Officer. 6th January 1912.		

Note.—In consideration of the fact that the rayats concerned have been for a long series of years exercising the right of grazing in the tract in question on payment of small inâmi fees and that the Kankanhalli Taluk has the reputation of producing very good cattle, it is necessary to make ample provision for encouraging cattle breeding. I would, therefore, grant them the right of grazing in the reserve during the prescribed season on payment of a lumpsum fee annually as detailed below:—

	No. of cattle.	Amount to be paid. Rs.
1. Rayasandra ...	397	80
2. Ammanahalli ...	315	25
3. Padavangere ...	520	75
4. Agara ...	439	80
5. Balagere ...	651	85
6. Guttahalli ...	419	90
7. Mantyambal ...	830	60
8. Ajjegowdanvalse ...	254	90

8th May 1913.

C. VENKATA RAO,
Forest Settlement Officer.

READ—

Letter No. 5362-613, dated the 21st June 1914, from the Inspector-General of Police in Mysore, forwarding the Report (printed as annexure to this order) on the Working of the Mysore Arms Regulation and the Rules framed thereunder for the calendar year 1913.

No. J. 1909-17—POLICE 1-13-4, DATED BANGALORE, 22ND DECEMBER 1914.

ORDER THEREON.—Recorded.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector-General of Police in Mysore.
The District Magistrates of Districts.

Exd.—K. N.

No. 5362—613, from C. Srikantesvara Aiyar, Esq., B.A., B.L., Inspector-General of Police in Mysore, to D. M. Narasinga Rao, Esq., B.A., B.L., Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to submit the following Report on the Working of the Mysore Arms Regulation and the Rules framed thereunder for the calendar year 1913.

2. The total number of licenses issued under the several forms during the year was 17,559 against 16,410 in the preceding year with a net increase of 1,149 licenses as shown below:—

District	Districtwar		Classwar		
	Increase	Decrease	Form No.	Increase	Decrease
1	2	3	4	5	6
Bangalore	23	...	I	1	...
Kolar	171	...	II	..	...
Tumkur	...	38	III	16	...
Mysore	...	89	IV	272	...
Hassan	...	36	V	...	...
Shimoga	946	...	...	...	...
Kadur	167	...	VI	...	15
Chitaldrug	5	...	VII	875	...
Total ...	1,312	163	...	1,164	15
Deduct Decrease ...	163	...	...	...	...
Net Increase ...	1,149	...	...	1,149	...

3. The increase was mostly under Forms VII and IV, *viz.*, "license to possess arms and ammunition for the purpose of destroying wild animals" and "license to possess arms or ammunition and to go armed for purposes of sport, etc.," respectively, and in the districts of Shimoga, Kolar and Kadur. The increase in the Shimoga District was marked, being 946, next come Kolar and Kadur with 171 and

137, respectively. The increase in the Shimoga District is reported as being due partly to the grant of licenses to several applicants, who had deposited their arms in the Police Stations for various reasons and partly to the renewal of several licenses in Form VII, whose term expired on the 31st December 1912, having been licensed in the year 1908. The Kolar District explains the increase as due to the renewal of licenses as in the Shimoga District, while the Kadur District attributes it to some fresh licenses issued under Form IV after needful enquiry.

4. No license was issued under Form V, "license to go armed on a journey" during the year, as in the previous year.

5. The number of arms covered by the licenses was 18,379 fire-arms and 169 of other description, against 17,197, fire-arms and 161 other arms during the preceding year.

6. Statement II attached furnishes particulars relating to sulphur. The total number of dealers in sulphur during the year was 77 or 9 more than in the previous year.

7. The opening balance of sulphur in stock with the dealers on the 1st January 1913 was 12 tons, 3 qrs. and $11\frac{7}{16}$ lbs. or 7 cwts., 3 qrs. and $8\frac{3}{4}$ lbs., less than the closing balance on the last day of December 1912. This deficiency in the opening balance was due to the exclusion of the stock with 4 dealers in the Bangalore District of whom one is reported to be dead, while the remaining three are said to have not transacted business.

8. Sulphur was chiefly used in the preparation of fire-works.

9. Statement III appended shows the number of shops licensed under Forms II and III and details of inspection by the Police and Magistracy.

10. The total number of shops for which licenses were obtained during the year was 108 or 16 more than in the previous year. Of these, three had stopped business, leaving 105 shops for inspection. Police Inspectors inspected 63 shops, Superintendents of Police 43, and Magistrates 47 of them.

11. The following statement exhibits the results of prosecutions under the Arms Regulation:—

District	1912				Remarks
	Cases		Persons		
	Prosecuted	Convicted	Prosecuted	Convicted	
1	2	3	4	5	6
Bangalore	10	10	10	10	
Kolar	29	26	29	26	Three cases and three persons were pending
Tumkur	2	2	2	2	
Mysore	7	5	7	5	One case and one person acquitted. One case and one person pending
Hassan	5	1	5	1	Four cases and four persons were acquitted
Shimoga	4	3	4	3	One case and one person was acquitted.
Kadur	8	8	8	8	
Chitaldrug	2	2	2	2	
Total ...	67	57	67	57	Six cases and six persons were acquitted Four cases and four persons were pending.

Judicial and Legislative (Police), dated 22nd December 1914.

District	1913				Remarks
	Cases		Persons		
	Prosecuted	Convicted	Prosecuted	Convicted	
1	2	3	4	5	6
Bangalore	6	6	6	6	
Kolar	11	6	11	6	Five cases and five persons were pending.
Tumkur	3	2	3	2	One case and one person was acquitted
Mysore	7	4	7	4	Two cases and 2 persons were acquitted One case and one person was pending.
Hassan	3	2	4	3	One case and one person was discharged.
Shimoga	5	3	5	3	One case and one person was acquitted. One case and one person was pending.
Kadur	17	17	29	26	Three persons were acquitted.
Chitaldrug	6	6	6	6	
Total .	58	46	71	56	Five cases and eight persons were acquitted. Seven cases and seven persons were pending

12. In 58 cases, 71 persons were prosecuted, of which 46 cases with 56 persons ended in conviction, 5 cases with 8 persons ended in acquittal or discharge and the remaining 7 cases with 7 persons were pending trial at the close of the year.

13. Of the 4 cases and 4 persons that were pending at the close of the year 1912, 3 cases with 3 persons in the Kolar District ended in conviction, while the one case with one person in the Mysore District ended in acquittal during the year under report.

14. The delay in the submission of this report is due to the late receipt of the reports from the District Magistrates, as shown below:—

District	Date of receipt of report in this office
Bangalore	3rd February 1914.
Kolar	10th February 1914.
Tumkur	1st April 1914.
Mysore	14th February 1914.
Hassan	10th March 1914.
Shimoga	6th March 1914.
Kadur	19th March 1914.
Chitaldrug	5th February 1914.

15. The report of the Bangalore District, though received in February had to be returned for explanation of discrepancies, and was eventually received only on the 19th instant.

No. I—Statement showing the number and description of licenses issued by the District Magistrates in the Mysore State for the year 1913 and the previous year.

1. Para 4 of Government Order No. 8514-22—Ml. 271-11-3, dated 17th May 1912 requesting the Comptroller to submit a definite system of procedure for adoption in regard to the adjustment of the pensionary charges of Local Fund employees.

2. Letter No. 1390—L. A. D. 166, dated the 15th August 1912, from the Comptroller, submitting revised rules to be substituted for those in Appendix B of the Mysore Service Regulations, and suggesting as an alternative and simpler arrangement the introduction into the Mysore Service Regulations of a rule similar to Article 802 of the Civil Service Regulations.

3. Opinions of the Deputy Commissioners and the Presidents of the Municipal and District Boards and the Kolar Gold Fields Sanitary Board on the proposals of the Comptroller.

No. 4845-64—Ml. 137-12-14, DATED BANGALORE, 21ST DECEMBER 1914.

ORDER THEREON.—On a careful consideration of the subject, Government are pleased to direct as follows:—

(i) The revised rules (hereto appended) be substituted for those in Appendix B of the Mysore Service Regulations.

(ii) A rule similar to Article 802 of the Civil Service Regulations be introduced into the Mysore Service Regulations for adoption by Local Fund or Municipal authorities at their option.

(iii) If an officer whose service is reckoned as pensionable under the rule contained in Clause (ii) is transferred to the similarly pensionable establishment of another Local Fund or to qualifying service under General Revenues or *vice versa*, the transfer will not interrupt the continuity of service for pension. In the case of such transfers, the sanction of Government required under Government Orders No. 6275-315—L. B. 47-11-5, dated 7th March 1912 and No. 12264-314—L. B. 11-13-80, dated 8th June 1914, and Rule 2 of Appendix B, Mysore Service Regulations, will be dispensed with.

2. The necessary alterations and additions will be made in the Mysore Service Regulations.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller, Mysore Government.
The Deputy Commissioners of Districts and Presidents of Municipalities.
The President of the Kolar Gold Fields Sanitary Board.
The President, Bangalore City Municipal Council.
The President, Mysore City Municipal Council, through the Deputy Commissioner, Mysore District.
The Presidents of District Boards.
Branch II.

Local Fund and Sanitary (Municipal), dated 21st December 1914.

RULES.

(1) All employees on the permanent establishment of Municipalities or District Funds (including Kolar Gold Fields Sanitary Board Fund) in the Mysore State, except the following are eligible for pensions (and gratuities).

Shanbhogs with hereditary haks, totis, sweepers, watchmen, coolies, khalihats, cooks, watermen, dhobies, gardeners and pound-keepers paid by commission, medical pupils and pupil teachers.

Such pensions (and gratuities) shall be paid by the respective Boards and charged to thier funds.

(*Vide* Government Order No 6790-1—L. F. 17-99, dated 14th December 1899, and the late Chief Commissioner's Notification No. 194, dated 25 August 1876.)

(2) Servants belonging to any department under Government but transferred to the service of any of the Municipalities in the State or District Boards (including the Kolar Gold Fields Sanitary Board) or *vice versa* shall be eligible for pensions (and gratuities) payable from the General Revenues and the funds of the Municipalities or District Boards concerned according to the Rule of Proportions (*Vide* Article 263, Mysore Service Regulations.) This Rule of Proportion will also apply in the case of employees transferred from service under one Local Fund to service under another Transfers of servants contemplated above shall be subject to the sanction of Government in cases where the Local Fund and State Department are not under the same officer who is competent to make such transfers. (*Vide* Government Order No. 12264-314—L. B. 11-13-80, dated 8th June 1914.)

(3) Rules (1) and (2) apply to cases in which the whole pay of the officer at any time is charged to a single fund. The pensionary charges of officials whose pay is met in shares from more than one source, *viz.*, District Funds, Municipal Funds or General Revenues or by more than one Municipality in shares shall, *in respect of such period of service* be borne entirely by General Revenues A contribution of $\frac{1}{3}$th of so much of the salaries of such officials as is paid by the District or Municipal Funds should be recovered and credited annually to Government *during that period.*

(4) As an exception to Rules (1) and (2) the pension of Sanitary Inspectors employed by local bodies other than Bangalore and Mysore City Municipal Councils and the Kolar Gold Fields Sanitary Board, and of the pensionable staff of the hospitals including midwives, the full cost of which is met by only one fund (Municipal or District Fund) will also be paid from General Revenues to which a contribution of $\frac{1}{3}$th of the sanctioned salaries levied from the funds concerned shall be credited annually.

(5) In cases where local bodies have made an arrangement with Government for contributing for pension from General Revenue for their employees under the provisions of Article ....., Mysore Service Regulations, the pension of such employees is payable wholly from General Revenues.

(6) No deduction shall be made from the pay of any employee subject to these rules, on account of pension or gratuity.

(7) All claims to pensions and gratuities and all other matters connected therewith shall be determined according to the provisions contained in the Mysore Service Regulations.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The Administration Report of the Mysore City Improvement Trust Board for the year 1913-14, received with the Chairman's letter No 56, dated the 10th October 1914.

2. Final accounts of the Mysore City Improvement Trust Board for the year 1913-14, received with Comptroller's letter No. 4238—S. & A. 392, dated 30th November 1914.

No. 4831-44—Ml. 63-14-6, DATED BANGALORE, 21ST DECEMBER 1914.

ORDER THEREON.—Mr. T. G. Lakshmana Rao continued to be Chairman of the Trust Board during the year. He was on deputation for a month and three days in January and February 1914 in the Bombay Presidency; during which he visited the Cities of Bombay, Poona, Ahmedabad and Baroda for the purpose of studying the Municipal Administration and the large city and town improvement works started there. Mr. A. K. Pani acted as Chairman during that period.

2. *Finance.*—The amount provided in the State Budget for 1913-14 on account of the grant from State Funds to the Board was Rs. 2,56,962. As the whole of this was transferred to the Board's account by the Comptroller, the amount available for expenditure was Rs. 3,64,581, which was thus in excess of the prescribed limit of Rs. 3 lakhs. The Comptroller's attention will be invited to Government Order No. 6862-8—Ml. 77-07-6 of 17th January 1908, and he is requested to see that the actual State grant is so regulated each year as to leave a total sum of Rs. 3 lakhs for the operations of the Board and that funds in excess are not made available without the previous sanction of Government.

3. *Expenditure.*—The total expenditure incurred by the Board was Rs. 2,65,381, out of which only Rs. 1,84,575 was on account of works proper and a sum of Rs. 30,000 represented the cost of the Body Guard Lines purchased from the Palace. The outlay on establishment amounted to Rs. 23,190 which is about 9 per cent on the total expenditure of the Board and 12·5 per cent of the outlay on works proper.

4. *Chief Works.*—The only important works of the sanctioned programme that were carried out were:—

Work	Outlay in 1913-14. Rs.
(i) Laying of pipe sewers in drainage area III, part II	46,683
(ii) Outfall sewer works	43,669
(iii) Laying a complete system of pipe sewers in IV drainage area	46,269
Total	1,36,621

In view of the fact that an additional Engineering Officer (Sub-Assistant Engineer) was posted for Trust Board work during the year, Government do not consider the progress of works quite satisfactory. The Board is requested to bear in mind the remarks of Government in para 2 of the last year's review and unless special efforts are made in future to show greater activity in carrying out the works included in the comprehensive programme of 21st March 1912, only a small portion of the work is likely to be completed within the allotted time.

5. *Progress of Acquisition.*—The number of properties that had been notified for acquisition but had not been dealt with was 983 on 30th June 1913 and declaration of acquisition were made in respect of 474 new properties during 1913-14. Awards of compensation were made only in the case of 72 properties. The number of properties pending acquisition increased to 1,385. The reasons for this slow progress are given in paras 18 and 19 of the report. Government hope that the enquiries referred to therein will be completed without further delay. The Chairman will be responsible to see that all the formalities are duly completed in all the cases before the end of the current year and they are all finally dealt with by that date.

6. *Loans.*—Loans amounting to Rs. 5,682 were disbursed against Rs. 13,061 during 1912-13. The total amount that had to be collected on account of repayment of loans was Rs. 14,857 and only Rs. 6,349 was collected. The amount overdue has therefore increased from Rs. 6,280 to Rs. 8,508. This is not quite satisfactory.

7. *General.*—Notwithstanding the shortcomings above referred to, the report on the whole bears testimony to the increased activity of the Trust Board in many directions. The outlay on works has appreciably increased, schemes for the further extension of the City and the improvement of the suburban areas are being investigated and the question of the housing of the poor and the revision of the Loan Rules has been earnestly taken up. The appreciation of Government should be conveyed to the members of the Trust Board for the progress they have made, and Government trust that during the current year they will be able to devise effective measures to remove overcrowding and show more substantial results.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 28th December 1914.

No. 5039-89—Ml. 186-14-1, dated Bangalore, 28th December 1914.

Order.—Instances have come to the notice of Government, in which applications for the continuance of temporary establishments are submitted too late and in some cases after the expiry of the term for which they were originally entertained. The establishments in question are in several cases retained beyond that period in anticipation of sanction. Government cannot but consider this practice highly irregular.

2. All Heads of Departments, Deputy Commissioners of Districts and Heads of Offices are requested to see that no temporary establishments are continued in anticipation of sanction and should there be a need for renewal of sanction, that applications are submitted in time so as to reach Government at least three months before the sanctioned period expires. Officers who do not dispense with temporary establishments on the dates on which the sanction expires will render themselves personally liable for the expenditure involved.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Sanitary), dated 18th December 1914.

READ—

Government Proceedings No. 9642-50—San. 118-12-2, dated the 7th June 1913, requesting the Deputy Commissioners and Presidents of the Municipal and District Boards to attach to their communication when applying to Government for sanction to hold special jatras, cattle shows and exhibitions, a brief report as to the sanitary arrangements proposed to be made on the occasion.

2. Letter No. 847, dated the 18th August 1914, from the Sanitary Commissioner, forwarding copies of correspondence ending with letter No. 4765, dated the 23rd July 1914, from the Sanitary Commissioner with the Government of Bombay, stating that an exchange of information between the Sanitary Officers of the Bombay and Mysore Governments regarding the outbreak of epidemics during fairs and festivals is very desirable for the prevention of the spread of epidemics.

No. 4788-96—SAN. 43-14-7, DATED BANGALORE, 18TH DECEMBER 1914.

ORDER THEREON.—As the Madras and Bombay Governments have agreed to the proposal for the exchange of information by telegraph between the sanitary authorities of the British and the Mysore Governments relating to the occurrence of any case of epidemic diseases on the occasion of jatras, fairs and festivals, the Sanitary Commissioner is requested to take steps immediately in consultation with the Deputy Commissioners of Districts to make arrangements for the exchange of information promptly on such occasions.

No. G. 5595-643—G. R. 11-14-21, DATED BANGALORE, 1ST DECEMBER 1914.

ORDER.—The Superintendent, Government Press, having brought to the notice of Government instances in which the annual reports of departments have been sent to the Press direct for being printed, contrary to the directions contained in clause (8) of paragraph 4 of Government Order No. G. 684-723—G. R. 10-15, dated the 14th August 1905, Heads of Departments are requested not to send copies of their reports to the Press, except through the Secretariat. In case, however, of the report of the Archæological Department, the existing practice of the Officer in charge of Archæological Researches himself getting the report printed may continue, as the report is of a special character and contains illustrations.

READ, AGAIN—

Government Order No. G. 3589-90—G. P. 15-12-4, dated 12th October 1914, sanctioning the grant of leave allowance to the piece work employees of the Government Press in cases of injury sustained in the execution of their legitimate duties.

No. G. 6552-4—G. P. 15-12, DATED BANGALORE, THE 22ND DECEMBER 1914.

ORDER THEREON.—Doubts having arisen in regard to the application of the order read above, Government are pleased to direct that for paragraph 2 of the said order the following be substituted:—

2. "On a careful consideration of the question Government are pleased to direct that piece work employees of the Government Press who are incapacitated for work from injuries received in the execution of their legitimate duties, be allowed for the actual period they are so disabled as certified by the District Medical Officer, Bangalore, but not exceeding three months at a time, one month's average earnings for a month, and 50 per cent thereof for the remainder of the period, provided the injuries be received in the discharge of their duties and are not due to any negligence on their part. The principle laid down in Arts. 349 and 261 of the Mysore Service Regulations, for calculating pensions, will be followed in calculating the average earnings under this order."

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent, Government Press.
The Comptroller, Mysore Government.

Exd.—C. R.

No. G. 6345-93—G. M. 259-14-1, DATED BANGALORE, 18TH DECEMBER 1914.

ORDER.—With a view to ensure continuous attention to the investigation of important needs in each taluk and to facilitate the adoption of suitable measures to meet such needs, Deputy Commissioners are requested to arrange for the preparation and maintenance of a list of important wants and improvements contemplated, for each taluk, in their respective districts under the following heads :—

(1) *Important* Public, Local Fund and Municipal original works, such as tanks, channels, roads, water-supply and drainage schemes, etc., both new works and repairs or restoration.

(2) *Important* wants and needs in respect of education, agriculture, industries and Commerce, compilation of information of local interest and of statistics, the collection of useful information from abroad and dissemination of the same locally.

2. It is expected that in preparing the lists the Deputy Commissioners will consult the District Boards and Municipal Councils and the principal officers and non-official gentlemen of the areas concerned.

3. The subjects included in the list may be divided into two parts. The first part will comprise subjects, selected for immediate investigation and attention. The number of such subjects need not exceed a dozen at a time. The second part will be a reserve list, the subjects entered in which may be taken up for consideration as soon as convenient.

4. The Deputy Commissioner may select some twelve subjects of pressing importance for the whole district at a time for personal attention and disposal by himself. The Sub-Division Officer may select twelve similar subjects for his Sub-Division and the Amildar twelve subjects for his taluk.

5. A register, in the form appended hereto, should be opened for the 12 subjects selected for action and notes entered therein from time to time showing the progress made. Once in six months, at the beginning of January and July, the progress made should be reviewed and a fresh list prepared for the ensuing half-year eliminating subjects finally dealt with and substituting new ones in their stead.

6. The investigation of each subject included in the list should be pursued continuously until some final decision is reached. The lists of 12 subjects selected for each taluk and for personal attention by the District Officers should be printed and a copy of the same forwarded to the Secretary to Government in the General and Revenue Departments, the Revenue Commissioner and the departments concerned. Subjects belonging to departments other than the Revenue may be referred to those departments but the Deputy Commissioners are expected to keep touch with such subjects also and by communication with the officers concerned make sure that they receive adequate attention and are finally dealt with, within a reasonable time.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Heads of other Departments.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Correspondence ending with letter No. 167, dated the 20th May 1914, from the Officer in charge of Archæological Researches in Mysore, submitting a programme of work in his Department for the next three years and soliciting sanction to the additional establishment required for work in his office.

No. G. 6008-9—G. M. 174-13-8, DATED BANGALORE, 8TH DECEMBER 1914.

ORDER THEREON.—After a careful consideration of all the suggestions received for the preparation of a programme of work for the Archæological Department, Government are pleased to approve of the following programme for the next three years :—

(1) Preparation and publication of a descriptive list of important monuments of archæological interest.

(2) Revision of the *Mysore Gazetteer.*

(3) Publication of selections from the inscriptions concerning matters of historical and social (*i.e.*, legal, economic, customary, etc.) interest.

(4) Preparation of a monograph on Chalukyan architecture in the State and completing the architectural portfolio.

(5) Completion and publication of an Index Volume.

(6) Compilation and publication of supplementary volumes to the Epigraphia Carnatica.

(7) Publication of a revised edition of the Sravanabelagola volume of inscription.

(8) Issue of a revised edition of Sabdanusasana and revising the introduction of the same by Mr. Rice.

(9) Resurvey of the Mysore District.

(10) Excavations at Talkad and Chandravalli.

(11) Collection of coins and preparation of a catalogue.

2. The Officer in charge of Archæological Researches is requested to submit half-yearly reports of progress made with regard to the several items of work for the information of Government, the first report being submitted on the 1st January 1915. The report should also indicate as specifically as possible items of work to be undertaken, with reasons, in the ensuing half-year.

3. Government recognize that the programme prescribed above requires a strengthening of the present departmental equipment and are pleased to sanction for one year in the first instance, the entertainment of additional establishment for the Archæological Office at a cost of Rs. 384 per mensem as shown in the annexed proposition statement. This will be in addition to the temporary establishment sanctioned in Government Order No. G. 3716-7—G. M. 158-14-8, dated 17th October 1914, for work in connection with the revision of Rice's Gazetteer.

4. The Officer in charge of Archæological Researches is requested to submit proposals separately for filling up the newly sanctioned appointments.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Officer in charge of Archæological Researches.
The Comptroller, Mysore Government, through Branch II.

*Establishment sanctioned in G O No. G. 3716-7—G M. 158 1 8, dated 17th October 1914, for work in connection with the revision of Rice's Gazetteer.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Miscellaneous), dated 19th December 1914.

No. 6421-68—E. A. 7-14, DATED BANGALORE, 19TH DECEMBER 1914.

ORDER.—Government have had under their consideration for over a year the question of issuing for the guidance of their officers some general suggestions to regulate their personal conduct and their relations with other officers and the public, and to ensure a better system, efficiency and despatch than exists at present in the work transacted in Government offices.

2. The suggestions embodied in the accompanying booklet were discussed at a meeting of Heads of Departments and Deputy Commissioners on two occasions. At the second meeting held during the last Dasara at Mysore, the suggestions were generally approved.

3. Officers who have similar rules of their own may follow them provided the rules meet with the approval of Government. Copies of the rules may be submitted for obtaining such approval.

4. As it would be an advantage to have uniformity of practice in this respect throughout the State, Government have decided to issue the suggestions appended to this order for the guidance of all the officers of Government. Heads of Departments and Deputy Commissioners are requested, should they wish to suggest changes, to submit their views by 31st December 1915 from the experience gained in the interval.

Dewan's Note* on improvements needed on the Chamundi Hill

2. List of subjects for the consideration of the Economic Conference approved in Government Order No. G 6729-76—G M. 278-10-1, dated 19th May 1911.

3. Note on the Nandi Hill by Mr. J Bhore, Sanitary Engineer

ORDER THEREON.—No. G. 6737-85—G. M. 261-14-1, DATED BANGALORE, 29TH DECEMBER 1914.

Government generally approve of the proposals outlined in paragraph 8 of the accompanying note by the Dewan concerning the Chamundi Hill. Detailed plans and estimates for the works therein mentioned should be prepared and submitted by the President of the Mysore City Municipality with the help of the Chief Engineer, Mr. Krumbiegal and the Deputy Commissioner, Mysore District.

2. From ancient times, hill stations were much prized by the people of the country either as places of military defence or pilgrimage. They constructed forts, temples, wells and tanks on hill tops, and attracted large numbers of pilgrims and also visitors in search of pleasure and recreation. During the British administration, bungalows were built on the Nandi Hill, Kalhattigiri and Devarayadurg, and all these stations were utilized as hot weather resorts or sanitaria.

3. In recent years, these stations are not resorted to so often by the public on account of defective water-supply and the absence of the necessary conveniences to make a visit really enjoyable. Although the temples continue to attract pilgrims periodically the appearance of the hill stations is generally one of neglect. Government consider that these stations should be improved as funds permit and made attractive to visitors.

4. With this view, the bungalows on the hills should be repaired and tidied up, a few new buildings wherever urgently needed should be added, the grounds and parks should be artistically laid out, water-supply conserved and bungalow and house accommodation increased and made available for use by the public on payment of reasonable fees. Government have decided that, for the present, the following hill stations should receive attention in these respects :—

1. Chamundi Hill.
2. Nandi Hill.
3. Kalhattigiri.
4. Devarayadurg.

5. The supervision of hill stations will hereafter be entrusted to the Superintendent of Government Gardens in Mysore who will be given an Assistant on a salary of about Rs. 75 to Rs. 125 with sufficient subordinate staff for improving these hill stations and maintaining them in an efficient and attractive condition. Suitable arrangements should be made on each of the stations for boarding and refreshments for all classes of visitors, both Hindu and Non-Hindu. Rules should be prepared for regulating the occupation of the bungalows and other matters.

Suitable charges should be levied so that the refreshment rooms and other conveniences provided may eventually become self-supporting.

The rules should be published for general information and enforced with scrupulous care so that visitors may know exactly what conveniences to expect on the hills and on what terms.

6. The Superintendent, Government Gardens, is requested to prepare, in consultation with the Deputy Commissioner, Kolar District, a note on the improvements required on the Nandi Hill on the lines of those proposed for the Chamundi Hill. Similar improvements but on a much smaller scale might be suggested for the remaining two hill stations, the principle to be kept in view being that the expenditure should bear a reasonable relation to the extent to which the public may be expected to avail themselves of the conveniences provided.

---

*Printed as an accompaniment.

Proceedings of the Government of His Highness the Maharaja of Mysore,

7. He is also requested to submit proposals at an early date in regard to the transfer of existing subordinate establishments from the departments or offices concerned to his own control. Administrative sanction should be first obtained to rough proposals and approximate estimates of cost before elaborating detailed schemes.

The other Heads of Departments and Deputy Commissioners of Districts.

Exd.—C. R.

General (Miscellaneous), dated 29th December 1914.

NOTE BY THE DEWAN FOR THE IMPROVEMENT OF THE CHAMUNDI HILL.

I. Preliminary.

The Chamundi Hill is one of Nature's gifts to the Mysore City. Centuries ago on account of its natural beauty and advantages, the hill-top was converted into a place of pilgrimage and over a hundred years ago the present bungalow was built. But nothing has been done in recent years to add to the attractions of the hill or even to maintain the old works in good order. By such indifference, the city is throwing away the preeminent advantages which the hill offers as a pleasure resort and sanitarium.

2. There are many deficiencies which must be made good before the hill can become attractive to visitors. The water-supply is insufficient and unsatisfactory. There is no rest house to accommodate visitors and not sufficient shelter for pilgrims. Much of the hill crest is bare rock, the surface vegetation is scanty and there are not many trees to give shade. Many of these defects can be remedied by a little effort and the hill really made inviting.

3. But there are too many departments responsible for the management of the affairs of the hill. The temple is looked after by the Palace Muzrai Department; the road up the hill by the Municipality; the bungalow by the Public Works Department; and the village and revenue collections by the Revenue Department. With such divided responsibility, no efficient control of the affairs of the hill is possible and no connected scheme of improvement can be attempted with any prospect of success.

II. Improvements needed.

4. Various improvements are necessary to render the hill attractive to visitors so that it may be more largely used by the Palace and the public. The following works are suggested:—

(*a*) Improvement of the water-supply of the existing tanks and pumping to the top of the hill by electric power about 1,000 gallons of drinking water from the Mysore City mains.

(*b*) Improvement of road up the hill.

(*c*) Construction of—

(1) a travellers' bungalow with 3 suites of rooms and a verandah and suitable out-houses, where visitors can also have tea and refreshments on payment,

(2) a musafirkhana with about 8 rooms, and

(3) a shed or *mantap* measuring about 80×15 ft. for the free use of pilgrims.

(*d*) Works necessary for improving sanitation and drainage and enforcement of proper rules for conservancy of the station.

(*e*) Construction of *kattes* (low earthen bunds) to catch silt, and carting earth to the hill-top to grow more grass and trees.

(*f*) Laying out grounds, plantations, small gardens, walks, etc., with an eye to artistic effect.

(*g*) Improving the view of the great stone Bull (half way up the hill), which is one of the principal features of the hill, by removing the Mantap in front and clearing the grounds round about.

(*h*) Providing the temple and bungalow with electric light.

(*k*) Framing rules for regulating residence and house-building on the hill.

5. The following two large works may also be undertaken later on if funds are available :—

(i) An electric tramway up the hill. (Estimates to be obtained and kept ready.)

(ii) Improving the bungalow and constructing at the highest point of the hill a small mansion having some architectural features, for the use of His Highness the Maharaja, with a small garden and grounds attached.

III. Cost.

6. *Capital expenditure.*—The cost of these improvements may be very roughly estimated as follows :—

	Rs.
(1) Improvement of the two tanks and their feeders ...	10,000
(2) Improving the road up the hill . ..	25,000
(3) Travellers' bungalow or rest house	10,000
(4) Mantap or sheds for pilgrims	5,000
(5) Musafirkhana	8,000
(6) Laying out grounds, walks, etc., constructing kattes and starting plantations	20,000
(7) Pumping water and providing electric light . . .	10,000
(8) Miscellaneous improvements such as improving the view of the the Bull, sanitation, etc	5,000
Total ...	93,000
or say,	1,00,000

The wire rope tramway may cost a lakh of rupees. The cost of the mansion will depend on the scale and nature of the design which may be attempted. It may probably come to another lakh.

7. *Recurring expenditure.*—It will be necessary to have an overseer with a small staff of five or six servants to maintain the buildings, plantations and grounds, to protect the water-supply and to attend to the conveniences of visitors.

Fees may be levied for the use of the rest house and musafirkhana, and other sources of income may be created gradually so that the charge on public revenues may be minimized.

8. The following investigations may be undertaken during the current year. If possible, the improvement of the road and the construction of the smaller buildings might be begun without delay. It is understood the District Board has set apart for the buildings a sum of Rs. 8,000 which can be immediately utilised :—

i. A survey of the hill should be made and a map on a large scale (say 66 feet to an inch) showing correctly the village, the existing buildings, tanks, roads, cultivated fields, etc., should be prepared.

ii. A descriptive statement with full particulars showing the present condition of the hill as a place of pilgrimage and its advantages as a pleasure resort should be prepared and attached to the map.

iii. The most urgent need of the hill is a pure water-supply. The storage capacity, catchment area, etc., of the two tanks should be examined and estimates prepared for increasing both, if possible. A small cistern for cattle should be constructed below the Devikere tank to be fed once a week, or at other intervals, by a pipe, so that the water supply of the main tank may be reserved for drinking and cooking. The Hirikere tank may be used for washing and bathing.

iv. The approach road to the hill may be widened in places and improved. Plans and an estimate of cost should be prepared and submitted.

v. Plans and estimates with site plans should be prepared by the Public Works Department for the following buildings:—

(1) A travellers' bungalow with three suites of rooms and a verandah.
(2) A musafirkhana with eight rooms at a cost of about Rs. 8,000.
(3) A shed measuring about 80 × 15 ft. for the free use of the public.

vi. A site for a small mansion for the Palace may be selected by the side of the present bungalow and a rough plan and elevation prepared. Perhaps the highest point of the hill, where the outhouses of the present bungalow are located, would be most suitable for this purpose on account of its commanding position.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Miscellaneous), dated 29th December 1914.

No. G 6786-9—G. M. 260-14-1, DATED BANGALORE, 29TH DECEMBER 1914.

ORDER.—The form in which the Proceedings of Government are printed at present having been found unsuitable in several respects, the Government of His Highness the Maharaja of Mysore are pleased to direct that Proceedings of Government should hereafter be printed as per sample form appended.

2. Government Order No G 5986—G M 258-10 1, dated the 19th April 1911, requiring the submission of such reports in the case of Educational officers of the grades AI and AII and special classes.

Order No. G. 5256-93—G. M. 233-14-1, dated 23rd November 1914.

The confidential reports prescribed in the Government Orders read above are submitted only in the case of officers of certain Departments named therein. Even in the case of these officers the reports, in the form now adopted, do not sufficiently serve their intended purpose owing to various reasons The heads of information prescribed are general and inadequate ; and the opinions, often laconically recorded by the reporting officers, convey no adequate idea to the Government of the character and work of the officers concerned.

2. With a view to remove these defects and to extend the scope of these confidential reports and to promote their utility, while safeguarding the interests of the officers reported upon, Government are pleased to prescribe the annexed form of report with suitable instructions for preparing the same

3. A statement showing the reporting officers, the officers to be reported on and the mode of transmission of the reports is also appended hereto for the information and guidance of the officers concerned.

4. These reports should be submitted to Government half-yearly on or before the 20th July and the 20th January of each year It is requested that the current half-year's report may be submitted on the new form.

Memorandum No. 76, dated 8th October 1914, from the Military Secretary to His Highness the Maharaja, submitting the Annual Report on the Government Stud Farm at Kunigal, for the year 1913-14.

No. G. 5791—MILY. 48-14-1, DATED BANGALORE, 5TH DECEMBER 1914.

ORDER THEREON.—Recorded.

2. Government will be glad to hear further how the grass farming operations recently undertaken at Kunigal, referred to in paragraph 4 of the report, are progressing.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Officiating Military Secretary to His Highness the Maharaja of Mysore.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Military), dated 23rd December 1914.

READ—

Letter No C 26, dated 25th September 1914, from the Military Secretary to His Highness the Maharaja, submitting the annual Report on the working of the Amrut Mahal Department for the year 1913-14

No. G. 6565—MILY 37-14-3, DATED BANGALORE, THE 23RD DECEMBER 1914.

ORDER THEREON.—Recorded.

2. The percentage of mortality among the cattle rose from 8·1 in 1912-13 to 9·5 in the year under report, owing chiefly to unsatisfactory rainfall. The disease of black-quarter alone is accountable for the death of 130 animals in 1913-14, as against 45 in 1912-13, but the report is silent as regards the preventive and curative measures, if any, adopted by the Superintendent.

3. In paragraph 17 of the report, it is observed that the grazing area of the department is undergoing curtailment by transfers of portions to the Revenue Department for the use of the raiyats Such curtailments are, to a certain extent, inevitable with the growth of population and expansion of cultivation, as observed in paragraph 1 of Government Order No 12817-26—R. 1346, dated 3rd February 1894, and they were ordered after taking into account the requirements of the Government cattle. The demands under this head during the year were exceptionally large owing to the special circumstances connected with the acquisition of vast areas of land under cultivation for the Kannambadi Reservoir.

4. The Military Secretary is requested to report what action has been taken in respect of the suggestion contained in paragraph 2 of the Government Order referred to, in the matter of growing fodder under some suitable system of cultivation.

No. G. 6108-12 / E. A. 6-14 — Dated Bangalore, 12th December 1914.

MEMORANDUM.

With a view to the systematic compilation of all Government orders of standing importance for facility of future reference, the following procedure will be observed in all the Secretariats from the commencement of the calendar year 1915:—

(1) When drafts of Government Proceedings have been finally approved for issue, the Secretariat officer concerned should decide in each case whether they should be treated as standing orders or not.

(2) Proceedings ordered to be so treated should be printed in the monthly volume with their number in red ink.

(3) The substance of such proceedings should, whenever possible, be embodied in the appropriate Departmental Manual or other publication, if there is any.

(4) A copy of every standing order should be sent without delay to the Efficiency Audit Branch of the General and Revenue Secretariat with intimation as to whether steps have been taken to incorporate its substance in a Departmental Manual according to clause (3) above.

(5) The Efficiency Audit Branch will compile the standing orders, number them in a separate series for each Branch or Department and publish the collection in the month of January once a year.

By Order,
D. M. NARASINGA RAO,
Offg Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to Government, General and Revenue Departments.
The Secretary to Government, Education and Agriculture.
The Secretary to Government, Public Works Department.
The Secretary to Government for Railways.
The Secretary to Government, Geological Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, Education and Agriculture (Agriculture and Industries), dated 12th December 1914.

READ—

Government Order No. 1444-90—A. & I. 86-14-1, dated 24th November 1914, sanctioning a scheme for the publication of a monthly Journal in English and Kannada, called "The Mysore Economic Journal" under the auspices of the Economic Conference.

No. 1908-56—A & I. 86-14-3, DATED BANGALORE, 12TH DECEMBER 1914.

ORDER THEREON.—Since the Journal is intended to convey useful information on subjects relating to Education, Agriculture, Industries, Commerce and allied subjects, with particular reference to local conditions in the State and will be non-political in character, Government consider it desirable that officers and officials of the various Government Departments should be encouraged to contribute useful articles to the Journal. They are accordingly pleased to authorise Government servants of all ranks to contribute articles freely to the Journal. Heads of Departments and specialists in Government service and all officers in general are invited to send original articles and notes for the Journal and allow their subordinates to do likewise. Such of the articles as are accepted for publication will be duly paid or at suitable rates fixed by the Committee of management of the Journal.

2. General sanction is hereby accorded for the acceptance of honoraria by Government servants for articles contributed to the Journal.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. and Agriculture.

To—The Secretary, Economic Conference.
The Comptroller in Mysore.
The Heads of Departments and Offices.
The Deputy Commissioners of Districts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, Education and Agriculture (A. & I.), dated 22nd December 1914.

READ—

Government Order No. 1444-90—A. & I. 86-14-1, dated 24th November 1914, sanctioning the publication of the Mysore Economic Journal with effect from the 1st January 1915.

2. Note by the Secretary, Economic Conference, submitting the applications received for the post of Assistant Editor, Mysore Economic Journal.

No. 2101-52—A. & I. 86-14-5, DATED BANGALORE, 22ND DECEMBER 1914.

ORDER THEREON.—Government are pleased to appoint Mr. H. Chennakesava Iyengar, as Assistant Editor of the Mysore Economic Journal.

The appointment will be temporary for a period of three years and will be terminable within that period at three months' notice.

Mr. Chennakesava Iyengar will be allowed a pay of Rs. 100 per mensem.

Mr. Chennakesava Iyengar will be required to join his duties under the Secretary, Economic Conference, forthwith.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agriculture.

To—The Secretary, Economic Conference.
The Comptroller, through Branch II.
The Heads of all Departments.
The Deputy Commissioners of Districts.
The Heads of other Offices.
The Secretaries of Central Committees.

READ—

Report on the working of the Agricultural Banks in the State during the year 1913-14.

[Printed as annexure.]

NO. 2061-74—A. & I. 58-14-2, DATED BANGALORE, 19TH DECEMBER 1914.

ORDER THEREON.—Recorded.

2. The number of working institutions during the year fell from 4 to 2, *viz.*, the Bank at Palahalli in the Seringapatam Taluk and that at Hongenahalli in the Malur Taluk. These two Banks have fully paid up their dues to Government and accumulated a reserve of Rs. 8,554-7-7.

3. During the year under report, 8 institutions cleared their dues to Government. There are still 19 Banks in arrears to the extent of Rs. 58,770-5-3. As the dues are heavy in the Bangalore, Kolar and Mysore Districts, the Deputy Commissioners of these Districts are requested to take prompt steps for effecting early recoveries, in consultation with the Inspector of Agricultural Banks.

4. As regards the question of adjusting excess recoveries made from certain Banks mentioned in paragraph 5 of Government Order No. Fl. 2979-89—B. 28-13-2, dated 9th January 1914, the Inspector of Agricultural Banks points out that these excess recoveries do not represent amounts actually recovered from the members of any Bank, but really consist of the difference between the interest charged by the Government and that charged by the Bank; and that the amounts are therefore at the disposal of the Banks concerned, in accordance with Article 76 of the Articles of Association. Separate orders will issue on the reference made to Government in the matter.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector of Agricultural Banks.
The Registrar of Joint Stock Companies.
The Comptroller to Government.
The Deputy Commissioners of Districts.

Exd.—C. B.

Proceedings of the Government of His Highness the Maharaja of Mysore,

ANNEXURE

Letter No. 664—C. S., dated 6th October 1914, from M. A. Narayan Ayangar, Esq., B.A., B.L., Registrar of Co-operative Societies in Mysore and Inspector of Agricultural Banks, to C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture.

I have the honour to submit my Annual Report on the working of the Agricultural Banks in the State for the year ending 30th June 1914.

2. I held the office of Inspector of Agricultural Banks throughout the year.

3. This report is based upon the data supplied to me by the agents of the working Banks and by the District Treasury Officers.

4. The five statements which I send herewith shew the volume of business done by the working institutions and the total recoveries effected from all the Banks up to the end of the year under report.

5. *Working Banks.*—The year opened with four working Banks, *viz.*, those at Palhalli, Hongenahalli, Nanjangud and Chamrajnagar.

So long ago as 1906, the Government were dissatisfied with the working of the Chamrajnagar Bank and in their Order No. Fl. 300-2—B. 17-05-11, dated the 12th July 1906, they directed the withdrawal of the Government loan granted to this Bank and its recovery by the adoption of coercive measures. On a reconsideration of the case, however, they were pleased to keep this Order in abeyance and as a special case, to allow the Bank to revive its business. But the Bank did not shew itself worthy of this special treatment and became a defaulter to Government once again. Hence the Government were obliged in their Order No. Fl. 2979-89—B. 28-13-2, dated the 9th January 1914, to direct the liquidation of this Bank. It has in consequence stopped all further transactions.

Next, as regards the Nanjangud Bank, this institution has only a nominal existence. It has paid up its dues to the Government and when it formally resolves upon its liquidation, it will cease to count as a working Bank. The number of Banks which did any actual business was thus reduced to two at the end of the year. These are the Palhalli and the Hongenahalli Banks which after having fully paid up their dues to the Government, have accumulated a reserve of Rs. 5,019-12-8 and Rs. 3,534-10-11 respectively and are carrying on business therewith. These are the only institutions therefore which may be said to have fulfilled the intentions of the Government to a certain extent.

6. *Villages sought to be benefited*—As a consequence of the reduction in the number of working Banks, the number of villages included in the operation of the Banks was reduced from 77 to 20.

7. *Registered limit of funds.*—The total limit of the funds of the working Banks was reduced from Rs. 1,96,000 to Rs. 1,00,000. This reduction was also due to the decrease in the number of the working Banks.

8. *Funds how obtained.*—The chief source of the working capital of the working Banks was the balance of Government loan outstanding against them and amounting to Rs, 2,322. It was supplemented by local deposits attracted by the Banks to the extent of Rs. 2,227-8-8.

9. *Membership.*—The two working Banks had a membership of 79 at the beginning of the year. There was no change in this respect in the Hongenahalli Bank during the year. But there were four withdrawals in the Palhalli Bank, and no fresh admissions. The number of members was therefore reduced to 75 at the end of the year. As usual, the Brahmins and the Vokkaligars formed the bulk of the membership numbering 34 and 28 respectively.

10. *Receipts and disbursements.*—Statement No. III shows the volume of business transacted by the two Banks during the year under report. The figures shew a fall in the total volume of business, as compared with the figures of last year. The total receipts and disbursements amounted to Rs. 15,645-5-4 and Rs. 15,514-8-9 respectively. The closing balance of both the Banks was only Rs. 130-12-7.

11. *Loans to members.*—A sum of Rs. 6,285 was issued as loans to the members during the year as against Rs. 9,416-7-2. But most of the loans were really in the nature of mere renewals.

12. *Income of the Banks.*—The chief sources of the income of the Banks were, as usual, the interest and the penalty recovered from the members on the loans due by them. The total income for the year was Rs. 1,229-12-6, of which Rs. 331-1-6 was devoted to the payment of interest on deposits and Rs. 435-1-9 on establishment charges. The balance was added on to the working capital and nothing was set apart towards the reserve fund.

13. *Assets and liabilities.*—Statement No. IV indicates the financial position of the working Banks as it stood on 30th June 1914. The excess of assets over liabilities amounted to Rs. 8,554-3-7.

Education and Agriculture (Agriculture & Industries), dated 19th December 1914.

14. *Payment of interest on Government advances.*—The amount of interest paid during the year by both the working and the wound-up Banks, is given below:—

	1912-13	1913-14
	Rs a. p	Rs. a. p.
Working Banks	742 4 8	188 9 11
Wound-up Banks	4,722 14 3	2,634 11 4

15 *Repayment of instalments.*—The table given hereunder shews the total amount of loans outstanding against the Banks, both working and wound-up, the total repayments made by them till the end of the year and the balance of instalments yet remaining unadjusted:—

Instalments up to the end of	Amount due	Repayments	Balance
	Rs. a. p.	Rs. a. p.	Rs. a. p.
1912-13...	7,43,670 10 8	6,63,755 13 8	79,914 13 0
1913-14...	7,52,104 0 0	6,93,333 12 9	58,770 3 3

The amounts of principal paid into the treasuries by the working and the wound-up Banks, respectively, are given below:—

During the year		Working Banks	Wound-up Banks.
		Rs. a. p.	Rs. a. p.
Principal	(1912-13	7,597 0 0	27,098 4 7
	(1913-14	5,000 0 0	34,115 7 8

16. From the above it will be seen that the collection work has, on the whole been satisfactory. A brief review of the work done in each district in this direction is given below.

17. In the Bangalore District, the Banks at Attibele and Bidarguppe paid the loan in full during the year. The small balance of Rs. 107 outstanding against the Tavarekere Bank since 1911-12, yet remains uncollected. There were no recoveries from the Banks at Closepet, Ardeshalli and Vadigenahalli. The last two Banks are in arrears of Rs. 6,902 and Rs. 6,433-4-3 respectively. These have been outstanding for the last four years and it is a matter for regret that the taluk authorities concerned are lethargic in the matter. The remaining seven Banks have completely repaid the Government loan. Of the four Banks situate in the Kolar District, it has already been reported that the Hongenahalli Bank has paid off the Government loan. It is very satisfactory to note that so much as Rs. 6,081-7-1 was recovered from the Bank at Thippenahalli. But there was still a small balance of Rs. 112-8-11 left outstanding against the Bank. It is hoped that the Amildar will recover this, during the current year and will finally close the account of the Bank with the Government. The remaining two Banks at Subbanahalli and Mudavatti are still in large arrears and it behoves the Amildars concerned to effect an early recovery. Of the eleven Banks existing in the Tumkur District, all have repaid the loan excepting the Bank at Rampura against which a balance of Rs. 517-0-7 has been outstanding for the last two years and which the Deputy Amildar of the Koratagere Sub-Taluk has failed to recover. The long standing balance of Rs. 13-12-0 due by the Bank at Churchgundi in the Shimoga District was recovered during the year and its account with the Government finally closed. The sum of Rs. 314 due by the Honnali Bank was also paid. Out of the balance of Rs. 950 due by the Bank at Siralkoppa, a sum of Rs. 863 was recovered, leaving a balance of Rs. 87 outstanding against it at the end of the year. The small balances due by the Banks at Solur and Haromuchadi (Rs. 2 each) were not recovered. It is hoped that their accounts with the Government will finally be closed during the current year. It will be seen, therefore, that out of the eighteen Banks situate in the District, as many as 15 have discharged the Government dues in full. The French Rocks Agricultural Bank in the Mysore District is still in

arrears of Rs. 2,760 which has been outstanding since 1911-12. This was not recovered during the year. A sum of Rs. 713-5-5 is still due to Government from the Sargur Bank after deducting the sum of Rs 1,560-6-0 recovered from the Bank during the year The Chamrajnagar Bank has the largest arrears, *viz*., Rs 10,342 outstanding against it, so also Satnur, Rs. 7,785-10-8. It is very necessary that the Amildars concerned should bestir themselves and collect the arrears promptly Of the ten Banks in this district only four have paid the Government loan in full All the three Banks of the Chitaldrug District have fully discharged their obligations to the Government The two Banks of the Kadur District are slowly paying off the Government loan. They enjoy special privileges and call for no remarks.

18. It will be seen, therefore, that out of the fifty-nine Banks in the State, as many as 40 have completely paid off the Government loan and it is hoped that with energetic efforts on the part of Taluk authorities, the accounts of the remaining Banks also will be closed during the current year The names of the paid-up Banks are noted in the margin. A portion of the surplus amounts of these Banks has also been recovered which has been noted in the "Remarks" column of statement No V The question of the utilisation of these surplus amounts still remains to be solved. The Circular issued by me in June 1911 in this behalf to all the paid-up Banks referred to in my last year's report has had very little effect. Till the beginning of the year only three Banks had taken action in the matter of the utilisation of the reserve and during the year one more Bank that situate at Talya in the Holalkere Taluk resolved upon utilising its surplus of about Rs 1,600 for the construction of a musafirkhana and the extension of the school building at the village. (*Vide* Government Order No. Fi. 234-7—B. 33-11-6, dated 22nd July 1914). In this connection, the attention of the Government is invited to para 5 of their Order No. Fi. 2979-89—B 28-13-2, dated 9th January 1914, *in re* the "readjustment of excess recoveries and prompt repayment of the excess amounts collected from individual members." This direction was apparently based upon the idea that recoveries had been effected in some cases in excess of what was actually due by the members to the Bank. But the surplus of Agricultural Banks really consists of the difference between the interest charged by the Government and that charged by the Bank. As such, no individual member has a right to this amount and the question of returning these amounts to him does not therefore arise. The whole of the surplus amount is in every case the property of the defunct Bank as a whole and has to be dealt with in the manner laid down in Article 76 of the Articles of Association, the fund being utilized for a public purpose approved by the members and the Government. As the Banks will not move in the matter, I have proposed in my letter No. 421—A. B. 66, dated the 22nd August 1914, addressed to the Government, the desirability of the Government itself deciding the matter finally without reference to the wishes of the members in cases where after notice they fail for six months to exercise their right of deciding on the public purpose for which their surplus may be devoted.

19. It had been mentioned in the last year's report that twenty-five Co-operative Societies had been formed in localities where Agricultural Banks had been in existence and during the year under review, five additional Societies were started, two in the Bangalore District, one in the Shimoga District and two in the Chitaldrug District. These Societies have afforded to the deserving members of the defunct Agricultural Banks, timely financial assistance, besides developing in them habits of thrift and prudence. Two hundred and fifty-two members of the Agricultural Banks have till now joined the thirty Societies mentioned above as against 177 members in the year previous.

Education and Agriculture (Agriculture & Industries), dated 19th December 1914.

The Societies accommodated the members with loans to the extent of Rs. 15,410 for paying off the debts due to the Agricultural Banks and to a further extent of Rs. 31,585 for agricultural and other purposes. The respective figures for the previous year were Rs. 17,782-9-1 and Rs. 11,598-1-6. Besides, the members have taken up 252 shares and have paid a sum of Rs. 5,294-10-0 as against a sum of Rs. 3,654-13-0 towards the share capital of the Societies. These figures indicate the amount of help which the members of the Agricultural Banks have received from the Co-operative Societies which have been formed mostly for their benefit. As co-operation spreads in all the taluks of the State, the past members of the Banks are sure to join the Societies and enjoy the facilities which the other members of the Societies ordinarily enjoy.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 2nd December 1914.

READ—

Correspondence ending with letter No. 161, dated 4th September 1914, from the Deputy Commissioner, Kadur District, recommending that the temples of Sri Anjaneya Devaru and Sri Ganapati Devaru at Kadur built and endowed by late Mr. Krishnasami Naidu and Mr. Madhure Mudaliar may be taken under Government management.

No. 1124-6—Muz. 76 05, dated Bangalore, 2nd December 1914.

ORDER THEREON.—Mr. V. P. Krishnasami Naidu (since deceased) and Mr. V. Madhure Mudaliar, two contractors, built from their private funds and occasional subscriptions two temples at an outlay of about Rs 3,000 dedicated to Sri Anjaneya Devaru and Sri Ganapati Devaru. A sum of Rs. 1,000 was deposited by them in December 1903 in the Savings Bank in the name of the Deputy Commissioner to which was added another amount of Rs. 500 in August 1906 as a permanent fund to meet the recurring expenses of the temples. These sums together with the interest that has accrued till now amount to a little over Rs. 2,000. A row of shops was also constructed on a piece of land bought for the temples and it is estimated that an annual rent of Rs. 180 will be realized therefrom. Mr. V. Madhure Mudaliar, the surviving founder of these institutions, now prays that these institutions may be taken under Government management as owing to frequent absences he is no longer in a position to attend to them and the Deputy Commissioner recommends the assumption of management, as these institutions are sufficiently endowed.

2. The Government are pleased to accept the Deputy Commissioner's recommendation and order that the temples in question be taken under Government management. The scale of expenditure proposed by the Deputy Commissioner and noted in the margin is considered suitable and is accordingly sanctioned.

	Rs.
Archak at Rs. 6 per month	... 72 per annum
Paditara and Deoparadhane	... 95
Gowri and Ganesha feast	... 25
Sweeper at Re. 1 per month	... 12
Repairs to Malige, etc.	... 36
Total	... 240

3. The Deputy Commissioner is requested to inform Mr. Madhure Mudaliar that the amount in the Savings Bank cannot be invested at the favourable rate of interest allowed for permanent charitable deposits, as under the rules the minimum prescribed for such deposits is Rs. 3,000.

READ—

Letter No. 305, dated 25th July 1913, from the Revenue Commissioner in Mysore, giving cover to letter No 592, dated 19th March 1913, of the Deputy Commissioner, Shimoga District, and recommending that Government may take a favourable view of the case and assign as a cash grant to the temple, the Khalsat assessment on certain lands originally granted as inam to Sri Ganga Visweswara Devaru at Bhimanakatte of the Tirthahalli Taluk, but since alienated and now in the possession of *bona fide* purchasers.

No. 1341-4—MUZ. 140-13 2, DATED BANGALORE, 17TH DECEMBER 1914.

ORDER THEREON.—The temple of Sri Ganga Visweswara Devaru of Bhimanakatte village in the Tirthahalli Taluk is a Muzrai institution.

2. The temple was originally endowed with land inam of 54 candies beejavari with a beriz of Rs. 68-1-2 and bearing a jodi of Rs. 13-4-0 in Buklapura village in the said taluk. During the Survey Settlement in 1878-79, these lands were divided into 7 survey numbers measuring 45 acres and 21 guntas and assessed at Rs. 147. During the Inam Settlement of 1880-81, one of the lands, Survey No. 159, was again subdivided into 2 numbers. Thus 8 survey numbers were constituted out of the inam and in the settlement which followed 4 survey numbers were confirmed as inam to the temple and the rest were brought under Khalsat as noted in the margin.

3. The Khalsat lands were entered in the name of Venkataramanachar who was the Vahivatdar of the temple, and in the Khetwar of 1882, these lands were registered in the name of Venkataramanachar, but it was by a mistake omitted to be noted that the registry was in his capacity as the Vahivatdar of the temple. On the demise of Venkataramanachar, his son transferred survey Nos. 73 and 67 to Subraya Bhatta, Archak of the temple, in November 1882, and survey Nos 37 and 41 were alienated to Annappa in April 1885. In 1899-1900 the Archak re-transferred survey No. 73 to the temple, and under Government Proceedings No. R. 2973-83, dated 9th January 1902, the Khalsat on this land was remitted. This land is now in the enjoyment of the temple as inam.

Old Survey No	Fresh No.	A	g.	Assessment. Rs.	a.	p.
Confirmed as inam.						
159 (wet)	38 (part)	1	33	4	8	0
160 do	39	8	30	21	0	0
161 garden	40	0	28	13	0	0
163 do	42	1	14	16	0	0
		12	25	54	8	0
Brought under Khalsat						
152	273	5	35	11	0	0
158	37	13	6	35	0	0
159	38 (67)	(part) 12	20	30	8	0
162	41	1	15	16	0	0
		32	36	92	8	0

4. The remaining Survey Nos. 67, 37 and 41 after passing through several hands were finally acquired by Javali Manjappa in 1897-98. The Archak Seethaiama Bhatta, a son of Subraya Bhatta, now prays that these numbers may be restored to the temple as inam.

5. The Deputy Commissioner considers that the alienation was primarily due to an omission in the Khetwar of 1882 which showed that the lands were in the personal occupancy of Venkataramanachar and is of opinion that as the lands themselves cannot be resumed and restored to the temple, the latter may be given the benefit of the assessment accruing from these lands. The Revenue Commissioner supports the recommendation.

Muzrai, dated 17th December 1914.

6. Government concur in the above view and are accordingly pleased to sanction a cash grant equal to the assessment on survey Nos. 37, 41 and 67, *viz.*, Rs. 81-8-0 for the benefit of Sri Ganga Visveswara Devaru temple at Bhimanakatte. The above sum will be included in the annual Muzrai Budget and disbursed to the temple.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Proceedings No. 2373—M. F. 301-12-2, dated the 10th June 1913, permitting the reconstruction of the Kannika Parameswari temple at Closepet, subject to certain conditions.

Petition dated the 10th February 1914, from Dowlath Subraya Setti and other representatives of the Vaisya community of Closepet, praying for a review of the Order read above.

Petition dated the 28th March 1914, received from Desada Yajaman Naranappa, Setti Yadurappa and other Lingayets of Closepet, praying that the Vaisyas should build the temple under the conditions laid down by Government in the Order read above, or should not be permitted to construct it at all.

Correspondence ending with letter No. 600, dated the 3rd February 1914, from the Deputy Commissioner, Bangalore District, submitting for the Orders of Government, the petition from the Vaisyas praying for a reconsideration of the Government Order and stating that after personal inspection and consultation he is of opinion that the objection raised to the temple facing the main road on the east is not well founded.

No. 1327-8—Muz. 417-13-6, DATED BANGALORE, 17TH DECEMBER 1914.

ORDER THEREON.—In the order read above, the construction of the Kannika Parameswari temple at Closepet was permitted subject to the following conditions:—

(1) A lane 8 feet wide should be provided towards the north of the site as an approach from the main road, and the temple should face the north and open into this lane.

(2) No door-way should be opened on the main road.

(3) The privilege of stoppage of music on any occasion near the temple when processions of any other classes of people pass through the high road should not be claimed by the Vaisyas.

(4) No processions should be carried out by the Vaisyas except in strict accord with mamul.

(5) A stone slab inscribed with the purport of these conditions in English and Kannada should be put up at the cost of the Vaisyas in a conspicuous place that may be pointed out by the Deputy Commissioner.

2. The Vaisyas now pray for a reconsideration of this order on the grounds that—

(i) the temple is not a new institution and that the old buildings which are now proposed to be reconstructed actually faced east;

(ii) that the objection of the Lingayets is not against the temple facing east;

(iii) that the Vaisyas do not intend to put forward any claim to privileges contrary to mamul; and,

(iv) that the putting up of a stone slab proclaiming the conditions is humiliating to the community.

3. On the other hand, the Lingayets contend that though the Order read above has permitted the Vaisyas to build the temple in the Desadapet in which there are more than 2,000 houses belonging to the Lingayet community, while there are hardly 25 houses of the Vaisyas, the latter are agitating for a reconsideration of the order with a view to hurt their religious feelings leading to a disturbance of the public peace, pray that if the Vaisyas are not willing to build their temple under the conditions imposed in the Order of Government, they may not be allowed to build it at all in the streets of the Desadapet people.

Muzrai, dated 17th December 1914.

4. The Deputy Commissioner, Bangalore District, in submitting for the orders of Government, the petition of the Vaisyas praying for a reconsideration of the order, states that after personal inspection of the site, he is of opinion that the objection to face the temple to the east is unfounded.

5. Government observe that the site on which it is proposed to build the Kannika Parameswari temple faces the main road on the east and has houses on both sides of it, and that before the buildings on it fell into decay there was or could have been no lane whatever. There is further ample evidence that these buildings were being used as places of worship and " Bhajane Mane " though perhaps originally they were private dwelling houses.

6. Government therefore consider that conditions Nos. 1 and 2 regarding a lane to be provided to the north of the site so that the temple may open into it, and prohibiting the opening of a door way to the east on the main road, are unnecessary and somewhat humiliating. In the case especially of a habitually peaceful community, like the Vaisyas, Government see no harm in allowing the temple to face the main road and open into it.

7. Conditions Nos. 3 and 4 prohibiting the Vaisyas from claiming the stoppage of music and from carrying on processions in a manner contrary to mamul, are always understood to exist according to general law as they are merely a negation of special privileges; and as the chief men of the community have given an undertaking in writing to that effect, Government consider that assurance sufficient, and are accordingly pleased to direct that there is no necessity for a stone inscription being put up on the temple embodying these two conditions.

8. Government are accordingly pleased to modify their order of the 10th June 1913, and to grant the Vaisyas permission to build their temple on the site in question with full liberty to have an entrance facing to the east and opening on the main road. It should be clearly understood that the Vaisya community will have no right to interfere with processions and music passing before the temple and that they should at no time claim any privileges contrary to mamul on behalf of their deity. The Deputy Commissioner is requested to have a proper muchalike executed by all the leading men of the community binding themselves to these terms.

Proceedings of the Government of His Highness the Maharaja of Mysore, Public Works, dated 14th December 1914.

READ—

1. Letter No. 4636—B. dated the 19th March 1914, from the Comptroller, Public Works Branch, forwarding a manuscript copy of the Capital and Revenue Accounts of Government buildings let or available for rent as residences for the year 1912-13.

2. No. 114, dated the 4th July 1914, from the same officer, forwarding printed copies of same.

No. 2212-23—11661-72, DATED BANGALORE, 14TH DECEMBER 1914.

ORDER THEREON.—Recorded.

2. It was pointed out in para 4 of Government Order No. 230-41—1259-70, dated the 5th February 1914, that Executive Engineers are not at liberty to transfer buildings from one class to another without the sanction of Government. The explanation of the Executive Engineer, Bangalore Division, should be called for as to why, in spite of this order, he transferred the Gauja Store rooms at Bangalore from Class I to Class II without obtaining Government orders on the subject. The Superintending Engineer, Southern Circle, will report as to what difference there is between this building and the Distillery buildings in the matter of classification. Neither of them are residential buildings technically.

3. The Superintending Engineers should look into the matter of allowance for repairs and see that stricter scrutiny is exercised and estimates for repairs are reduced with a view to limit the cost to the percentages fixed.

Offg. Secy. to Govt., Gen. & Rev. Depts.

FINANCIAL

SECTION 1—GENERAL FINANCE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1914.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 2331 ...	1	Comptroller ...	Requests that provision for land improvement loans and loans for industrial purposes may, in future ways and means estimate, be shown separately, as some inconvenience is felt by their being clubbed together as one item therein.
2	Fl 2349-97—10-14 ...	2	Heads of Departments	Invites special attention to Notification No. G. 5030—G. M. 141-14-440, dated 18th November 1914, republishing in the *Mysore Gazette* of 19th November 1914, Government of India Notification No. 419 W., dated 31st October 1914, containing the Royal Proclamations prohibiting certain transactions with the enemy and for the benefit of the enemy and directs the omission of certain German firms in the appendix to Government Order dated 23rd December 1913 laying down rules for the purchase of stores required by Government offices.
3	Fl 2401—43-14-4 ...	2	Compiler, *Mysore Gazette*	Notifies the extension by one week of the privilege leave for one month granted to Mr. N. Krishnasami Rao, B.A., B.L., Assistant Comptroller.
4	Fl 2435—9-14-21 ..	3	I.-G. of Police ...	Declines to grant a house building advance to Subba Rao, 1st Class Dafadar, District Reserve Police, Mysore, on the ground that he is fifty-two years old and that the advance, if sanctioned, cannot be fully recovered before he retires in the ordinary course.
5	Fl 2439-41—9-14-28 ..	3	Comptr., Dy. Comr., Bangalore, and Offg. Secy. to Govt., Genl. and Rev. Depts.	Sanctions the grant of an advance of one year's pay to Mr. T. Krishna Rao, Clerk, General and Revenue Secretariat, for building a house in the Basavangudi extension, Bangalore City.
6	Fl 2443-5—9-14-16 ...	3	Comptr. and Dy. Comrs. of Mysore and Shimoga	Sanctions the grant of an advance of one year's pay to Mr. A. Krishnasami Rao, District Sheristadar, Mysore, for building a house in the Durgigudi extension, Shimoga District.
7	Fl 2462—67-14-2 ...	4	Messrs. J B. Ross & Co., Merchants and Importers, F/4, Clive Buildings, Calcutta	With reference to their application for a loan of ten lakhs of rupees on the Tagore Raj estates, states that circumstances have changed since the last communication to them, dated 30th June 1914 made by the Financial Secretary and that this State is not desirous now to make such investment.
8	Fl 2468—16-14-38 ...	5	Offg. Secy. to Govt., P. W. D.	With reference to the application of Mr. S. H. Lakshminarasappa, Assistant Engineer, for an advance of four months' pay to meet the cost of a motor car purchased by him in 1913, states, that under the rules in force, the advance is inadmissible for recouping the cost of a machine purchased several months ago.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
9	Fl 2697—70-14-2 ...	8	Compiler, *Mysore Gazette*	Sanctions the grant of privilege leave of absence for fifteen days with effect from 9th December 1914, to Mr. A. Appavu Mudaliar, Assistant Examiner, Public Works and Railway accounts, with permission to avail himself of the Christmas holidays, Mr. S. Ramaswami Iyengar, 1st grade Accountant being in charge of his duties during his absence.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
10	Fl 2717-9—71-14-2 ...	12	Conservator of Forests, Comptr. and Chief Engineer	Sanctions the transfer from the Forest to the Public Works Department budget of a sum of Rs. 448 on account of the probable cost of repairs to the Sandal Koti building at Bangalore.
11	Fl 2720—64-14-2 ...	12	Comptroller ...	Approves, under the circumstances stated, of the appointment of B. G. S. Ramanujiengar, Accountant, as acting Treasurer of the State Huzur Treasury from the 13th November 1914, until relieved by Mr. B. V. Krishniengar.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
12	Fl 2648 ...	10	Comptroller ...	Permits Mr. S. Shamanna, B.A., Assistant Comptroller, to go to Bombay for a period of twelve days during December 1914 to examine the accounts of the Mysore Spinning and Manufacturing Company for the year 1913-14.
13	Fl 2792—72-14-2 ...	17	Chief Comdt., Mysore State Troops	With reference to his enquiry as to the mode of preparation of pay bills of the Imperial Service Regiment, observes that they may now be prepared for only the men in the Depot, postponing the preparation of those for those at the front till definite information is received from the Commanding Officer, and that Government will, on the application of the Chief Commandant, sanction an advance to cover reasonable payments to the families of the men in the field as intimated by them, no special arrangements being necessary for making payments in their cases.
14	Fl 2798—66-14-2 ...	17	Compiler, *Mysore Gazette*	Notifies the grant of privilege leave of absence for six weeks from the 11th January 1915 to Dewan Bahadur Mr. J. S. Chakravarti, M.A., F.R.A.S., Comptroller and Financial Secretary to Government, and the appointment of :— (1) Mr. M. N. Krishna Rao, B.A., Deputy Comptroller to act for him. (2) Mr. T. Satyaraj Chetty, B.A., Assistant Comptroller to act as Deputy Comptroller *vice* Mr. M. N. Krishna Rao, and (3) Mr. M. A. Rangachar, B.A., to act as Assistant Comptroller *vice* Mr. T. Satyaraj Chetty.
15	Fl 2799—66-14-3 ...	17	Comptroller ...	Sanctions the deputation for ten days of Mr. J. S. Chakravarti, M.A., F.R.A.S., exclusive of the period of privilege leave granted to him, to visit Madras, Bombay and Delhi for obtaining first hand information on the state of the money and security markets and other financial matters and directs that his travelling expenses for the journeys performed in this connection except for those from Bangalore to Calcutta and back be borne by Government.
16	Pol 575 ...	17	First Asst. to the Hon'ble the Resident	With reference to his enquiry regarding the probable amount of Mysore Government Securities held in British India and its distribution over the districts, states that the information in question is not available, as, under the present arrangements, the holders of securities outside the State have to draw interest in the State.
17	Fl 2814-6—9-14-42 ...	21	Comptr., Dy. Comr., Bangalore and Excise Comr.	Sanctions the grant of an advance of one year's pay to M. Subramanyam, Clerk, Excise Commissioner's office, for building a house in the Basavangudi extension, Bangalore City.
18	Fl 2830-1—15-16-6 ...	22	Secy., for Railways and Comptr., P. W. and Railways	Approves of the proposal of the Comptroller, Public Works and Railways, to depute Mr. V. C. Murugesa Mudaliar, Superintendent of the Open Line Section, to Madras for auditing the accounts of the Mysore State Railways under the new arrangement.
19	Fl 2833—62-14-2 ...	23	Comptroller ...	In the matter of the intimation of Colonel J. Desaraj Urs expressing his wish to draw only the usual batta and allowance from the date of his leaving Bangalore—13th October 1914, requests the Comptroller to admit bills in respect of extra allowance claimed by him up to a limit of 50 per cent of his pay in lieu of Field Service Allowance.

SECTION 5—POLICE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1914.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	J 1604—Police 92 14-2	2	The Compiler, *Mysore Gazette*.	In exercise of the powers conferred by section 22 of the Mysore Arms Regulation, VI of 1890, notifies the cancellation of the Notification No. J. 1782—Police Mis. 65, dated the 26th December 1905, para 1 (5), in so far as it relates to subjects of the Ottoman Government and of all licenses already granted to such persons under that Regulation.
2	J 1605-13—Police 92-14-2	2	The Inspector-General of Police in Mysore, and the District Magistrates of Districts.	Forwards copies of the above.
3	J 1614-22—Police 92-11-3	2	The Inspector-General of Police in Mysore, and the District Magistrates of Districts.	Notifies that:— (1) Under section 21 of the Mysore Arms Regulation, VI of 1890, the Government of His Highness the Maharaja of Mysore, direct that any arms, ammunition or Military Stores found in the possession of any subject of the Ottoman Government be seized and detained until further orders. (2) That all dealers in arms should be warned against selling to such persons the articles above mentioned. (3) That officers whose duty it is to give effect to these orders should take special care that unlicensed arms are not held by such persons.
4	J 1626-8—Police 60 13-6	2	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government, and the Excise Commissioner in Mysore.	Regrets that Government do not see their way to sanction the Inspector-General's proposals to grant bonuses to the Police Superintendents and Assistant Superintendents for expenses incurred by them for uniforms on the occasion of the Viceregal visit and free uniforms to Police Inspectors and declines to grant the request of Mr. M. P. Viswanatha Rao, District Excise Officer, Shimoga, to refund the cost of certain articles of Police uniform supplied to him while he was a Superintendent of Police.
5	Pol. 524—Police 113-13-19	2	The First Asst. to the Hon'ble the Resident in Mysore.	States that the scale of the Police establishment sanctioned by the Durbar for the Kolar Gold Field Branch Railway line is the same as that mentioned by the Civil and Military Station, Bangalore, prior to the retrocession of the jurisdiction over the line except for the addition of a Sub-Inspector and points out that the extra cost on this account should be taken into consideration inasmuch as the work of the supervising staff formerly employed on the line is now restricted to the Bowringpet Station.
6	J 1646—Police 63-14-2 ...	3	Compiler, *Mysore Gazette*	Notifies that Mr. C. Devaraj Urs, Superintendent of Police, Kolar District, is granted privilege leave of absence for 3 months with

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
				effect from the date from which he may avail himself of the same and that Mr. Simon Reuben B.A., Amildar, Malur Taluk, is appointed to act as Assistant Commissioner, V Class, Schedule B, and posted as Superintendent of Police, Kolar District, during the absence of Mr Devaraj Urs, or until further orders.
7	J 1641– Police 63-14-2 ...	3	The Inspector-General of Police in Mysore.	Forwards a copy of the above.
8	J 1645—Police 87-14-2 ...	3	The District Magistrate, Hassan District.	Sanctions the grant of a license to Mr. B. K. Krishniengar, coffee planter, Kogade Estate, Belur Taluk, to possess a breech-loading rifle.
9	J 1650—Police 104-14-1...	4	The Chief Engineer in Mysore.	Referring to the site opposite to the Police Station in Fort, Bangalore, acquired by the Government for the construction of Central Police Station and the office of the Superintendent of Police, Bangalore District, directs that the sites acquired on behalf of Government should not be left in an uncared-for condition.
10	J 1660—Police 252-13-2...	4	The Inspector-General of Police in Mysore.	Records his report regarding the misappropriation of money by one Kaliah, writer constable, Tumkur Taluk.
11	J 1661-2—Police 250-13-2.	4	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government.	Sanctions the payment of the increased subscription (from Rs. 15 to Rs. 20 per annum) to the "International Police Service Magazine."
12	J 1663-4—Police 190-13-4.	4	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government.	Sanctions the purchase of an almirah at a cost of Rs. 35 for the use of the Bangalore District Police Office.
13	J 1665—Police 45-14-2 ...	4	The Inspector-General of Police in Mysore.	Declines to sanction the expenditure of Rs. 4-8-0, incurred by the Superintendent of Police, Bangalore District, for getting D.O. letters and envelopes printed, as the expenditure is opposed to the Standing Orders.
14	J 1669-70—Police 80-14-2.	4	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government.	Sanctions the purchase of a copy of "King's Regulations" for 1912, at a cost of Re. 1-5-0, for the use of the office of the Inspector-General of Police.
15	J 1724-5—Police 253-13-2.	5	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government, through Branch II.	Sanctions the request of the Inspector-General of Police, that Sub-Inspector D. Rama Rao, who had been placed on special duty in connection with the Viceregal visit, may be treated as supernumerary, for two months.
16	J 1726-7—Police 88-14-2.	5	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government.	Sanctions the grant of rewards amounting to Rs. 180 to certain Police Officers and other persons who rendered valuable services in tracing and securing the conviction of the offenders concerned in the Santegudda torch light dacoity case.
17	J 1747-8—Police 20-14-3.	7	The Inspector-General of Police in Mysore, and the Comptroller through the Financial Department.	Sanctions the entertainment of 4 constables 2 on Rs. 9 each and 2 on Rs. 8 each a month, for escorting treasure to and guarding the Public Works Treasury at Akkihebbal, where a new Public Works Division has been formed, the cost being debited to the Police Department and met by reappropriation from sanctioned allotment.
18	Pol 534—Police ...	7	The First Asst. to the Hon'ble the Resident in Mysore.	Informs him that Mr. E. C. Kent of Jaccancoodigay, Hirebellaloo, purchased a rifle on 1st September 1914, from the Army and Navy Stores, Bombay, that he is lawfully entitled to possess it and that it is still in his possession.
19	Pol. 535—Police 86-14-2...	7	Do ...	Forwards, duly verified, two statements showing the cost of Police force employed on the Kolar Gold Fields Section of the Mysore State Railway, one for the month of March, and the

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
				other for the quarter ending 30th June 1914, and states that the contributions recoverable from the Madras and Southern Mahratta Railway Company, computed at 7-10 ths. of the cost, amount to Rs. 75-4-0, and Rs. 507-3-10, respectively.
20	J 1758—Police 95-14-1 ...	8	The Deputy Commissioner, Bangalore.	States that it is unnecessary to adopt the system of tattooing persons convicted of offences relating to property after the fourth time.
21	J 1762—Police 245-13-2...	8	The Inspector-General of Police in Mysore.	Observes that there are not sufficient reasons given, for justifying the detention of Jamadar Madhava Vittal, for a month, in the Chief Office and states that there is no ground for paying the acting allowance and horse allowance during the period, if the detention was due to the investigation of any irregularities, on the part of the official.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
22	J 1775-6—Police 96-14-2	9	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government	Sanctions the grant of privilege leave for 14 days from 16th November 1914, to Mr. Mohamed Taqui Khan, Second Class Police Inspector, Channaravapatna Taluk.
23	J 1777—Police 99-14-2 ...	9	The Inspector-General of Police in Mysore	Records his letter stating that, with reference to Government Proceedings No. J. 2642-3—Police 159-13-2, dated 12th March 1914, sanctioning the prosecution of certain parties concerned in an infant marriage that took place at Kuradigere in the Turuvekere Taluk, the following persons were sentenced to pay a fine, noted against their names :— Rs. (1) Boriah, father of the bride ... 30 (2) Boriah, father of the bridegroom 20 (3) Rama Jois, Purohit ... 15
24	J 1796-8—Police 67-14-3	12	The Senior Surgeon with the Government of Mysore, and the Inspector-General of Police in Mysore and the Comptroller, Mysore Government	Sanctions the disbursement of the allowance due to Mr. S. Narayana Rao, Assistant Surgeon, on duty with the Imperial Service Regiment for lecturing on ambulance to the students of the Police Training School, from the 5th December 1913 and the appointment of Mr. V. Muthuswamy Doss, in place of Mr. Narayana Rao, to complete the course of lectures begun by Mr. S. Narayana Rao who went away with the Imperial Service Regiment on 13th October 1914, and approves of the Senior Surgeon's proposal to appoint, in future, the Assistant Surgeon undergoing post graduate training in the Victoria Hospital, as Ambulance Lecturer.
25	J 1812—Police 108-14-2...	14	The Inspector-General of Police in Mysore	Records his letter forwarding the gradation list of Police Inspectors corrected up to 1st July 1914.
26	J 1838-9—Police 110-14-2	14	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government	Accords sanction to an advance of Rs. 600 being placed at the disposal of the Superintendent of Police, Chitaldrug District, for the use of the Police officers and men deputed for special duty in connection with the ensuing tour of His Highness the Maharaja in that district.
27	J 1864-5—Police 222-13-7	16	The Inspector-General of Police in Mysore, and the Comptroller, Mysore Government	Sanctions the retirement of certain superannuated Jamadars and Dafadars of the Police Department, and grants an extension of one year to each of the following persons :— (1) Seetharamiah, Dafadar, Dodballapur. (2) Rasod Khan, Dafadar, Bangalore. (3) Suryanaranappa, Jamadar, Bagepalli.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
28	J 1869—Police 56-14-2 ...	17	The Inspector-General of Police in Mysore.	Regarding the reservation of the present Silledar lines at Mysore for the Mysore City Police, states there is no immediate likelihood of the lines in question being vacated and that the proposal may be renewed when lines are constructed for all squadrons of the Silledar force.
29	Pol. 581—Police ...	17	The First Assistant to the Hon'ble the Resident in Mysore.	Informs him that Mr. A. B. Boyd, residing at Santaveri, purchased the rifle in question for his private use, that he has it still in his possession, and that he is lawfully entitled to possess it.
30	J 1887—Police 102-14-2...	19	The Compiler, *Mysore Gazette*.	Notifies that Mr. Mohamed Jaffar Mekri, Assistant Superintendent of Police, Mysore City, is granted privilege leave of absence for six weeks in continuation of the Christmas holidays and that, during the above period, Mr. C. Narayana Rao, Superintendent of Police, Mysore District, will be in charge of Mr. Mekri's duties, in addition to his own.
31	J 1888—Police 102-14-2...	19	The Inspector-General of Police in Mysore.	Forwards a copy of the above.
32	J 1892-3—Police 112-14-2	21	The Inspector-General of Police in Mysore and the Comptroller to Government.	Records the statement from the Inspector-General of Police, showing the amount of rewards (Rs 220) granted by him during the quarter ending the 30th June 1914.
33	J 1905-6—Police 111-14-2	22	The Inspector-General of Police in Mysore and the Comptroller to Government.	Sanctions a bill from the Comptroller, for Rs. 14-13-2, being the arrears of pay due to Police Sub-Inspector, D. Mohamed Beig, for twelve days in November 1910.
34	J 1907-8—Police 105-14-2	22	The Inspector-General of Police in Mysore and the Comptroller to Mysore Government.	Sanctions the purchase of a copy of "Morris' guide to Bangalore," at a cost of Rs. 4 for the use of the Inspector-General of Police, when in Camp.
35	J 1909-17—Police 1-13-4...	22	The Inspector-General of Police in Mysore and the District Magistrates of Districts.	Records the Report on the working of the Mysore Arms Regulation and the rules framed thereunder, for the calendar year 1913.
36	J 1925—Police ...	22	The District Magistrate, of Chitaldrug District.	Informs him that no annual report is necessary on the working of the Prevention of Juvenile Smoking Regulation.
37	J 1919—Police 196-14-4...	22	The Inspector-General of Police in Mysore.	With reference to the proposals of the Inspector-General of Police for the separation of the Police Assistant Commissioners from the general line, and their formation into a separate cadre, states that: (1) the proposed change will not be in furtherance of the interests of either the department or its officers; (2) that the evils complained of by the Inspector-General of Police can be largely overcome by avoiding frequent transfers of Assistant Commissioner to and from the Police Department; (3) that, as a general rule, officers posted to the Police Department should not, in future, be taken away without a continuous service of five years therein, while officers who show special aptitude for police work should be kept on in the Department until at least they become Senior Assistant Commissioners.
38	J 1931-2—Police 75-13-12	23	The Inspector-General of Police in Mysore and the Comptroller to Government through Financial Department.	Sanctions the temporary excess in the scale of Assistant Commissioners due to the appointment of Mr. R. Shama Rao, as acting Assistant Commissioner and directs that Mr. S. Reuben be considered as an Assistant Commissioner from the 10th October 1913.

OFFICE OF THE SECRETARY FOR RAILWAYS,
Bangalore, 31st December 1914.

E. A. S. BELL,
Secy. to Govt. for Railways.

GEOLOGICAL

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1914

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	1008 ...	1	Comptroller ...	Sanctions the payment to Messrs. Edward Riley and Harbord of London of £ 52-10-0, being the fee for reporting on the possibilities of a Ferro-manganese Industry in Mysore and directs that the charge may be met from the provision under fees for expert opinion in the Geological Budget of 1914-15.
2	1009 ...	1	Dy. Comr., Kadur ...	Enquires whether the pits near Kemmangundi Bungalow reported to have been sunk by Mr. A. Ghose under his prospecting licenses Nos. 391 to 396 are really dangerous and require to be filled up or fenced or whether they may not be left as they are for guidance when operations are to be resumed in that area.
3	1022 ...	3	Mysore Trading Co. Ltd., Bangalore City	With reference to their applications for concessions to quarry, cut and remove building stones in Mysore, calls for information as to the particular quarries which they wish to obtain concession for, the nature of the stones to be worked and the amount they are prepared to spend on machinery, etc.
4	1032 ...	3	A. Ghose, Esq., Gooty	Calls for a report in regard to the work done and analyses of samples taken by him under his prospecting licenses Nos. 391 to 396 together with a sketch showing the position and dimensions of the nine pits reported by the Deputy Commissioner, Kadur District, to have been sunk near Kemmangundi and states that if no analyses have been made of the samples taken, portions of the various samples may be sent with notes as to the locality they were taken from, etc.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
5	1072 ...	10	Dy. Comr., Kolar ...	Forwards for information a copy of letter dated 28th November 1914, from Mr. G. S. Kumble, holder of prospecting license No. 390, stating that the excavations on the block were not made by him and invites his attention to his letter No. 99, dated 22nd September 1914, in respect of the excavations on the same block when it was held by Mr. Muthavalli Mahomed Sab, under prospecting license No. 300 and calls for a final report in respect of the claims against Mr. Kumble under prospecting license No. 390.
6	1183 ...	12	Supt., Mysore Gold Mining Company, Marikuppam	Informs him that the Government will be pleased to grant him a mining lease for gold over the area comprised in prospecting license No. 369, that the form of lease to be granted will be identical with that issued under the Rules of 1910 save in regard to royalty which will be 5 per cent on the net sale proceeds of the gold obtained and 2½ per cent upon the dividends declared by the company as in the other leases held by the company and requests to be informed if he agrees to these proposals.
7	1185 ...	12	Secy., Kolar Gold Field Mining Board	Acknowledges with thanks his letter of the 3rd December 1914 regarding facilities to visitors to mines who are guests of the Durbar or who are introduced by Government and observes that timely intimation of such visits will be given to the mines as far as possible and requests that copies of rules framed for other visitors may be forwarded to Government for information.
8	1195-97 ...	15	Secys., Mysore, Nandydrug and Ooregum Gold Mining Companies	Points out the delay on their part in the payment to Government of the royalty due on their declared dividends for the four months ending 30th April 1914, invites attention to the provisions of their mining leases regarding the time of such payments and requests prompt compliance therewith in future.
9	1200 ...	15	W. W. Coen, Esq., Hubli	Requests him to take necessary steps to have the excavations made by him on the prospecting blocks Nos. 375 and 376 filled up or fenced to the satisfaction of the Deputy Commissioner, Chitaldrug District, and enquires if he will pay to the Deputy Commissioner the sum of Rs. 37 reported to be due by him on account of cart and house taxes or whether it may be adjusted out of the deposits held in respect of the licenses.
10	1201 ...	15	Dy. Comr., Chitaldrug ...	Requests to be furnished with his opinion as to whether the excavations made on blocks held by Mr. Coen under prospecting licenses Nos. 375 and 376 require to be filled up or fenced on the score of danger to men or cattle.
11	1204 ...	16	Muthavalli Mohamed Sab, Esq., Bowringpet	Informs him that it is reported by the Deputy Commissioner of Kolar that a sum of Rs. 87-9-0 is due from him to Government on certain accounts and enquires whether he will adjust the above arrears before the deposit held by Government in respect of his prospecting license No. 300 is returned to him or whether the same may be adjusted out of the deposit.
12-14	1206-8 ...	16	Messrs. C. B. Oakley, M. Sivadjian and A. Piperno and Fred Cross	Forwards duly sanctioned refund bills for the return of the deposits of Rs. 100 each held by Government in respect of their cancelled prospecting licenses Nos. 187 and 188, 390 and 226.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
15	1211 ...	17	T. Chinnasamy Iyer, Esq.	In reply to his application of the 2nd December 1914 for a further renewal of his prospecting license No. 346 on half the rent, informs him that it is not convenient to sanction renewals of prospecting licenses on less than the prescribed rates of rent and that if he desires his license to be renewed the balance of the rent due, *viz.*, Rs. 20 should be remitted to this office within a fortnight.
16-17	1217-18 ...	17	R. Vyasa Rao, Esq., Tata Iron and Steel Co., and Dy. Comr., Tumkur	Forwards a prospecting license No. 425 for iron ores granted to Messrs. Tata Iron and Steel Company over a block of 550 acres of land in the Gubbi Taluk.
18	1225-26 ...	18	State Geolgt, and Comptr.	Directs that the lascar Aundy of Geological Department be discharged from 1st January 1915 as being physically unfit for further service and be paid the gratuity admissible to him under the Mysore Service Regulations.
19	1227 ...	18	Lascar Aundy ...	Forwards a copy of the above for his information.
20-21	1232—1233 ...	19	First Assistant to the Hon'ble the Resident in Mysore and C. B. Benetts, Esq.	Forwards for information and kind transmission to Mr. C. B. Benetts, agent, Noble's Explosives Company a license No. 1 for the possession of certain specified explosives during the calendar year 1915.
22	1238 ...	21	First Assistant to the Hon'ble the Resident in Mysore	Forwards in compliance with his letter of 17th December 1914 a copy of the rules now in force for the grant of mineral licenses and leases in Mysore for transmission to the Political Agent, Hill Tippera.
23	1139 ...	21	Compiler, *Mysore Gazette*	Notifies certain amendments to the rules prescribed under Sections 21 and 37 of the Mysore Mines Regulation (IV of 1906) and published under Government Notification (Geo.) No. 444, dated 22nd August 1911.
24	1243 ...	21	Messrs. M. J. Rasheed and Abdus Sattar, Roshen Bagh, Bangalore	Returns duly approved the deed of transfer to the Mysore Trading Company of their prospecting license No. 419 and corundum collecting license No. 77 and states that the documents may be duly stamped and registered and a certified copy of the same together with the prospecting license be submitted to Government within one month when the sanction of Government for transfer will be endorsed on the license and returned to him and further states that the terms of collecting licenses do not admit of their transfer but that Government will grant a fresh license to the company on receipt from them of an application and on their surrendering the present license.
25	1256 ...	24	Supt., Ooregum Gold Mining Company	Forwards a license No. 1 granted for the possession of certain specified explosives during the calendar year 1915.
